

SON FOUGHT GERMANS, MOTHER FIGHTS N. Y. RENT PROFITEERS

Plucky New York Woman Refuses to Pay Increase in Rents and Fights Efforts of Landlord to Dispossess Her—Greed Is Scored.

(Written by Margery Rex for International News Service.)

NEW YORK, May 24.—When my son went to war, I told him he must fight not Germans, nor hate them, but fight and kill Greed!

"When my son returned from war I was confronted with an eight-hundred-dollar-a-year raise in rent."

This is one phase of the fight of Mrs. Leila Tinsley, of Aeolian Hall against her landlords. An increase in

an army with banners. Behind her stand in spirit that ancient forbear who signed the Declaration of Independence, that other who served as chaplain in congress during the days of Clay, Calhoun and Webster and another relative who dared to be a republican in the state of Virginia where only the brave could afford to offend by such affiliations.

Feels It Duty to Fight

"I am sacrificing a lot in this affair," said Mrs. Tinsley as she rocked in the tapestry covered chair that affords her many moments of rest during the busy day.

"It is a case of deciding whether or not my will or my Father's will shall be done. My will tells me that I am risking my business, running the chance of being called a fanatic, or possibly an unbalanced woman, and that I am apt to lose the sympathy of my loved ones.

"The will of my Father urges me to fight greed, to give up my personal interests to serve His cause.

Woman Must Cleanse Finance

"It is the time for woman to take hold in business and manifest her will. She must cleanse financial affairs today. She must lend a spiritual side to commerce.

"The men who are slaves to greed crucify our Heavenly Father. Selfishness stands in their light.

"The Aeolian company has three lawyers to help them fight me.

"I have told them it is a fight of their fear against my fearlessness."

In 1916 Mrs. Tinsley paid \$1,080 a year rental for her suite. May 1, 1919, the rent was raised to \$1200 and in November of that year Mrs. Tinsley was notified that on the coming first of May the yearly price of her rooms would be \$2000. This she paid, for one year under continued protest, but on May 2 of this year she reduced her own rent.

SUMMER DRESS

Georgette over satin—gray over flame, is the opal like coloring of this summer frock. All-over work in eyelid embroidery adds its touch of quaintness. The sash gives a dash of youthful color for it is flame colored to match the satin underslip.

PRESSING DEMAND FOR PHYSICIANS WEST VIRGINIA

MORGANTOWN, W. Va.—A pressing demand for physicians who will live and practice in rural communities is the most important problem confronting West Virginia, according to the authorities of the school of medicine of the University of West Virginia here.

Summersville, the county seat of Nicholas county, does not have a doctor, and Clay county has only one to look after the people living in its 332 square miles. In some of the other counties, many people live from 15 to 20 miles from the nearest physician, and in some of the mountain counties it has been found almost impossible to get doctors to make visits into the country districts. On the other hand, the cities of the state are very well supplied with medical men, Charleston, the capital, with a population of 39,698, having 102.

"It is not always true that the city or town doctor makes more money than the country doctor," says a statement by Dean Simpson of the school of medicine. "Country people do not object to paying good fees for medical attention. They are usually glad to get it at any price."

ARROW GOLF IS LATEST STUNT AT EASTERN COLLEGE

DURHAM, N. H.—Arrow golf, a new game, is the sport of the day at New Hampshire college. It is played with bow and arrow instead of club and ball and targets of straw sacks are used to mark what in golf would be holes. The faculty have taken to it in a body and play daily over a nine target course. Undergraduates also have adopted the game.

Over the hills and through woodlots in the vicinity of the college the arrows are sped without need to consider ground conditions that would be hazards in real golf. Yet the game has qualities that make it highly competitive, with factors of strength and skill involved to a degree that maintains interest.

Arrow golf was invented in Durham by Professor W. C. O'Kane and has been developed by him and a group of other faculty members into the game which can be enjoyed on any farm or in the vacant lot of suburbs.

SEATTLE BANKER KILLS HIMSELF

SEATTLE, May 23.—John F. Hemenway, assistant treasurer of the Traders' Union Saving and Loan association of Seattle, shot and killed himself at his home here today. He was 53 years old.

W. L. Nicely, state inspector of savings and loan associations, said this morning that he had been investigating what he said was a "possible shortage" in Mr. Hemenway's accounts. According to Mrs. Hemenway, her husband had acted queerly since yesterday morning.

H. B. Hart, manager of the insurance department of the Trades Union Savings and Loan association, said Mr. Hemenway's financial difficulties were not serious and in no way reflected on the stability of the association.

OPERA SINGERS OF NOTE A FEATURE FOR CHAUTAUQUA

The Chautauqua program for Medford, May 25 to 31, holds much of interest for the lecture, music and entertainment lovers.

Mary Adel Hays, noted New York coloratura soprano, with her own company of grand opera singers, is of particular interest. Miss Hays is easily one of the most popular singers on the chautauqua platform. She brings with her three soloists of prominence in eastern musical circles; Ruth Pearcey, contralto, Claude Schell, tenor, and John Wainman, baritone. They will present excerpts from light and grand opera as well as many ballad selections and regular concert classics.

Another splendid musical organization scheduled during the week is the Lowell Patton company, headed by the Lowell Patton company, headed by the brilliant young pianist, Luella Collette, sensational French violinist and concert artist featured by one of America's greatest phonograph companies, is a member of this group of artists. Lula Root, contralto, formerly with the Washington opera company, is the third member of this company which will present two concerts on the third day. Other musical organizations coming during the week are the Liberty Belles of Boston, the Alexander trio, and the Stone-Platt-Bragers trio, with Electra Platt, the great monologist, as a notable member.

The noted dramatic success, "The Servant in the House," presented by the Keikley New York Players, is one of the feature attractions of the week. This play by Charles Rann Kennedy is rated as one of the greatest dramas of recent years.

The lecture list looks unusually interesting this year. Among the well-known names are those of Dr. E. L. House, noted author and psychologist; Chief Strongheart, Indian lecture-entertainer, well-known "Movie" and dramatic star; E. B. Fish, editor of "Labor and Industry"; Dean Ellwood C. Perisho, formerly president of the state college of South Dakota and educational administrator of the A. E. F.; and Dr. Robert Parker Miles, noted correspondent and interviewer of celebrities.

MEMBERSHIP IN LOCAL W. C. T. U. NEAR 100 MARK

Healthy Mother Merry Children Happy Home

TO maintain a happy home the housewife must keep in good health. Her duties are many and various, and it seems as if every other member of the family depended very much on her. "Where is my hat?" cries the boy. "What did you do with my coat?" asks the daughter. "I can't find any handkerchiefs," yells the husband. The housewife is usually the advisor and general manager of the family.

Lydia E. Pinkham's Vegetable Compound helps women to maintain a happy home by keeping them in good health.

Bloomington, Ill.—"I have taken six bottles of Lydia E. Pinkham's Vegetable Compound and it has done me a wonderful sight of good. I was never very strong and female trouble kept me weak so that I had no interest for my housework. I had such a backache I could not cook a meal or clean up a room without raging with pain. I would rub my back with alcohol and it would ease for a few hours, but after I had taken three bottles of Vegetable Compound my aches began to gradually leave me. Now I am as strong and healthy as any woman and I give my thanks to Lydia E. Pinkham's Vegetable Compound for my health."—Mrs. J. A. McQUITTY, 610 W. Walnut St., Bloomington, Ill.

Dante, So. Dakota.—"I would have pains and cramps every month until I could hardly stand it and could not do my work at all at that time and often had to go to bed. I went to a physician, but he did not do me much good and said I would have to have an operation. I read about Lydia E. Pinkham's Vegetable Compound in the newspaper and thought I would give it a trial. Now I feel lots better and don't have to give up and go to bed, and can do all my work. You may use these facts as a testimonial, and I will answer with pleasure all letters I receive, and you may be sure, I will praise your wonderful medicine."—Mrs. ARTHUR J. KADE, Box 71, Dante, South Dakota.

Thousands of women owe their health to Lydia E. Pinkham's Vegetable Compound
