Ashland's Fourth of July celebration yesterday broke all records for the Rogue River valley, and was generally voted the best thing of the kind ever put on in southern Oregon. With perfect weather, and not only a large, but a representative crowd from all parts of the county, the program started off at ten in the morning, and continued without a hitch, to the climax of all—a thrilling and gigantic fireworks display in the evening.

Of course there have been parades before, and good ones, but never one that could approach the parade yesterday, in beauty, variety, originality and comedy. The judges consisting of Mrs. Deibert Fehl of Medford, Judge Gilmore of Rogue River, Judge Watson of Gold Hill, Tom Fulton of Jacksonville and R. W. Ruhl, had difficult work in choosing the winners, but with the instructions of the management that originality should come first attractiveness second with particular attention to the "heart and head appeal," Jacksonville with the float representing the early mining days of the pioneer town secured a unanimous first. The same considerations gave second and third place to Talent and Phoenix. There was some discussion in favor of honorable mention, but when an attempt was made to open up this field, those deserving honorable mention crowded in so fast that it was decided to abandon the attempt.

The Jacksonville float led the procession and was truly a masterpiece of striking display, sincere and effective symbolism. Colonel and Mrs. Sargent, Messrs. Bishop and Bailey represented Poole and Cluggage, the first discoverers of gold in Jacksonville and King John and Princess Mary, the leaders of the early Indians in the county seat. Every detail was carried out splendidly and the bright red shirts of the men and the brown tones of the Indian costumes made a delightful color scheme.

There was a close race between Talent and Phoenix, the first representing the cream of the valley, with a ranch complete, from silo through butter churns to an alfalfa field, all true to life, with representatives of the younger generation in Talent busy with their chores. The Phoenix float was decidedly original, if slightly less typical, with a tableau representing Phoenix rising from the ashes, an oil well in action, symbolizing the transformation most effectively.

Every feature of the parade was worthy of mention, the Ashland Elks had a fine display, as did the Ashland D. A. R. with a huge float of flowers and representation of the statue of liberty,—from the standpoint of beauty alone probably the best feature of the morning, while the Ashland playground float was a gem, and Medford's float most creditable.

The parade follows in order: G. A. R. life and drum corps, National Guard detachment, D. A. R., National Guard detachment, Jacksonville, Mayor Gates of Medford and D. O. K. band, Medford's float, Phoenix "rising from the ashes," W. O. W. Phoenix, Talent "Cream of the Valley," Central Point,—Central Point high school, Ashland band, Animated bottles, Ship of state, Dempsey and Maddox, Automobile aeroplane, "Talent or Bust," with home brew in the rear, and everything conceivable on top of a Ford.

Following the parade buffet lunches were served and then patriotic speeches made in the park by Judge Gilmore of Rogue River, Mayor Gates of Medford, and Father E. J. Conaty of Ashland. Rev. C. H. Kahler of Ashland delivered the invocation while the speakers were introduced by Mr. Fuller, secretary of the Ashland chamber of commerce and Chautauqua.

# JULY 4TH AT CRATER LAKE IS DELIGHTFUL

### Every Room in Lodge Taken On Independence Day and Medford People Make Merry With Music and Snow Battles at Rim.

CRATER LAKE, July 4, 1921.—(Special to Mail Tribune)—Crater Lake Lodge is having the most successful opening it has ever had. Every room is filled and extra beds were required to accommodate the huge crowd that came up to the lodge to spend the fourth. The weather has warmed up and hiking parties in all directions are planned.

The full orchestra made its initial appearance on the evening of July 3, and because most of the traps had not arrived yet for the drums the orchestra was augmented by Mr. Vernon Vawter, who made a most excellent bass drummer, using somebody's briar pipe as a beater. So far, the drum and the pipe are still intact, but the latter is not expected to last throughout the day.

The trail to the boats is not open yet, but will be in a few days and the boat crew have the boats over from the island and waiting for the open trail.

Those from Medford and vicinity registered on the 3rd, were: R. G. Brownlee, Howard Frame, H. B. Strang, C. Martin, Jim Cross, Harriet Charley, Miss M. Finley, Miss C. Finley, Miss V. La Barr, A. D. Hill, Mrs. A. D. Hill, Dorothy Hill, Marion Hill, Eileen Reddy, Ernest Webb, M. L. Daily, Dr. A. Burkland, Howard Hill and wife, B. R. Elliott and wife, Mr. and Mrs. C. L. Endicott, R. S. Bardwell, R. P. Lyman, Margaret Mansfield, Edith Creede, Cecil Creede, Mrs. Furbly, Clara M. Wood, Ernest Carpenter, P. D. Inoue, L. A. Northland, James G. Hahn, Mrs. G. Hahn, Arthur Longtree, Mr. and Mrs. M. E. Schuehard, Mr. and Mrs. C. T. Steward and C. R. Boucher.

Road Open to Camp. The road was open to Crater Lake for autos as far as Government Camp Saturday, and two autos got to the rim on Monday. Until the last three quarters of a mile is open however, a wagon must be used and brings the passengers to the hotel, but it will not be long before the autos can come all the way.

The lodge is beautifully decorated with greens and the orchestra furnishes music after supper when the guests can either sit about the huge fireplace or dance.

Those from Medford and vicinity who registered for July 1 and 2, were: E. C. Jerome, Mr. and Mrs. G. T. Collins, Mr. and Mrs. Jap Andrews, Vernon Vawter, M. J. Mitchell, F. C. Reimer and Mr. and Mrs. C. W. Conklin.

Deer Are Seen. Nearly every party coming to Crater Lake sees deer cross the road or standing near. The Skeewis party of Medford, with their relatives from California, camped at Woodruff Meadows on their way out to Crater Lake and in the morning, looking out from their tents, saw a doe trying to cross two fawn to cross the bridge. She appeared unafraid, but the fawn refused to cross.

# CELEBRATIONS IN MOONSHINE ONLY LOCAL EXCITEMENT

### JESS WILLARD READY TO MEET CHAMPION

LAWRENCE, Kas., July 5.—Jess Willard is willing to meet Jack Dempsey again he said today. The ex-champion added that he was even anxious to get a chance to recapture the world's heavyweight championship, which he lost two years ago at Toledo.

Jess said it was a lucky punch in the first round that ruined him. "I've led the simple life. I'm in splendid shape today," he added. "I would need four months for training and conditioning—then I will be ready for Jack Dempsey."

Patrolman Adams arrested a young rancher Saturday night for intoxication. It was his first drunk and it is thought that he will forfeit the \$25 cash bail he put up for his appearance in police court today.

Patrolman Hemstreet also arrested Pete Foster late Saturday night for intoxication, the prisoner putting up \$25 cash bail for his release when he had become sober. He is also expected to forfeit this.

Last Thursday night Patrolman Adams arrested Jerry Barnes, another old offender for intoxication who forfeited the \$50 he put up for his release when sober.

She appeared unafraid, but the fawn refused to cross.

The stage passengers Saturday saw a spiked buck and a doe above Union Creek right by the side of the road. They also were tame and hardly moved as the stage passed.

At government camp there was a brown bear nosing about which came within thirty feet of the passengers, as they waited to be transferred to Crater Lake. This bear comes to the camp often and knows his way about, especially where he is apt to find morsels that appeal to his appetite.

The same chipmunk that amused so many passengers at Crater Lake, as they stopped at the Medford entrance last year, is back again this year and is willing to eat from Mrs. Taylor's hand just as he did last year.

Road in Fine Shape. The road up to Crater Lake is in the finest condition that it has ever been, especially that part beyond Prospect, which last year was so greatly dreaded. This year the new road is open and besides being a wonderful grade, touching all the beauty spots, it is splendid going. There are rough spots, but on the whole it is a vast improvement over other years.

The camping at Anna Springs is very good. About ten cars camped there Thursday. There is no snow there.

Crater Lake, with its snow, is fascinating and offers entirely new beauties to even those that think they know its every mood. Snow battles are popular with all visitors.

There were sixteen guests registered Thursday, though the season didn't officially open until July 1. Among them were Mr. and Mrs. Lewis of the Bulgin-Lewis meetings, Wednesday, C. R. Boucher, M. L. Patton, W. O. Lavender, R. H. Beck, W. E. Walke, Ralph C. Day and wife and Miss Edith Sweney.

Too Much of a Good Thing. "It is six years since I had my first stomach trouble. It rapidly grew worse. My food would not digest and I was reduced to skin and bone. My doctor put me on a starvation diet, and when my pains grew worse, I concluded it was too much of a good thing. On the advice of my druggist I tried Mayr's Wonderful Remedy, and am now entirely well." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by all druggists. Adv.

Too Much of a Good Thing. "It is six years since I had my first stomach trouble. It rapidly grew worse. My food would not digest and I was reduced to skin and bone. My doctor put me on a starvation diet, and when my pains grew worse, I concluded it was too much of a good thing. On the advice of my druggist I tried Mayr's Wonderful Remedy, and am now entirely well."
