City funds deposited with a bank which becomes insolvent have no prior claim over the deposits of other patrons of the bank unless the funds were unlawfully deposited by a public official, according to State Attorney General Van Winkle. In that latter event, the attorney general holds, the funds are impressed with a trust in favor of the municipality owning the same and may be recovered in full provided they can be traced and the assets of the banks are sufficient to permit of payment of preferred claims in full. The same situation applies to school funds, the opinion holds.

A Ford truck driven by A. J. Anderson was slightly damaged this morning when J. H. Terrett of Central Point endeavored to pass it when another car was coming from the opposite direction on the Pacific highway between here and Central Point. There was not enough room for the Ford Sedan driven by Terrett to pass between the truck and the other car and as a result Terrett struck the truck with the rear fender of his car, throwing it off its course, bending the radius rods, deflating both front tires and cracking a spoke in one of the front wheels. Terrett's car was undamaged and no injuries were sustained by occupants of either vehicle.

Much curiosity was aroused yesterday afternoon by the appearance of a sheet metal house perambulating across Main street at the corner of Fir. At first thought, many were of the opinion that one of the burned-out tenants of the Barnum apartments had taken time by the forelock and built himself a fire-proof cottage with the ability to move at will. However, it was found to be propelled by several men who after much toil placed it upon the roof of the Gitchell building at Main and Fir. While no statement was made as to its purpose it is thought by many to have some connection with the large white screen recently erected above the K. P. Hall.

## BANKS FINANCE PLANS INCREASE OF DAIRY HERDS

As a result of the committee appointed by the Medford Chamber of Commerce to increase the number of dairy cows in Jackson county, C. C. Cate, J. B. Bichan and Iko Merriman left this morning by auto for the northern part of the state to purchase a carload of dairy cows.

This undertaking is being financed by the four banks of Medford and is but the beginning of a campaign to increase the number of dairy herds in this locality.

None but high grade Jerseys will be included in the carload to be shipped in and they are being purchased at Jefferson near Salem. These will be from three to four years old and all will be fresh between now and December first. It is expected that the car will arrive in Medford next Saturday and the cows will be sold at actual cost to farmers having the feed and stable room.

There will be a dairy meeting next Tuesday afternoon at one o'clock at the Gitchell stables in Medford at which there will be a number of speakers from the O. A. C.

The Chamber of Commerce committee making possible the shipment of these dairy cows into this territory consists of W. C. Zait, chairman, George Lindley, W. H. Gore, Delroy Gitchell and C. C. Cate.

## HOFFMAN AND BRAY OPEN NEW OFFICE HERE

Dr. E. W. Hoffman, an experienced chiropractic and graduate of the Pacific Chiropractic college, who arrived here recently from Portland, is associated with Dr. Jewett P. Bray in the practice of Chiropractic. An office has been established in the Medford building where latest and up-to-the-minute equipment has been installed.

Dr. Hoffman's assistance will make it possible for Dr. Bray to handle his

old patients and enable new ones to avail themselves of their treatment.

NEW YORK, Oct. 5.—Joe Palmer, famous as a jockey, a half a century ago today was on Blackwell's Island, a pauper, although he earned approximately a half a million dollars in his racing days.

Fuller, now 74, gave himself up to a member of the police narcotics squad yesterday and asked that he be sent to the island to be cured of the drug habit.
