FORCED TO FIGHT FOR HIS BREATH DECLARES RAFF

"I had heard a great deal about Tanlac and since trying it myself I can conscientiously say it is the best medicine I have ever seen in all my experience," said David Raff, 250 S.

DAVID RAFF
250 N. 59th St., Philadelphia, Pa.

59th St., Philadelphia, Pa., recently. Mr. Raff has lived in Philadelphia all his life and is well known and highly respected.

"My health was all broken up," he explained. "My stomach was all out of order and gave me so much trouble that I actually decided to go to the table. I would simply rather go without eating than suffer the awful misery I knew would follow. I would blot up so with gas that my heart would beat a terrific rate and it seemed sometimes I was being smothered to death. I just had to fight for my breath. My nerves were all undone. I slept poorly and was all the time having headaches that were almost blinding. I lost weight and felt so weak and run-down all over I could hardly do any work."

"Some time ago a good friend of mine told me he knew Tanlac would help me and he spoke so positive about it that I took his advice. And I can say right now that Tanlac is the first medicine I ever saw that will do exactly what they say it will. Five bottles have the same as made me all over again. I can eat anything I ever could in my life and have gained fifteen pounds in weight. I'm no more nervous than a child, sleep fine and it makes me feel happy to be enjoying such good health. Tanlac certainly is a great medicine."

It must be good

You'll like the taste of Folger's Golden Gate Coffee. It is smooth, rich and full-flavored;—and it's uniform. Every tin is the same.

This uniformly good flavor, is the result of the care we take to make it so. Care in selection, care and skill in blending and roasting explain why Folger's Golden Gate Coffee must be good.

"Different in taste from other coffee and better."

Find out for yourself how good it is. Tell your grocer you want it.
