Only three weeks more and the Crater Lake season will be on. Preparations for the opening by Alex Sparrow, superintendent of Crater national park and the management of the new Crater Lake company which has taken over the former Parkhurst concessions are now progressing. Superintendent Sparrow left this morning for the lake with six laborers and a quantity of provisions and other supplies to open the park headquarters there. He will be back in a few days to take up more laborers, and will add gradually to their number until his staff for the season is completed.

## "Mary" at the Page Tonight

Miss Virginia Lee, premier dancer, with the "Mary" company.

The last musical comedy of the season, "Mary," will be given at the Page theatre tonight. Mr. Oshon, the actor-audience producer is presenting "Mary" solely under his own management, and has provided an excellent company of comedians and chorus associates who give life to the book and music amidst a gorgeous scenic equipment.

Mr. Harbach's book contains a story that would pass muster in the light-comedy field. It tells the story of a young man in love with a charming girl, and the efforts of this embryo business man to acquire wealth. He has an idea that is seemingly worth a fortune and which he sets out for the west to develop. His idea is a distinct failure but through it he accidentally acquires the wealth he sought. Mr. Mandel and Mr. Hirsch have written a very pretty score which contains many melodies that are of the catchy variety. Mr. Colan has selected with unusual care a cast that includes many well known players.

Rex Lampman and father, of Gold Hill, who, by the way are good newspaper men, have been in Ashland lately in an effort to organize a local stock company to start the second paper here. After interviewing a number of business men, they came to the conclusion that it would be better if they could organize a local company and buy the Tidings instead of starting another paper. We made them a price on the Tidings that would guarantee good returns to the investors.—Ashland Tidings editorial.

## Professor Budlong Puts Tanlac to Test

PROF. C. J. BUDLONG, Manchester, N. H.

"It's an actual fact, I'm in good health for the first time in thirty years and I owe my present splendid condition to Tanlac and nothing else," was the emphatic statement of Professor C. J. Budlong, well-known and highly respected citizen of Manchester, N. H., residing at 42 School street.

"Practically all my life I had had rheumatism, and when I say rheumatism I mean every word of it. It was all over my body and especially bad in my feet and legs, and there were times when I couldn't get from my bed to my chair without help. And from the time I was a boy I couldn't sit down and eat a good meal without being in misery afterwards and I would have terrible pains around my heart and frequent attacks of palpitation and dizziness.

"I had a stubborn case of constipation, was troubled awfully with blinding headaches and hardly knew what sleep was. My suffering had almost made a complete nervous wreck of me and I was so weak I wasn't worth a nickel as far as work was concerned. I thought my troubles had a lifelong grip on me and was about as discouraged as a man ever gets.

"Well, before I had finished my first bottle of Tanlac I realized it was different from anything I ever tried. It suited my case exactly. And now for almost the first time since I can remember I can eat anything I want and I have gained fifteen pounds in weight. I just feel good all over and am full of life and energy these days. Everywhere I go I talk Tanlac. It hasn't an equal!" Adv.
