Beginning with today in accordance with orders issued by the city council Chief of Police Timothy will see that the ordinance prohibiting the throwing of hand bills and similar advertising literature throughout the residence and business section is strictly enforced. This welcome reform was brought about through so many complaints having reached the councilmen of yards and walks being cluttered up with hand bills.

The local field representative of the Burroughs Adding Machine company, Mr. J. A. Calles has placed a very attractive window display in the office of the Medford Land & Insurance Agency. Better business methods resulting in bigger profits for the merchant is the slogan and judging from the list of satisfied users it is evident that Medford merchants are really progressive and not content with slow inaccurate pen-and-ink systems of book-keeping. Every business man interested in error-proof bookkeeping will do well to investigate this system and its results. 47\*

Sunday was an exceptionally light one with the hotels of the city, there being comparatively few arrivals in the city.

"Spending three days the past week driving over the roads in this vicinity a reporter of this paper found the roads in the best condition known in many years," says the Gold Hill News.

"The work completed on most of the roads shows experience and knowledge of road construction, and the Sardinia valley, under the supervision of W. L. Van Houten is getting a working that it has needed for many years. Straightening, crowning, widening and grading is making a road bed that is going to be hard to beat. The Willow Springs road near Gold Hill is completed and is now in excellent shape. Sams Valley is about as good as any unpaved road could be. The highway in this district is being graded preparatory for paving and of course is in bad shape. No mud is encountered anywhere, but the going is rough and slow."

Two workmen at the Golden Drift dam made some extra money last night when they dragged the river below the dam to recover fishing spoons and line. Their total haul was 34 spoons, many sinkers and about 2000 feet of fine fishing line in short lengths, from 100 to 300 feet. Late last night Deputy State Game Warden Bancroft received a phone message stating that parties were snagging fish at the dam. He made a trip there and found workmen snagging fish lines, having had permission from the official in charge of work on the new fishway.—Grants Pass Courier.

Considerable interest has been aroused amongst the automobile people over the attempt of a Portland doctor to break the record between Portland and San Francisco by the Buick Six coupe with a Hudson Speedster recently. Both Portland and San Francisco papers have given a lot of space to recording the effort of the Hudson which failed by a little over half an hour. Yesterday evening a Buick Six open car, bent on attempting the bettering of the Buick Coupe's record reached the Valley Garage at 5:30 having left San Francisco at 5:15 Sunday morning on the first ferry across the bay. This car was about 20 minutes ahead of the coupe's record here and continued to Portland with high hopes of being still ahead in getting there.

The much better condition of the roads at this season compared with last January would make the attempt to reduce the time comparatively easy but without dimming the exploit of the Buick coupe performance. This Buick passing last night was a privately owned car and had reached Medford with only one \$10.00 fine against it for speeding. It's hard to find a car that has the sustained speed of the Buick on the road. 47\*

**PROCLAMATION.**

**Clean Up and Paint Up!**

Come on, let's put things in order. Our whole city can and should be made as clean and orderly as its cleanest home. Then we will have a safer, happier, healthier city.

Ambition in its highest conception is to dream big dreams and make them come true. The splendid ambition to have a city clean and beautiful is soon to become a reality by the co-operation of all the people.

Therefore, by virtue of the authority vested in me as Mayor, and with the hearty approval of many far-seeing and zealous citizens, we hereby proclaim the week of May 16 to 21 as the opening week of a continuous clean-up and paint-up campaign.

Away with the rubbish piles! Banish the plague spots! Clean up streets and alleys! Cut the weeds, mow the lawns and trim the hedges! Repair and paint every building that needs it.

We need this thorough cleaning and renovation. It is the sensible thing to do—for the health, safety, thrift, pride and happiness of all our people.

It is everybody's job. Every man, woman and child will be expected to help. Let there be no slackers.

C. E. GATES, Mayor.
