

### SENATE RECESS IS HELD UP BY BONUS BILL INSISTENCE

WASHINGTON, July 1.—Plans of senate leaders to begin a series of three day recesses next week, pending receipt of tariff legislation from the house, were disrupted today by insistence of advocates of soldier bonus, maternity, and agricultural relief bills that such measures be disposed of before the body temporarily stops work.

Unanimous consent agreement has been reached for a vote on the Sheppard-Towner bill on the tenth legislative day dating from today. Announcement was made by Senator McCumber, republican, North Dakota, in charge of the soldier bonus bill, that he would seek to call up his measure following disposal of the maternity bill, and Senator Norris of Nebraska declared he would seek action on the farm products export corporation bill after disposal of the bonus measure. Another measure on which action will be pressed is the Willis-Campbell anti-medical beer bill.

The senate today adopted a motion providing for fourth of July adjournment tonight until Tuesday. The house will hold a perfunctory session tomorrow and adjourn until Wednesday.

### SEPARATE PEACE RESOLUTION NOW UP TO PRESIDENT

WASHINGTON, July 1.—Enactment of the compromise resolution, ending the state of war with Germany and Austria finally was completed today by congress and the measure now goes to President Harding who is expected to sign it within a few days.

Final action on the measure was expected by the senate which adopted the compromise report by a vote of 28 to 19 after a day of debate in which the democratic members made a last assault on the resolution. The house acted yesterday, the vote being 263 to 54.

The signing of the measure by the president will open the way for the resumption of diplomatic relations with both Germany and Austria, but administration circles have indicated that plans for this have not been worked out.

All opponents of the resolution were democrats. Three democrats, Shields of Tennessee, Walsh of Massachusetts and Nathan of Georgia, voted with republicans for adoption. Senator Reed, democrat, Missouri, was paired in his favor.

### PORTLAND RECTOR WINS LAND CASE

PORTLAND, Ore., July 1.—Circuit Judge William N. Gatens today decided in favor of Rev. Dr. A. Morrison, rector of Trinity Episcopal church in the suit against him by the board of school trustees of the Episcopal diocese of Oregon for an accounting in connection with a land purchase in 1908.

A crowd in the courtroom broke into hand clapping as the judge concluded his opinion with the advice to the plaintiffs to "go thou and learn christianity."

Today's forecast by the department of agriculture placed the crop at 8,432,000 bales, nearly five million bales smaller than last year and about eight million below the record crop of 1914. This year's acreage is 28.4 per cent smaller than last year's.

### ULSTER PREMIER SEES DE VALERA PRIVATELY

LONDON, July 1.—The political prisoners in Mountjoy, whose release yesterday, according to the Daily Mail was unconditional, were liberated, the newspaper asserts, in consequence of direct representations from Eamon DeValera.

The Daily Mail says that although Sir James Craig, the Ulster premier, is unable to agree, to meet DeValera in Dublin officially, he is able at any moment to see him informally, and it is said that he has already been in touch with DeValera privately.

### STANDARD OIL OFF HAING MEXICAN OIL

NEW YORK, July 1.—Officials of the Standard Oil company of New Jersey today affirmed reports that that company notified the shipping board it no longer include Mexican oil in its contract shipments, but will substitute American oil therefor. The company has contracts to supply aboard with eighteen million barrels of oil.

The cause, it was said, resulted from those Mexican oil taxes, scheduled to take effect today, which the company characterized as confiscatory.

### N. Y. Stocks

NEW YORK, July 1.—The approaching holiday caused the usual curtailment of operations in the stock market today. Unsettled price tendencies were due mainly to further selling of oils. Sales approximated 450,000 shares.

NEW YORK, July 1.—Shares of the Mexican Petroleum company, focal point of the recent spectacular movement on the Stock Exchange were again under pressure today and dropped to a new low point of 96 in the first hour's trading.

The stock, which closed yesterday at 101, was offered freely after the opening at 100 1/2, and quickly fell below yesterday's low mark of 98. At 96 it showed a loss from the high for the week of 22 1/4. It was a decline within two months from 167 1/4. The record high price is 264 made October 22, 1919.

The decline is attributed by Edward L. Doheny, president of the corporation, largely to circular letters sent out by W. C. Moore, who was arrested yesterday after his indictment on a charge of criminally libeling Mr. Doheny. The indictment charged that Moore distributed in stock market letters of which he is the publisher, statements calculated to depress Mexican Petroleum stocks. Moore pleaded not guilty and was held for trial.
