

Constipation

THERE IS NOTHING equal to Chamberlain's Tablets for constipation. When the proper dose is taken their action is so agreeable and so natural that you do not realize that it is the effect of a medicine. These tablets possess tonic properties that aid in establishing a natural and regular action of the bowels. Chamberlain's Tablets have cured many cases of chronic constipation.

HAND WRESTLES WALTER MILLER G. HILL, OCT. 18

Walter Miller, middleweight wrestling champion and wrestling instructor at the Los Angeles Athletic club, will meet Ralph Hand, champion of southern Oregon at Gold Hill, Friday, October 18th, in what promises to be the most thrilling athletic contest in the history of this section.

Miller has thrown Thy twice at Los Angeles within the last year and is a star of the mat, who has met and thrown some of the best wrestlers in the country.

Hand is now training under the direction of Ted Thy at the M. A. A. C. in Portland, and has been learning all the tricks of the game in his six weeks tutelage. Thy believes that with the rough edges knocked off Hand will be a strong contender for the championship, and that he has a good chance with Miller off his home ground. Thy claims it is hard to beat Miller in Los Angeles, just like it is hard to beat Hand in Gold Hill.

The Miller-Hand match ought to draw the largest crowd in the annals of southern Oregon sport events. It will be staged at Gold Hill under the auspices of the Gold Hill boxing commission.

ROGUE RIVER

The Ladies' circle spent a busy afternoon Thursday, the 29th, at the home of Mrs. Mellvain, sewing and planning for the bazaar. A short business session was held in which Mrs. Brashear was selected president. Before leaving the hostess served each a generous and refreshing slice of watermelon. Those present were: Mrs. Brashear, Carstens, DeBois, Freed, Florton, MacFaren, Martin, Mansfield, Marquis MacLaren, S. Sandy, Wilson and Mellvain.

Rogue River high school boys are victors once more, having beaten Central Point five to nothing in a soccer game last Friday afternoon.

Mr. Sam Rybensky of Merrill, Ore., has come to Rogue River to live and is opening up his business as shoemaker next door to the barber shop.

The Presbytery of Southern Oregon meets in Rogue River next week. Rev. Mr. Warrington of Roseburg will preach the opening sermon on Tuesday evening. All day Wednesday will be devoted to business, followed in the evening by an evangelistic sermon by Rev. Mr. Koehler of Ashland. On Thursday, adjournment.

EAGLE POINT EAGLETS

By A. G. Howlett

M. E. Rosa of Rogue River, came in Thursday evening and enjoyed a room and board for a limited time. He has the contract to pack the apples on the Tronson and Edgell orchards, and commenced to work Monday morning the 3rd, and from what I can learn of his plans intends to put on quite a force and push the job through as fast as possible. I have not heard of the prospects on the Tronson orchard but met Mr. Edgell a day or so ago and he reports that the prospects for a crop are considerably better than they were last year, and last year he had a fine crop and they were of a fine variety, large and luscious.

F. C. Bell, the present owner of the Butte Creek (the old Corbin) orchard reports that he has a fine crop of apples again this season and commenced to pick and pack the latter part of last week, and from what I can learn the prospect is very good for as good, if not better crop as we have ever had in this Butte Creek country, and where there is water to irrigate the trees it is almost a certainty to have a good crop, although once in a great while the late frosts damage the fruit to a greater or less extent.

There is a considerable quantity of lumber, shakes and fence posts being brought out of the hills just now by team and trucks as the parties who have been bringing out such things on the railroad track have discontinued that line of business for some reason. I met Verna Mathews a day or so ago and he said that he was hauling out his lumber to put up a large barn, with teams. It seems so slow a process to go nearly twenty miles to a mill, and that laying right on the P. & E. railroad, when it could be done with trucks or on the railroad so much easier, but such is life in the far west when a few men control the business affairs.

Rudolph Peck, the king potato raiser on Little Butte creek, has been hauling out his spuds to supply the Medford market and last Monday morning I saw a man loading on a half truck load of potatoes taking them up right past Peck's place for the Fish Lake Ditch Co., that had been brought out of the hills and stored here for them and I thought at the time that that looked like poor business on the part of somebody to handle them three or four times extra and haul them perhaps over the same road.

I met J. Wattenberg the other day and he told me that he had rented the farm known as the T. E. Roth place lying along the banks of Rogue river some six miles above here. Mr. Wattenberg is fortunate in securing such a valuable place for it is not only good

land but a good part of it is set in alfalfa and they have recently opened up a ditch bringing water from Rogue river so as to irrigate almost the entire place.

Carl Ahlstrom of Butte Falls, was one of the passengers on the Butte Falls stage last Friday on his way home and he attracted my attention more particularly on account of his having strips of adhesive plaster across his nose and my curiosity led me to inquire the cause of his trouble and he said that he had it broke playing football.

Among the city dads and the lady members of the town council there have been some very material improvements made in the streets of our town, between the private citizens and the county they have succeeded in making Riverside Boulevard one of the finest streets in the town and the county has had the county road commencing at the railroad track and running in a westerly direction to intersect the Crater Lake highway covered with a good supply of crushed rock, rolled and well watered so that those who wish to go either way can have a good road to drive on, and in addition to that the town is having a lot of sand and gravel dumped into some of the holes that have been worn in our streets, and had a new cross walk put at the intersection of Rogue River avenue with Main street and on the county road on the Sunnyside of Butte creek private enterprise has put a fine lot of sand and gravel all along from the county bridge to the corner of Lot 1, Block 1, D. & E. addition, facing the Sunnyside hotel.

Rev. Geo. N. Edwards, field worker for Washington, Oregon and Idaho for the Congregational church will hold services in the Antloch school house on Sunday, Oct. 9th, at 10:30 Sunday morning and at Brownsboro at 3 o'clock in the afternoon and at Eagle Point at 7:30 p. m. Everybody is invited to attend and hear him.

Pete Young was a business caller last Friday. He is generally too busy to take time to visit our town but has come in occasionally to have blacksmithing done, as he has a good farm to care for and that keeps him busy.

Mrs. Chas. Ray, Mabel Ray and Mr. J. F. Mundy of Medford, were here for dinner Friday.

Orbie Abbott of Butte Falls was a passenger on the stage for Butte Falls Friday, and Frank Miller, formerly of the Lake Creek country but now of eastern Oregon, and Thos. F. Nichols were here for dinner.

Frank Courtney and his brother Sam are at this writing repairing the damage done by the fire at the Nichols store.

Mrs. Cummings of Central Point, was here looking after her property and while here rented it to O. M. Goss.

There was a big truck load of furniture and general supplies went thru here for the citizens of Butte Falls. The furniture was for M. C. Mahoney. Among the callers Saturday were Frank Miller, Ralph Belbersteadt, John Miller and wife and Mrs. Margaret Brown, Mrs. Miller's sister of Portland, Thomas Swem, Mr. and Mrs. G. A. Coddling, deputy district attorney were here and were on the stages, Mr. Miller and family for their home at Lake Creek, and Mr. and Mrs. Coddling and Mr. Swem were on their way to Butte Falls.

G. W. Van Dyke of Lake Creek, has taken over the job, not the contract, of carrying the mail from here to Lake Creek from Mr. Staub of Brownsboro, the contractor.

Cliff Hickson and wife have moved into the F. J. Ayers house on Riverside Boulevard.

Win. Butler has started up his wood saw and is sawing up the wood for the people in town who have such work to do.

Misses Vera Kershaw and Ethel Holman of Climax came in with the mail from Climax and Wellen on horseback.

Mr. and Mrs. Ralph Billings and son and J. R. McCracken of Ashland were here for dinner Saturday.

SAGE TEA BEAUTIFIES AND DARKENS HAIR

Don't Stay Gray! It Darkens So Naturally that Nobody can Tell.

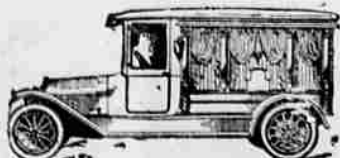

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound to-night and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

This preparation is a toilet requisite and is not intended for the cure, mitigation or prevention of disease.
