GROWING DEAF WITH HEAD NOISES? TRY THIS

If you are growing hard of hearing and fear Catarrhal Deafness or if you have roaring, rumbling, hissing noises in your ears so to your druggist and get 1 ounce of Parmit (double strength), and add to it 1/2 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day. This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who is threatened with Catarrhal Deafness or who has head noises should give this prescription a trial.

WHY ASHLAND MEN INVESTED IN MONTANA OIL FIELDS

BECAUSE—The Cat Creek oil field is a WORLD WONDER. NEVER in the history of this country has such an oil field been discovered. (From Lewistown Dem. News.)

BECAUSE—in the Cat Creek oil field results are surest, opportunity greatest of anything in oil today.

BECAUSE—We were getting a location in the heart of this famous district early before the rush was on.

WE NOW HAVE ALMOST A GUARANTEED BET. See our map.

BECAUSE—Oil offers the greatest opportunity for a person of small means to get into big money. The only way he can ever expect to clean up a fortune with a few hundred dollars.

BECAUSE—We figured we could offer our friends and investors a real genuine clean-cut chance to invest in the oil game that would be on the square with the hazardous features removed.

BECAUSE—We had eminent geologists examine this property who advised purchase and development. Their judgment backed by nearby drilling results and their scientific knowledge. Our judgment is backed by personal investigation and oil men's opinion who we have 100 per cent faith in.

NOW—We leave it to your judgment if we are justified in risking our money in this venture. Will you risk a few dollars along with us and buy one, two, five or ten units, what ever you can, to assist in financing drilling operations and sharing in the results. We have six chances out of seven of striking oil under our property. If we do we have made you a nice little stake. We feel justified in asking investors to chance with us a comparatively small amount commensurate with the enormous returns that result in a successful oil venture.

WE GUARANTEE—An honest, efficient, business-like use of your money. There are no salaries to any one. No free units, no one is going to profit unless we strike oil. The funds are held by the trustees in trust in the bank until we have enough money for successful drilling operations. The legal features are directed by Attorney A. E. Reams. We guarantee the legality of our project and that your interests are amply safeguarded. Could you ask for more?

Send in your check payable to the Oregon Cat Creek Syndicate today and count yourself among those who will share in the results with us. We will give you quick action on your money and complete a well at the earliest possible date. If interested don't delay as this won't last always. Write or phone for reservations to FRED R. NEIL, Sales Agent, Ashland, Oregon. Phone 424-R.
