

### WEEK WOMAN TO FIND GOLD HID IN EARLY DAYS

Mrs. Eliza Turtle Wanted to Lead Way to \$85,000 in Nuggets—Find Long Sought Cache—Is Key to Treasure Spot.

WENATCHEE, Wash., Sept. 30.—If Mrs. Eliza Turtle, formerly of Salem, Ore., can be located, information is at hand which it is believed will lead to the discovery of \$85,000 worth of nuggets and gold dust hidden along the Columbia river near Quincy, Wash., forty-five years ago by miners on their way home from British Columbia mines.

The gold was hastily hidden during the Indian depredations in the seventies. All members of the party died afterwards except Mrs. Eliza Turtle, then a little girl. She has made diligent search for years for the cache of nuggets and other accoutrements which was the key to the place where the gold was hidden. Eight years ago she gave up the hunt but said if she could find the cache she could immediately walk to the spot where the gold was hidden.

The cache has been found by two men who were trapping coyotes and the story of the find brought to Wenatchee yesterday. Accompanying the nuggets found is a box with the legal papers now indecipherable and other interesting articles. The find corresponds to the map given her by her father before he died but she was never able to find the spot where the goods were placed.

### IRELAND ACCEPTS BRITISH PEACE CONFAB OFFER

DUBLIN, Sept. 30.—(By the Associated Press.)—Sinn Fein's answer to the British government's invitation to a conference to be held in London October 11, was expected to be ready for the Dail Eireann cabinet when it assembled here today at 3 p. m. Eamonn De Valera, leader of the republicans, conferred with leaders yesterday after reading Lloyd George's note and it was generally believed that the Irish reply was virtually decided upon during the afternoon.

"We received your letter of invitation to a conference in London October 11, with a view to ascertaining how the association of Ireland with the community of nations known as the British empire may best be reconciled with Irish national aspirations," said De Valera in his reply.

"Our respective positions have been stated and understood, and we agree that conference, not correspondence, is the most practical and hopeful way to an understanding.

"We accept the invitation. Our delegates will meet you in London on the date mentioned and explore every possibility of a settlement by personal discussion."

### SAW MRS. MAHONEY WEEKS AFTER TIME OF MURDER, CLAIM

SEATTLE, Sept. 30.—After J. S. Deveny, a witness for the defense, had testified that he had seen Kate M. Mahoney in Seattle on May 31, last, six weeks after the state alleges she was slain by her husband, James E. Mahoney, the defense rested its case today in the trial of Mahoney on a charge of first degree murder.

Deveny, a carpenter and contractor, said he had become acquainted with Mrs. Mahoney in December of last year, and that he had seen her several times since then.

He declared he was "positive in my own mind" that the woman he saw walking along a street here May 31 was Mrs. Mahoney. Cross examined, he said he had not made the fact public because "I would have been ridiculed too much."

On re-direct examination Deveny said he had told bankers in a nearby shop of having seen Mrs. Mahoney almost immediately after he had passed her on the street.

A large part of today's session of court was occupied with testimony Svalgard Johansen, called for cross-examination after testifying late yesterday after H. Jansen.

All testified yesterday to the effect that Mrs. Mahoney was in the Baker rooming house here until 11 o'clock or later on the night of April 16.

The state had contended that Mrs. Mahoney was slain about 9 o'clock.
