Irish Send Memorial LONDON, June 22.—(By the Associated Press.)—Senators of southern Ireland have sent a memorial to Premier Lloyd George saying:

"Having been elected to serve in the senate of southern Ireland, we desire to place on record in accepting such appointment that we do so with the intention of exercising the fullest freedom of action regarding the powers to be hereafter granted the parliament and government of southern Ireland.

"We are of the opinion that the powers given under the present act are insufficient. We urge on the government that the earliest possible steps be taken to recast the act.

"We desire further to make it clear that we are ready to act in the second chamber with a lower house sitting constitutionally as representing a majority of the electors but we are not prepared to exercise our functions in connection with any body maintained by the lord lieutenant to replace the elected lower house."

BELFAST, June 22.—(By Associated Press.) "I speak from a full heart," said King George in his speech formally opening the Ulster parliament here today, "when I pray that my coming to Ireland today may prove to be the first step toward an end of strife among her people, whatever their race or creed."

"In that hope I appeal to all Irishmen to pause, to stretch out the hand of forbearance, to forgive and forget and to join in making for the land which they love, a new area of peace, contentment and good will."

"It is my earnest desire that in southern Ireland, too, there may ere long take place a parallel to what is now passing in this hall; that there a similar occasion may present itself and a similar ceremony be performed."

EGAN TURNS IN LOWEST SCORE, LEADING 7 UP

PORTLAND, Ore., June 22.—Play in the first elimination round of the championship flight in the Pacific northwest golf championship was resumed on the Waverly country club course today. Thirty-six holes were being played by the contenders.

Of principal interest this morning was the match between Russell Smith, Waverly, and Rudolph Wilhelm, Portland, both former state champions. At the end of the first 18 holes Smith was two up on Wilhelm. Both were playing beautiful golf but Wilhelm's putting was a little off at times. These players attracted the largest gallery.

H. Chandler Egan of Medford, turned in the low score for the 18 holes, registering a 68, four under par. He was seven up on Guy M. Standifer at the turn. Other scores in the championship flight at the end of the first 18 holes were as follows: Heintz Schmidt, one up on Clark Speiers. Claire Griswold, two up on Ed Neustadter. Bon Stein, seven up on John Wall. Dr. O. H. Willing, five up on A. V. Macan. George Von Elm, two up on Jack Westland. Forest Watson, seven up on D. H. Houston.

At the same time, Miss Younger said, plans will be laid to put before the 45 state legislatures an identical bill, designed to prevent through enactment the same discrimination.

DIVORCE SUIT RILES DEMPSEY SUIT IS FILED

Heavyweight Champion Satisfied With Ertle As Referee, But Worried Over Indian Divorce Case—Instructs Atty. to Sue for Libel.

JERSEY CITY, June 22.—J. Harry Ertle of Jersey City today was formally selected by the New Jersey state boxing commission as referee for the Dempsey-Carpenter bout July 2.

ATLANTIC CITY, N. J., June 22.—Selection of Harry Ertle as referee of the contest between Jack Dempsey and Georges Carpentier at Jersey City July 2, is entirely satisfactory to Dempsey.

Joseph Cassidy, secretary of the New Jersey boxing commission, was expected officially to announce the selection of Ertle today. Dempsey, however, had not discussed the situation with Jack Kearns, his manager, as Kearns had not returned from New York.

"So it's Ertle, is it?" Dempsey said. "Well that's good enough for me if it suits Kearns. Kearns does the managing and I try to do the fighting. I can truthfully say this, I honestly don't care who is in there to referee. It wouldn't make any difference to me if Descamps refereed. I think Carpenter feels the same about the referee question as I do."

Dempsey is more concerned over the announcement he has been named as co-respondent in a divorce case in Pawhuska, Okla., than he is over the referee.

Today he instructed his attorney, Ray J. Cannon of Milwaukee, to investigate and start suit for libel if necessary against F. R. Boulanger, who in his petition for divorce named Dempsey.

"Dempsey is no home wrecker and this thing has upset him" Cannon said. "He doesn't even know anybody in Pawhuska and never has written to anybody there."

WASHINGTON, June 22.—Official announcement was made last night at the first meeting of the re-organized women's national party that a resolution soon would be introduced in congress embodying a twentieth amendment to the constitution. The amendment will be designed to do away with "all legal discrimination against women," according to Miss Maude Younger, newly appointed legislative chairman of the party.

RADICALS IN IRISH MOVE ARE BEATEN

President Gompers Wins An Overwhelming Victory in Defeat of Boycott Motion—Only Sympathy With Irish in Struggle for Freedom Gets By Convention.

DENVER, Colo., June 22.—Irish sympathizers supporting a resolution calling for a boycott against British goods were overwhelmingly defeated today in an attempt to have the convention overthrow a ruling made by President Samuel Gompers, which prevented re-consideration of their proposal.

The appeal of the boycott supporters from the ruling of President Gompers provoked one of the stormiest sessions in the history of the federation. Cheers and jeers were mingled as the boycotters took the floor and attacked Mr. Gompers, who had ruled out their motion to have the boycott declaration added to the resolution expressing sympathy for the Irish republic which was reported favorably by the committee.

Sympathy Expressed DENVER, June 22.—After a stormy debate the American Federation of Labor convention today disposed of the Irish question by adopting a resolution—trimmed of its most drastic boycott provisions—expressing sympathy for the Irish cause.

The action of the convention completed the defeat of the supporters of the boycott declaration, which they claimed had been drafted by "high officials of the Irish republic." The boycott supporters contended every effort to bring the sympathetic resolution to a vote without its boycott provisions, by raising points of order and attempting to have the entire matter referred back to the committee for re-consideration.

Beers Is Favored The convention unanimously adopted a resolution urging modification of the Volstead act to permit manufacture and sale of beer. Officers and the executive council were instructed to work for a change in the law and if this should not be successful all unions would be called on to petition congress.

The Irish resolution adopted by the convention was drafted by a committee of Irish sympathizers, headed by Peter Brady of New York, who opposed the boycott. This declaration follows: Reaffirmed the action of the Montreal convention in supporting the Irish people in their struggle for freedom and for recognition of the Irish republic.

Provided for the sending of a special communication to the British premier, his cabinet and the members of parliament, protesting against the "campaign of violence in Ireland." Instructed federation officers to take up with trade unions of Great Britain, her colonies and dominions a proposal to inaugurate a campaign for the trial and punishment of members of the British regular and auxiliary forces guilty of atrocities in Ireland in a manner similar to that in which German officers are now being tried and punished for violation of the rules of warfare in France and Belgium.

Mystery Stalks at Carpentier Camp, Ssh! It's Secret, Can't Tell

MANHASSET, N. Y., June 22.—Mysterious things occurred this morning at Georges Carpentier's training camp and when an explanation was requested the answer came in a whisper, "Shh, it's a secret and we cannot tell." About 8 a. m. a limousine passed through the gate and three heavyweights stepped from it. To conceal their identity they pulled their coat collars about their faces and ran into the residence. Soon noises sounding like the rattle of flints on a punching bag could be heard for a time, from behind the barn where Georges does his training. Then four figures in bath robes went into the house. The last appeared to be the challenger himself.

TALK OF WAR WITH JAPAN IS TERMED ABSURD

Dr. Fullerton Addresses the Wednesday Forum on Yellow Peril—Keep Japanese Out, But Don't Swallow War Talk, Is Suggestion.

"Any talk of war with Japan is absurd, and you need lose no sleep about it," Dr. Fulkerson, for 20 years an educator and diplomat in the Orient told the regular Wednesday noon Forum of the Chamber of Commerce. Dr. Fulkerson who is a field representative of the Conservation Department of the Methodist church will speak tonight at 8 o'clock on the "World Crisis," at the First Methodist church.

"The war talk you hear in this country is paid propaganda sent out from Tokio and New York to distract the attention of the American people while they seize an empire in China and Siberia," said Dr. Fulkerson. "Japan is a crowded nation. They need room. They must expand. When the white man attempts to halt their natural expansion, then, and then alone will there be war."

"There are three reasons why Japan wants no war with America. In the first place, they have no credit. Over 65 per cent of their foreign trade is with America. I hear much about the Japanese seizing the Philippines. They might do it in the first 30 days or so, but we would leave them an eighth rate nation. I doubt very much if Japan would take the Philippines if we gave them a deed for the islands. The logic of the Tokio statement is that no great nation can be founded in the tropics. Formosa is a white elephant to Japan, they die like fleas in that climate. The Japanese want no march towards the equator."

Dr. Fulkerson said he was unalterably opposed to importation of Asiatic labor, and cited that Japanese control 52 per cent of the roving houses in Seattle, have a foothold in the city of Portland, and control in a large measure the cafe business of the coast.

The remarks of Dr. Fulkerson were listened to attentively, and received with interest. He is an entertaining and instructive speaker of wide repute and one of the best versed men in the world on Oriental conditions and questions. George A. Mansfield, president of the Farm Bureau was the other speaker of the day, telling of his trip to Washington in his usual manner, but too late to secure a full report before peas time. County Agent C. C. Cate was chairman of the day, and the meeting opened and closed with the usual song service.

AMERICAN DESTROYERS SEND 2 GERMAN 'U' BOATS TO BOTTOM WITH 79 SHOTS

SIMS LANDS, PROCEEDS TO WASHINGTON

Advertised Demonstration Falls Flat—A Prevailing Silence G greets Veteran Sea Dog at New York—Tremendous Police Guard On Hand—One Jackass Banner Seen.

NEW ORK, June 22.—Rear Admiral Sims returned home today to explain to Secretary Denby remarks attributed to him in his recent London speech on "Irish-Americans."

Refusing to be taken ashore by a cutter, he came up the bay aboard the liner Olympic to meet friends or foes who might be awaiting him near the pier.

Everything was peaceful when the veteran sea dog landed. A thousand bluecoats were massed on the dock to preserve order. Indeed, they were so numerous that, with wharf workers and passengers, it would have been difficult for many other persons to have found foothold on the pier.

Police lines were drawn several blocks north and south of the pier entrance. Not even when Woodrow Wilson returned from the peace conference were more thorough preparations made.

The admiral was the first person to step ashore. He entered an automobile with Rear Admiral Huse, commandant of the third naval district, who was there to greet him. Flanked by police he rode away, announcing he would take the first train for Washington.

From the handful of persons on the pier, there came neither cheers nor taunts. Among those who met the admiral was his brother.

On the trip from quarantine the admiral maintained strict silence, declining to make any statement before reporting to the secretary of the navy.

The admiral was dressed in mufti. Indeed, during the voyage he wore his uniform only at dinner.

Mrs. Sims accompanied him home. On the way to the pier the Olympic passed a sound steamer whose passengers lined the rail. Across the stretch came the sound of cheers for Sims.

There was no demonstration outside the pier, nor on the way to the Pennsylvania station.

At the station, however, there were a few boos and cheers and one woman was seen parading with a banner bearing the picture of a jackass—apropos of the reference to jackasses reported to have been made by Admiral Sims in his London speech. The woman was not troubled by the police.

Admiral Sims and his party left for Washington at 11:08.

Colonel M. A. Kelly of the League for the Recognition of the Irish Republic said a copy of the resolutions adopted by the organization, denouncing the admiral for his speech, was handed to him upon his arrival, together with a mock certificate of thanks.

Admiral Sims declared he had not seen the documents.

Steamer Loses Propeller.

HOUSTON, Texas, June 22.—The steamship William D. Doheny has lost a propeller in the Gulf storm and was asked for help. An S. O. S. call was received by radio at Fort Brown, as follows: "Propeller lost in storm off Cape Cavallo, send aid as soon as possible." Cape Cavallo is off the southern end of Matagorda Island.

chairman of the day, and the meeting opened and closed with the usual song service.
