The recently enacted "local budget law," applicable to all tax levying bodies within the state, adds little to the irrigation district law other than the requirement that the board of directors shall appoint each year three qualified electors and freeholders none of whom shall be an officer, agent or employe of the district, who, together with the members of the board, shall constitute the budget committee. This is the opinion of Attorney General Van Winkle, prepared for State Engineer Cupper. Heretofore the budget has been prepared by the board of directors.

The Screen

At the Rialto

Outcasts from the four corners of the globe are the characters in "Bucking the Tiger," the picture which comes to the Rialto theatre tomorrow for a run of four days. The scene is the wild snowbound wastes of the far north where man takes the law into his own hands unhampered by the red tape of legal procedures.

Conway Tearle as MacDonald, the wayward and disgraced son of wealthy parents, driven from home in dishonor has a role which contains wonderful possibilities for the demonstration of his subtle emotionalism. The supporting cast with Winifred Westover as leading woman to the star, contains many well known names.

A Screen Hit, Page

Marjorie Hambeau achieved success on the stage in "Sign on the Door," which appeared here last April. Norma Talmadge has registered one of her greatest screen triumphs in the film version of the same Channing Pollock play. It will be shown at the Page theatre and is acclaimed one of the big motion picture hits of the year.

HOLMES INSURANCE COVERS TUESDAY'S FIRE.

R. A. Holmes, the insurance man, was on the ground at the Barnum Apartment fire this morning preparing to make adjustments in the heavy loss. Much of the loss of building and private property was covered by insurance through the Holmes agency.

This destructive fire comes as a warning to those who have not already taken the precaution of insuring their home and belongings. The Barnum Apartment fire should arouse people to the realization that a fire insurance policy is not only a necessary precaution, but a common sense investment. R. A. Holmes, the insurance man, is in a position to write the most attractive fire policies for some of the best companies in the world and would take pleasure in discussing with any interested their particular conditions and write a policy best suited for those conditions.

Just Like a Man

"My husband suffered for several years with stomach trouble. He often had colic attacks that put him to bed. But a man can't stand the pains that a woman can. He thought he was going to die and the doctors didn't seem to help him any. Like a drowning man grasping for a straw he tried Mayr's Wonderful Remedy, which a nurse told us about and now he is entirely well and eats anything." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale at all druggists. Adv.
