More than half a million dollars will be spent in the education of approximately 6000 school children in Jackson county this year, according to figures in Assessor Coleman's possession. This is an expenditure of about \$30 for each child, and, while a good education is cheap at any price, it is pointed out that by decreasing the number of school districts, centralizing the schools and establishing a unit system of taxation, greater economy might be practiced with resulting improved educational facilities.

The Groceteria will pay 22c for eggs.
