AMERICAN POLO TEAM DEFEATS ENGLAND'S TEAM IN FIRST INTERNATIONAL MATCH BY SCORE OF ELEVEN TO FOUR

G. BRITAIN OUTCLASSED BY YANKEES

After Fourth Period U. S. Team Smothers Britishers—High Society Out in Force—King and Queen of England and King Alfonso of Spain Witness Contest.

HURLINGHAM POLO FIELD, London, June 18.—(By Associated Press.) America won the first of the polo matches for the international trophy, played here today, defeating Great Britain by the score of 11 to 4.

The Americans' team attack was a strong one and the defense stood up well throughout the match particularly in the latter part, the British team being unable to score a goal after the fourth period. The British best period was the third, Major Barrett and Lieutenant Colonel Tomkinson both scoring goals. Tomkinson also scored the two other British goals.

J. Watson Webb, No. 3, and Thomas C. Hitchcock, Jr., No. 2, did most of the scoring for the American team the former making five goals and the latter four. Devereaux Milburn, captain and back and Louis Stoddard, No. 1 each scored a goal.

After the British team had drawn close to the American four in the fourth period, at the end of which the total was 5 to 4, the American quartet, playing better than ever, began to draw ahead rapidly and with two goals each in the fifth, sixth and seventh periods ran the score up to 11 to 4, the final tally.

LONDON, June 18.—Official and social London, which for days had been keenly interested in the contest between the American and British teams, began early in the day to stream toward the field of the Hurlingham club. Additional zest was added by the fact that the royal family was to witness the thrilling battle, a special box, decked with the national colors of the two contending countries having been made ready for the entrance of King George, Queen Mary, their children, Queen Mother Alexandra, the princess royal and King Alfonso of Spain.

The weather improved as time for play approached, the sun shining through a haze.

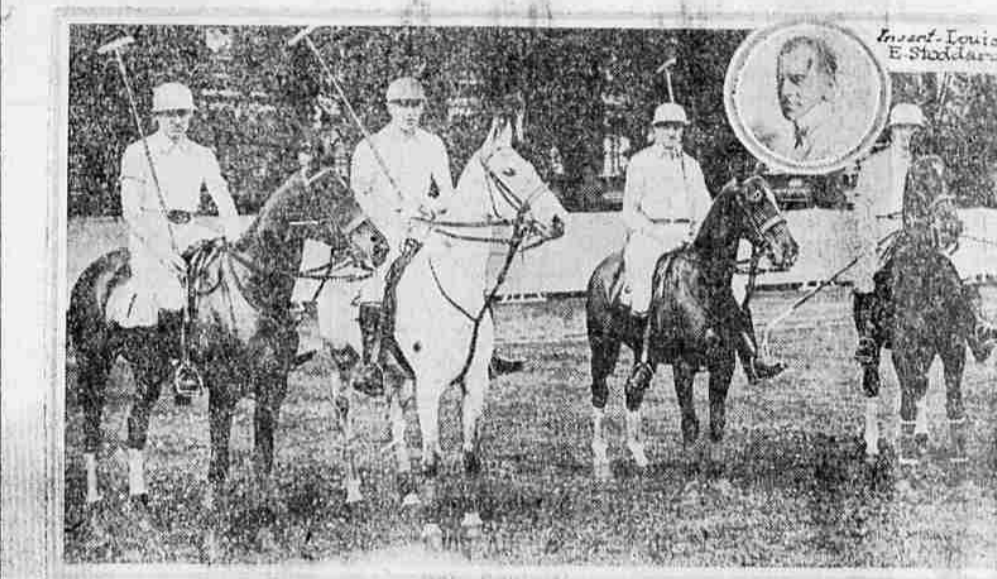

Two hours before match time the grounds were filling with a fashionable crowd for the great sporting event. The majority of the men wore silk hats and black coats while the women grouped about the field spread gaily colored parasols.

Military Bands Play
A concert by the massed bands of four regiments of the guards enlivened the waiting period. More than 200 strong, the bandsmen marched up and down the green field, a fine body, in scarlet coats and bearskin hats.

MYSTERY STILL UNSOLVED OF JVILLE SHOOTING

The mystery surrounding the shooting of R. Carpenter of Medford last Thursday at the home of Thomas Williams, one mile from Jacksonville has so far not been solved, although the county prosecutor's office and Sheriff Terrill have been hard at work on the case and it is said are following up several clues.

Carpenter's condition is still serious although hope is entertained for his recovery. County Prosecutor Moore and Assistant County Prosecutor Coding visited the wounded man at the hospital last night, but his condition was such that he could talk but little. Carpenter came to Medford in recent months from Los Angeles and is not very well known in the city.

The fact has been established that he was shot from the brush at some distance from the Williams cabin at 4 o'clock Thursday afternoon instead of at night, according to first reports. Carpenter was at the ranch to help Williams dig a well, and says he was standing by the well when an unknown man whom he did not see shot at him from the brush a short distance away and at the same time fired the shot which entered his lung.

It is claimed that the shot, which was from a small caliber rifle or revolver was fired so closely to Carpenter that his clothing was powder marked. This clothing was obtained at the hospital last night by Prosecutor Moore.

At the time of the shooting Williams was in Medford and had been all afternoon, it is said. When he returned home in the early evening, he found Carpenter suffering intensely from the wound, and at once hastened to Jacksonville to summon a physician and notify the sheriff's office.

Deputy Sheriff Glenn Terrill and Howard with Dr. Pohnitz of Medford accompanied Williams back to his cabin and carried Carpenter on a stretcher to Jacksonville from where he was taken to the hospital in Medford.

It was while investigating into the shooting that the officers found the home-made still and mash in Williams' cabin which led to his arrest on the charge of manufacturing liquor and maintaining a nuisance.

In Justice Hughes' court at Jacksonville this forenoon Williams entered a plea of not guilty to the charges, and his preliminary hearing was continued to next Tuesday at 10 a. m.

Pacification of Europe
NILES, Ohio, June 18.—President Harding's attitude in pacifying Europe has been a far greater influence than is yet realized, not by entering entangling alliances, but through holding to that strictly American plan so well expressed in the dispatches to foreign governments, Vice President Calvin Coolidge today told an audience at the unveiling of a bust of President Harding here.

The vice president pleaded for patience, pacification and harmony, under righteousness in solving the problems of reconstruction, and asked his hearers to hallow the memory of McKinley, who so greatly desired them in the past by supporting the leadership of his fellow statesman, the present chief executive "who is so effectively establishing them in the present."

Open Gates a Symbol
