Ye Smudge Pot By Arthur Perry

The price of shoes has come up again, but hides are still selling at 8 cents less than nothing, Feb.

If Mrs. Stillman goes into the movies, as threatened, a very appropriate picture would be Lincoln J. Carter's famous melodrama, "No One to Guide Her."

The validity of the soldier bonus bill to be voted on June 7th is in doubt thanks to some accidental, probably on-purpose carelessness in the legislature. They could get through all kinds of fool bills without a blunder, but a worthy one, that was not popular to the point of hysteria, is incarcerated in a highly mysterious manner.

All the members of the late democratic administration, who know nothing at all about it, have finished their books on the peace conference. Even William J. Bryan takes his pen in hand, but says nothing about the high state papers he had his name affixed thereto; but knew nothing about until he saw them in the morning papers. When Mr. Bryan discovered he was a rubber stamp, he marched down the White House steps.

It looks like another hard winter in Poland, but think of the fine fighting they enjoyed all summer.

The whiskers of the ex-kaiser have wilted perceptibly at the news that a sergeant in his army, tried for a war crime, received a sentence of ten months.

"Russian lawyers" are flocking to America. What a combination of words and whiskers, mixed 50-50.

FALSE TEETH.

My new false teeth are now in place, and they fill out the sunken face that lately I have worn; as substitutes they're a success, and yet I wearily confess that man was made to mourn. There is no perfect bliss below; behind each joy there is a woe. Behind each smile a tear; my teeth are always lost, by jing, and I will get a string and tie them to my ear. I take them from their dread abode while I compose a stirring ode, to gain a poet's wreath; and then the dinner horn is blown, and I exclaim, with throbbing moon, "Where are those dad-blamed teeth?" An absent-minded gent I am; I can't remember worth a yam the things I should recall; I'm always losing fountain pens, and pins and pups and setting hens, my watch and tennis ball. But somehow I could plug away when all these things were gone astray, and many more aside; I'd get me other pins and pups and fountain pens and mustache cups, and let the lost ones slide. But I put up some fierce harangues when I have lost my priceless fangs, all shiny, white and new; until they're found I cannot eat the large and luscious joint of meat, or anything but stew. Alas, there is no perfect bliss in such a tinhorn world as this, on such a misfit sphere; my ding-donged teeth are lost again, and when they're found I'll get a chain and chain them to my ear.

LAXATIVE for Aged People

THE BANE of old age is constipation. The bowels become weak and unable to perform their functions without aid. For this purpose only the mildest and gentlest laxative should be used. The use of harsh cathartics aggravates the trouble and makes the constipation worse. Chamberlain's Tablets are a favorite with people of middle age and older on account of their gentle action.

OREGON COUPLE STATE THEY ARE FULLY CONVINCED

"It is hard to tell who thinks most of Tanlac, my wife or myself," said C. L. Johnson, a farmer living on R. F. D. No. 1, Box 72, Troutdale, Ore. "For nearly two years I had trouble with my stomach and kidneys. Gas seemed to stay on my stomach all the time, and often I felt like a deep breath would kill me. My back was weak and lame and hurt so it was all I could do to get up out of a chair. I suffered from headaches and dizziness and many a time could hardly walk a step. My sleep was all broken up at night and it took all my grit and nerve to stay on my job during the day. "But four bottles of Tanlac put me back in as fine health as I ever enjoyed in my life. My appetite has come back and what I eat agrees with me. My kidneys and back don't bother me any more and those headaches and dizzy spells have all gone. I sleep well and am putting in full time at work every day. "My wife was troubled with chronic indigestion and she suffered with sick headaches and complained of being all run down and tired out. Tanlac has done her just as much good as it has me, and now she says she is feeling better than she has in a long time. We both think the world of Tanlac and are all the time telling our friends about it." Adv.
