

DRESSMAKER MADE WELL

Followed a Neighbor's Advice and Took Lydia E. Pinkham's Vegetable Compound

Vernon, Tex.—"For three years I suffered untold agony each month with pains in my sides. I found only temporary relief in doctor's medicine or anything else I took until my husband saw an advertisement of Lydia E. Pinkham's Vegetable Compound. I mentioned it to a neighbor and she told me she had taken it with good results and advised me to try it. I was then in bed part of the time and my doctor said I would have to be operated on, but we decided to try the Vegetable Compound and I also used Lydia E. Pinkham's Sanative Wash. I am a dressmaker and am now able to go about my work and do my housework besides. You are welcome to use this letter as a testimonial as I am always glad to speak a word for your medicine."—Mrs. W. M. STEPHENS, 1103 N. Commerce St., Vernon, Texas.

Dressmakers when overworked are prone to such ailments and should profit by Mrs. Stephens' experience. Write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass., about your health. Your letter will be opened, read and answered by a woman and held in strict confidence.

OCTOBER TERM FEDERAL COURT OPENS TUESDAY

Judge C. E. Wolverton On Bench—New U. S. Marshal With Officials—Cases Are Largely From Klamath—List of Jurors

The southern Oregon or Medford term of the United States court will convene in the federal building tomorrow at 10 a. m. with Federal Judge C. E. Wolverton on the bench. Fifteen cases are on the docket for trial, including a number from the Klamath reservation, which means that the usual large number of Indians will add their picturesque to the fall scenery of Medford during the court term.

The federal court attaches will arrive in the city this afternoon, tonight and Tuesday morning from Portland. From the present outlook the term will last two weeks. United States District Attorney Lester W. Humphreys and Deputy United States District Attorney Thomas Maguire will conduct the prosecutions in the cases in which the government is plaintiff. E. M. Morton, deputy United States court clerk, will act as clerk at the Medford session.

Medford will have the pleasure of seeing the new United States marshal for the Oregon district, Major Clarence R. Hotchkiss, overseas veteran who was sworn into office last Saturday, succeeding George F. Alexander, for the first time. And along with him comes our old able and courteous friend, John D. Mann, who has been chief deputy United States marshal during Alexander's term and who will be retained in office a month yet to break in the new marshal and his deputies with the red tape of that office. Assisting Mann will be Everett T. Stretcher, one of Marshal Hotchkiss's new deputies, who it is understood will succeed Mann as chief deputy.

The exact number of cases coming up at this term for trial and what they are will not be known until the federal court party arrives in the city.

Following is the panel of jurors:

Halleck Ball, Wabito; George Burdon, Grants Pass; H. J. Boyd, Ashland; Walter Brooks, Williams; Milo Conley, Brownsboro; T. P. Critzer, Leland; T. N. Crow, Galice; Ed Dalley, Kerby; S. E. M'NEILL FINED \$10 FOR HITTING JAP IN TOMATO PATCH

John McNeill was found guilty this morning in Justice Taylor's court on a charge of assault and battery preferred by K. Hamal, a Japanese farmer and was fined \$10 and costs.

McNeill and his son Oris went to the tomato patch cultivated by Hamal, on land rented to him by C. M. Feister, and began to pick tomatoes which Mr. Feister said that they might do as he had made arrangements with Hamal so that his friends might have the tomatoes. Hamal happened to be passing the patch with Sam Bertelson in Mr. Bertelson's car and seeing McNeill and his son in the patch thought that they were stealing the tomatoes and got out of the car to talk with them. McNeill says that Hamal struck him with an umbrella and Hamal denies having the umbrella in his hand.

McNeill knocked Hamal down several times and kicked him twice. The entire fracas was a result of a misunderstanding over the arrangement between Feister and Hamal, Counsel for the defense was Frank P. Farrell, witnesses for the defense were John McNeill and his son Oris and C. M. Feister. Witnesses for the state were Sam Bertelson and K. Hamal. R. Saito acted as interpreter.

STANDARD GRADE C. LAKE DISCUSSED

A luncheon-meeting of the highway committee of the chamber of commerce with the county court and a representative of the state highway engineering department, took place at the Medford hotel last Saturday at which the matter of finishing a standard grade on the Crater Lake highway between Trail and Prospect was thoroughly discussed. Arrangements were made whereby full engineering data on this section will be in the hands of the highway commission prior to its October meeting. It is planned on behalf of this project.

Those present at the meeting were County Judge Gardner, Commissioner Owen, Ben Sheldon, H. L. Walther, Vernon Vawter, H. O. Frohach and a representative of the highway engineers.

RECEPTION HELD FOR TEACHERS OF ASHLAND SCHOOLS

ASHLAND, Oct. 3.—This early in the season the school teachers are being entertained, and it follows that they are entertaining. The first reception in their honor was tendered by the Parent-Teacher association recently, and on Friday evening of last week the local priesthood were "at home" to the educators. The scene was the Baptist church and mutual felicitations were the order of the hour as exchanged between teachers and a goodly number of citizens, the Ashland Ministerial Union being hosts at this happy gathering, held under the most hospitable and cheery auspices. Miss Leota Rogers, of the high school's English department cleverly responded in behalf of the teachers to the welcoming address delivered by the president of the union, Rev. C. A. Edwards, Methodist pastor. The city clergy and their wives served on the reception committee, reinforced by Mrs. Ella Mills, Mrs. V. O. N. Smith, Mrs. Gordon McCracken, Mrs. Guy Jacobs and Mrs. F. S. Engle. The committee of arrangements included Rev. W. J. Oldfield, congregationalist Rev. Josephine Champe, Christian, and Rev. Walter A. Evans, Baptist, representing the several churches respectively. Decorations were in keeping with this glorious autumn season, details as to flowers and foliage having been attended to by Mrs. S. A. Peters, Jr., and Mrs. H. E. Carter, while Mrs. C. B. Lamkin, Mrs. A. J. Abbott, and Mrs. Albert Williams supervised the serving of refreshments. Mrs. H. C. Galey, Mrs. W. M. Peley and Mrs. J. H. Fuller provided a program, which incorporated a reading by Dr. Mattie Shaw, also musical selections by Mrs. Jacobs, Miss Kaegi, and a popular male quartet, the personnel of which included Rev. Mr. Evans, Harry Yeo, Broy Stratton and Dr. Tilton. An accident unavoidably prevented Rev. Mr. Oldfield from participating in the reception gathering. His Buick car, parked near the church grounds, ran amuck down First street, minus a chauffeur, meeting with a barrier in the walls of the Citizens' Bank. The car was somewhat damaged, but the run on the bank was without other results. This accident, however, unnerved the preacher to such an extent that he was compelled to forego attendance upon the social event.

Every single seat at the Vining is reserved for "Purple Flashes," which appears under Elk's auspices at that playhouse on Tuesday and Wednesday evenings, October 4 and 5. The sale of seats began last Saturday morning. Rehearsals have been frequent, and a dress rehearsal took place Sunday morning, in order to confirm the ensemble of the cast in every particular. All is now ready for the big attraction, and ticket purchasers should get in on the ground floor early. Fifty people are identified with the show's appearance here and a more than capacity house is in prospect, the representation of patrons being large from all parts of the valley.

A change is to be noted in the next gathering of the Parent-Teacher association, October 5 at 4 o'clock, instead of Tuesday, as heretofore announced. A specific activity of the association at this season is connected with formation of dressmaking and millinery classes, a movement which was so successfully inaugurated earlier in the year. To such an extent has this work developed that a third class in these domestic branches has been instituted with Mrs. W. T. Abbott as instructor, this unit meeting on Tuesday, Thursday and Saturday of each week at 2 o'clock. About 75 women are enrolled in these respective classes, and only a few more places are available. The evening class in millinery has Mrs. Selma Gray for instructor, the courses of instruction being divided into twelve lessons for dressmaking and six lessons for millinery classifications. Arrangements further provide that as fast as present classes complete the prescribed course, new ones will be formed. At the Parent-Teacher meeting on Wednesday it is planned to have Miss Florence Pool, county representative of the home economics department of O. A. C. discuss the opportunities offered by the extension department of that institution.

Even egg doesn't tarnish the silver

POLISHING SILVER is a rare event in homes where California Citrus Washing Powder is used in the dishwasher.

Even egg spoons maintain a cheerful appearance for months at a time without having to be treated to a rubbing with silver polish.

And when you bring out into the light seldom used silverware that fails to give forth the lovely soft gleam which is its heritage, simply put it into an aluminum pan with a pinch of Citrus in the water and set over a slow fire. Watch it! Like magic all dullness and tarnish will disappear! Rinse in fresh warm water and dry. It will be beautifully white and bright.

Wherever there's a dishpan there should be a package of efficient, fragrant Citrus.
