NO. 81

## ADMIRAL SIMS IS PUBLICLY REPRIMAND'D

Sec'y. of the Navy Denby Rebukes Admiral for Delivering Highly Improper Speech in Foreign Country—Admiral, Following Announcement, Calls On Harding.

WASHINGTON, June 24.—Rear Admiral William S. Sims was publicly reprimanded today by Secretary Denby for his speech before the English Speaking Union in London, June 8, in which he discussed Irish sympathizers in America.

"The department deprecates the fact that it is necessary to rebuke a flag officer in public," said the reprimand, "but you have made such action unavoidable. The department expresses its strong and unqualified disapproval of your conduct in having again delivered a highly improper speech in a foreign country and you are hereby publicly reprimanded."

Soon after the reprimand was made public Admiral Sims visited President Harding at the White House. The purpose of his visit was not announced.

On leaving the White House, Admiral Sims said in regard to his reprimand: "I got what I deserved, the same old thing."

He added that he did not know that his London speech had been "leaked" and that he regretted having caused the administration any inconvenience.

## HARDING NAMES CHARLES WARREN ENVOY TO JAPAN

WASHINGTON, June 24.—Charles B. Warren of Michigan, republican national committeeman, was named today by President Harding as ambassador to Japan.

Mr. Warren is now in New York and is to sail soon for Norway with his family for a vacation of several weeks. He plans to return to America in August and is expected to leave soon afterward for Tokyo. He will succeed as ambassador Roland S. Morris of Philadelphia, who was appointed in 1917, but who returned to the United States some months ago on leave of absence.

The new ambassador to Japan is a lawyer with an international reputation and is senior member of the law firm of Warren, Cady, Hill and Hamblen, of Detroit.

WASHINGTON, June 24.—William Miller Collier, president of George Washington University, this city, was nominated today by President Harding as ambassador to Chile.

PORTLAND, Ore., June 24.—Taxpayers of Portland school district will again be asked in the near future to authorize a special levy of three mills, rejected at an election last Saturday for the providing of additional school house facilities, according to a statement made by the school board following a meeting last night. According to board members the extra levy will be necessary in order to care for the rapidly growing army of pupils being taken in at the various schools.

## GLADYS DEACON WEARS GOOD LUCK BLUE AND BECOMES DUCHESS OF MARLBOROUGH

PARIS, June 24.—Gladys Marie Deacon of Boston, this morning became the Duchess of Marlborough, the second American girl to assume the title. The civil ceremony which lasted three minutes, took place in the British consulate and was performed by H. G. McKaie, the British consul.

There were two witnesses for the duke, Judge Walter Berry, president of the chamber of commerce here and J. T. B. Zewell, the duke's legal adviser. Leon Renault, former minister of the interior, acted as witness for Miss Deacon. She was attended by the Countess DuBoisrouvray and the only other persons present were Eugene Higgins, a cousin of Miss Deacon, and several American and British newspapermen. The duke gave his age as 49. The bride did not give her age.

The first duchess of Marlborough, before her marriage to the duke, was Consuelo Vanderbilt, of New York. She obtained a decree of absolute divorce from the duke May 13, last.

A luncheon for the wedding party followed at the home of Mr. Higgins, where the religious ceremony will be celebrated at noon tomorrow.

The duchess wore a costume of good luck blue, consisting of a simple silk dress of deep blue and a large blue picture hat, the shade having been selected by her to bring good fortune.

## Nine Lives of Beer Drinking Feline Fall Before Ten Canines

MINNEAPOLIS, June 24.—The beer drinking cat named Cloves, a habitue of the old saloon row here and widely known to theatrical folk, was dead today as a result of fighting ten dogs.

In an alley near a theater where a pack of greyhounds comprised part of an act, the cat fought them all last night, but the proerbial nine lives of a feline were unavailing against ten dogs.

## WATSON LEADS CHANDLER EGAN FOURTH ROUND

Medford Player One Down at 12th Hole, But Going Strong—Von Elm Springs Surprise By Leading Smith Five Up—Plays Consistent Golf.

PORTLAND, Ore., June 24.—(Special Flash)—Egan at the 18th hole was leading Watson by two up.

PORTLAND, Ore., June 24.—George Von Elm, state golf champion of Utah, sprung a big surprise in the fourth elimination round of the championship flight for the Pacific Northwest title at the Waverley country club today.

Playing consistent golf, he was five up on Russell Smith of the Waverley club at the end of the first 18 holes.

A strong southerly wind was blowing across the course, which made it difficult for the contenders to make an especially brilliant showing.

Smith, who is a former northwest champion and had already eliminated the present title-holder, was short on a number of his putts, which gave Von Elm the advantage.

Von Elm is competing for the second time in a Pacific Northwest tournament. Last year he played in the big classic, which was staged at Vancouver, B. C. He made a good showing but did nothing to compare with the form he has shown here.

In the other match Forrest Watson of the Waverley club was two up on H. Chandler Egan, another Waverley player at the end of the first nine holes. Egan won the tenth and squared the eleventh, which made Watson one up at the end of the twelfth.

Watson played brilliant consistent golf until he reached the eighth hole, when he dubbed a drive and gave Egan a chance to gain later on. Egan defeated Clarence Griswold yesterday in a close match.

## WOMAN JURORS TO BEGIN THIS FALL

PORTLAND, Ore., June 24.—Notwithstanding ratification of the women jury bill at the recent election, women will not begin to function as jurors in Multnomah county until the September term of court, it was made known today, owing to the fact that the jury list for the June term already has been completed. Court officials reported that many inquiries were being received from women anxious for jury duty, as to how soon the drawing of women might be expected.

## TROOP TRAIN IS BLOWN UP BY SINN FEIN

Four Killed and Scores Are Wounded By Explosion of Land Mine in Lonely Mountainous District—Military Lorry Bombed in Dublin—De Valera Arrested.

DUBLIN, June 24.—(By Associated Press.) Eamonn DeValera, the Irish republican leader, was arrested Wednesday night near this city and later released it was definitely established today.

There had been earlier denials from the Sinn Fein authorities that he had been apprehended.

It appears certain that DeValera was arrested either in error or through over zeal on the part of the officials concerned.

The arrest, it is understood, took place at Black Rock, county Dublin. The prisoner was detained for the night and his identity being learned, he was released yesterday afternoon.

As a matter of fact, it is declared here there is no intention on the part of the authorities in Ireland to arrest DeValera.

BELFAST, June 24.—(By Associated Press.) Three soldiers and a train guard were killed and some twenty soldiers and an assistant train guard were injured when a troop train carrying soldiers from Belfast to Dublin was wrecked by the explosion of Sinn Fein land mines at Abervoyle, near Dundalk, today.

An official statement issued this afternoon giving the number of casualties, said that about thirty horses were killed in the wreck or had to be destroyed owing to the injuries.

BELFAST, Ireland, June 24.—A troop train conveying soldiers from Belfast to Dublin was wrecked today at Abervoyle, near Dundalk, by the explosion of a Sinn Fein land mine. Two soldiers and one of the train guards were killed and many others were wounded.

Large forces of police and soldiers also were despatched to the spot which is in a lonely mountainous district just beyond the Ulster border.

The earliest reports said that forty men had been killed and a number injured but later reports decreased this number.

Two special trains with soldiers and horses who had participated in the reception of King George and Queen Mary on the state opening of the Ulster parliament Wednesday had passed over the spot safely. The third train was wrecked at a steep embankment when the mine exploded, most of the carriages falling over the embankment. Physicians were immediately rushed to the scene.

DUBLIN, June 24.—A military lorry was attacked this afternoon at the junction of North Frederick and Dorset streets, bombs being thrown at the lorry, two of which landed in it.

The casualties to the military have not been reported but five civilians were wounded in heavy rifle firing which followed the attack.

CORK, June 24.—Police barracks were bombed and there was general street fighting in this city last night, one woman being killed and three girls and three men wounded. The disorders began when four civilians in a motor threw a bomb at a police station. Two other barracks also were bombed but little damage resulted.

The casualty occurred in subsequent fusillades between the police and civilians. Because of the disturbances all persons were ordered to remain indoors after 8 p. m.

## BABY WHALE MEETS DEATH N. Y. HARBOR

NEW YORK, June 24.—A baby whale came through the narrows to New York harbor this morning. While it lay on a sandbar off Staten Island, a watchman and a restaurant owner, carrying a shotgun and a carving knife, ended the young visitor's life. It was 18 feet long and apparently too young to know that an outgoing tide waits for no whale.

## New Dry Director to Make Pacific Coast As Dry As Sahara

SAN FRANCISCO, June 24.—The promise of John Exnicios, newly appointed district federal prohibition enforcement officer, to make the Pacific coast states "as dry as Sahara," was given a new substance today when he was ordered to re-employ 31 deputies who had been temporarily dismissed in May because of the exhaustion of the appropriation for the office.

The staff, which had been reduced to six men, is now of a size which will be able to cope with the situation with a fair degree of success, according to Exnicios.

Re-employment of the deputies was made possible through an emergency appropriation. The regular appropriation is not available until July 1.

## LEGION MEN ARE WARNED AGAINST BONUS SWINDLERS

SALEM, Ore., June 24.—That a number of Oregon money lenders have approached veterans of the late war and advanced the proposal that the veterans assign to them claims for cash bonuses to be paid under an act passed at the last session of the legislature at from 50 to 75 cents on the dollar, was the accusation made here yesterday by Henry Boyd, commander Portland post No. 1, American Legion.

In a conference with Governor Olcott in relation to starting a publicity campaign to warn veterans of the world war against accepting the offers of these money lenders, Mr. Boyd said that at least one case had been called to his attention where a Portland man had offered to accept an assignment of a cash bonus at 50 cents on the dollar.

In most instances, however, Mr. Boyd said, the men soliciting the assignment of these claims were more liberal, and in a few cases had offered to advance the money at the rate of 80 cents on the dollar.

## TO LEAVE ROSEBURG CHERRIES ON TREES

ROSEBURG, Ore., June 24.—Leading growers of Douglas county declared today that between 10 and 25 per cent of the crop of cherries now ripening will probably be left on the trees, owing to the fact that prices for the fruit now being offered made its harvesting unprofitable. The local fruit canneries is not yet in operation but the manager said today that preparations were under way to open it after which it was believed the situation from the standpoint of the growers would be improved somewhat.

## STRIKERS KILLED BY U. S. GUNS

A. F. L. Asks President to Investigate Shooting of Four Steel Car Workers, Hammond, Indiana, 1919—Riot Guns Issued By Government Is Charged.

DENVER, Colo., June 24.—The convention of the American Federation of Labor today called upon President Harding to investigate the strike riots at the Standard Steel Car company, Hammond, Ind., in September 1919 and fix the responsibility for the "issuing of guns" and the death of four steel car workers.

The resolution alleged that the workers were shot down with riot guns furnished by the United States government.

Enactment of legislation by congress providing "strict federal control of the production and distribution of natural resources now privately held and privately developed," was demanded by the convention.

The secretary of war and the secretary of the navy and civil service commission were called upon by resolution to immediately discharge from the government service all alien employees who fail to qualify for citizenship.

Electioneering on the floor of the convention during the morning session today again threatened to interrupt the proceedings and President Samuel Gompers had considerable difficulty to keep order so the committees could report.

He issued a warning from the platform to federation organizers that they must not interfere with the election of officers.

"No organizer has a right or privilege," he said, "to espouse the candidacy of any aspirant to office in the American Federation of Labor. To whom it may concern, I say, take notice."

M. W. Martin of the blacksmiths' union, speaking in behalf of the resolution calling for investigation of the Hammond shooting declared "hired gunmen fired into a crowd of strikers without provocation," killing four and dangerously wounding twenty others.

"I don't like to speak of this on the convention floor," he said, "but it involves a crime—murder."

He declared the strikers were trying to parade to show their strength before the strike-breakers when police stopped them and "a crowd of gunmen not in the uniform of the United States government," drove up in motor trucks and opened fire.

The convention unanimously rejected a proposal by the central labor council of Seattle, Wash., for a nationwide campaign to obtain a maximum six hour day and abolish all overtime in industry.

The convention also voted down a proposal calling for approval of a six hour work day with eight hours pay for the worker, "so as to secure employment for some of the mass of unemployed in our country."

The report of the committee which was adopted, favored the idea involved in the resolution, but declared that to put it into effect at this time would make conditions in the country more "confused and chaotic."

The various international unions were urged to consider the shorter work day and take whatever action advisable. The federation officers were instructed to encourage them in their decision.

Lewis Platform Scored

The announcement by John L. Lewis of the platform on which he is running for the presidency of the federation, brought a statement today from President Gompers, who declared "It is not the right or privilege of any individual to make a platform in the labor movement."

Mr. Lewis in his announcement yesterday declared for nationalization of the mines, government control of the railroads, also progressive policies.

"I am well enough known to the wage earners," said Mr. Gompers, "as having been faithful in the cause, for the protection of their rights, interests and welfare to make it unnecessary to announce a declaration of the principles upon which I stand."

"Under the principles which it has adopted the American Federation of

## Jock Hutchison of Chicago in Tie for Golf Championship

ST. ANDREWS, June 24.—(By Associated Press.) Jock Hutchison of Chicago and Robert Wethered, the Oxford amateur golfer, were tied for first place at the conclusion of the fourth and last round in the British open golf championship here today with scores of 296. They will play off the tie tomorrow.

## MUST VITALIZE CHRISTIANITY TO SAVE WORLD

Conditions in Russia Prove Nominal Christianity Can Not Survive—Dr. Fulkerson Gives Stirring Address at Methodist Church.

"Wretched conditions in Russia and other countries prove that nominal Christianity cannot survive," said Dr. Fulkerson in opening his address last evening at the Methodist church. "We must put up a vital type of Christianity that will make itself felt in politics, social life, and the economic world, or go out of business."

In speaking of the world situation the thing most critical is the fact that this is the first time in the history of the human history when nearly every nation has met a crisis at the same time. Individual nations have not passed their crises, but universality of the same thing that has shown itself following this great war constitutes the greatest problem that Christianity has ever faced. "To be or not to be" is frankly the problem of the church today. Christianity has not failed, the thing that has failed is a purely nominal type of Christianity.

The drift of the world at the present time is toward democracy. The autocracies of the world have either fallen or are trembling. If any democracy, American or otherwise, is to stand two principles must obtain. First, the vast working majoring of the voting citizens must be kept highly intelligent. This we assume the public schools will do. However the war department revealed to us some very nasty tendencies regarding illiteracy in the late draft. Conscription revealed that we have more than one million men between the ages of 21 and 31 who cannot read or write the English language, and most in no language. Forty thousand men, according to the war department, sent to Europe could not read the orders posted every morning by the superior officers. While this is alarming, it is not beyond correction. I hope to see a law on the statute books of every state in the union compelling every child born in this country or who comes here in childhood to take the grade school work in the English tongue. There is no place on this continent for a conglomerate of languages. The sad experiences of Austria and China are outstanding examples of this policy. National cohesion demands a common language. If foreigners within this country do not like this, let them pack their bag and return to their country.

The Russian situation is the most critical in human history. A nation of 180 millions which is a veritable slaughter house, and why not—98 per cent of the wealth of Russia in automatic days is in the hands of less than 1 per cent of the people and 89

## YALE WINS BOAT RACE BY A HAIR

Three Seconds Between Old Rivals As They Sweep Across Finish Line at New London—Harvard in Lead First 3 Miles, But Lacks the Final Punch.

REGATTA COURSE, NEW LONDON, June 24.—The Yale varsity crew won the annual boat race from her ancient rival, Harvard, today in one of the most thrilling and grimly fought struggles that has ever been waged over the historic Thames course. Harvard led the way over the first three miles, with Yale but a scant half length behind.

Do what she could, Harvard could not throw off her adversary and gradually Yale forced the bow of her shell ahead of the crimson craft and gained a lead of about a length. Harvard spurred and cut down Yale's lead to half a boat's length, but the men from New Haven held to their task and swept over the finish line three seconds ahead of Harvard.

The official time was: Yale 20:41; Harvard 20:44 1-5.

REGATTA COURSE, NEW LONDON, Conn., June 24.—Harvard and Yale crews started their annual four mile varsity race on the Thames river at 5:13 p. m. The wind was light and the water smooth.

The crews shot away together. Harvard's rowing form was perfect and she led at the half mile mark.

At the two mile mark Harvard was leading by a half length.

REGATTA COURSE, NEW LONDON, June 24.—The Harvard and Yale freshmen eight-oared race, resulted in a victory for Yale by five lengths.

The official time was: "Yale 12 minutes, 13 2-5 seconds; Harvard 12 minutes 32 1-5 seconds.

In the two mile junior varsity eight race Harvard won by six lengths.

The official time of the junior race was: Harvard 12 minutes 29 seconds; Yale 12 minutes 53 seconds.

## Here's a Movie Made to Order

BORONGAN, Province Samar, P. I., June 23.—A feature of the visit here of the Wood-Forbes mission was the meeting of Colonel Gordon Johnson and a Spanish family whose lives he saved twenty years ago in the Philippine insurrection.

Johnson, then a lieutenant of the 43rd infantry, was stationed here when insurgents attacked the town and broke into the home of Salvador Alvarez, a Spaniard who had been supporting the Americans. The insurgents were about to kill the Alvarez family when Johnson and his detachment charged.

Johnson carried two babies to his quarters and cared for them. Later his troops repulsed an attack intended to obtain possession of them. Both babies, now young women, were present at the banquet given the mission by the governor of the province.

ARREST JAP SHIP CAPTAIN

PORTLAND, Ore., June 24.—Captain Yasuo of the Japanese tramp steamer Fortland Maru, now here, was arrested today, charged with permitting six members of his crew to escape to the city. Five of the men were recaptured and were being held in jail.

## WHITE HORSE, BLACK CAT AND 4 LEAF CLOVERS BRING CARPENTIER GOOD LUCK

MANHASSET, N. Y., June 24.—(ful of four-leaf clovers in the challenger's boots.

Little is on the training program for Carpenter next week. The camp sparring staff, now numbering six, will be bolstered by three men of over two hundred pounds, who are due to report within a week.

Trainer Wilson said today that the challenger would probably work every day excepting Sunday until July 1.

Plans have been made to protect the camp from the many visitors who call determined to see Carpenter in action. Additional police, it was announced, had been employed so that the camp would be entirely surrounded beginning Saturday.

Last night somebody slipped a hand-
