## RUMMAGE SALE IN ASHLAND FOR NEW CIVIC CLUB

ASHLAND, Oct. 7.—Shaves, dolls, hats, dahlia bulbs, and a whole range of et ceteras, will be available through proceeds of sale of the same, in behalf of the community clubhouse, in aid of which public spirited movement the Civic Improvement club is at present more than actively engaged. On Tuesday afternoon of this week at a rally gathering of the club a lot of activities were outlined to help the project along while the mood is tense in stressing the community endeavor for the building of a "homey" comfort station. The site has been granted by the city council, and enough funds are available to warrant starting the construction enterprise this fall instead of delaying operations until the advent of another year. The familiar old rummage sale of the wartime period is to be repeated and this enterprise prompts the modern Ashland woman's slogan, which might opportunely be worded in sentiment following, to-wit:

To give, or not to give?  
That is the question!  
Whether 'twould be better  
To pass on through the Rummage Sale Of the Civic Improvement Club  
Articles for which I have no more use,  
Such as clothing, furniture,  
Dishes, hats and what not,  
Or to hoard these things—  
Useless and room-taking,  
Dust-collecting and  
Moth-begotting, in my home,  
Whether in attic, closet or storeroom?  
Shall I put again into circulation  
That which may help another,  
Or shall I be  
An unloved Tight-Wad?  
Nay, nay, not that!  
I thank you.

In a literary way, Dr. Mattie Shaw will give a number of her inimitable readings. Mrs. Mary Wilshire is taking orders for dahlia bulbs, and Mrs. Nellie Sugg, is planning a doll hat crusade for the Christmas holidays. It remains, however, for Barber Shell to introduce an innovation, having entered into a pact, during the month of October, to donate the proceeds of hair-cutting, on boy subjects under 12 years of age, to the club women. Now is the accepted time to have these lustrous awnings removed. Mrs. Shell will supplement her husband's donation by sewing for the clubwomen during November, the entire earnings being diverted to the building fund. Rummage sale headquarters are conveniently located in the Khaki cottage tent opposite Hotel Ashland, a reinforced canvas structure formerly located on Chautauque grounds, a substantial unit in its structure and appointments and a novelty which it will be interesting to inspect.

A water survey of the city supply, proffered by an out of town engineering concern at an implied expense of \$1250, has been declined without thanks by the municipal authorities, as a totally unnecessary expenditure. Many men of many minds are advancing all sorts of angles as applied to the needs of the system. In fact the nebular hypothesis isn't in it by comparison with the controversies over the hydro problem, and whereas the risk of contracting hydrophobia is probably nil owing to the lateness of the season, "water on the brain" heresabouts is rapidly assuming the phase of an epidemic, a number of experts, also members of the city council and citizens in general already exhibiting symptoms of this insidious malady, aggravated by efforts to reconcile conflicting views regarding the needs of the situation as follows: "Natural filters"; "pipes too small"; "more storage, more water and no meters"; "water from the lower system is not needed"; "meter and filter the water"; "the water is wasted"; "city needs a dam or reservoir," besides some other expressions of opinion too unmentionable to enumerate.

The new home on wheels is very substantially furnished with all the convenient essentials, and will be located at the Dunsmuir terminal as headquarters except when being transported from place to place.

Grand Commander W. G. Shellenbarger, head of the Templar organization in Oregon, was a visitor of Malta Commandery on Thursday evening, accompanied by Milton L. Myers, of Salem, also a member of the grand commandery. The visitors came here from Klamath Falls, and are enroute north after a visit of inspection throughout the state. The gathering here was a representative one of members of the order throughout the valley, the social element predominating at the pleasing reunion event.

I bought some sheets that were so full of billing that they would ruin a tub of wash water. Then I said some things.
