

NEW EXPLOSIVE TESTED OUT BY U. S. ORDNANCE

ABERDEEN PROVING GROUNDS, Md., Oct. 7.—Tests of developments since the world war in military and naval offensive weapons were held here today on the occasion of the third meeting of the army ordnance association. The exhibition of new weapons was before a limited number of invited guests, consisting largely of members of engineering societies.

The demonstration of flashless powder, was a feature of the program. In achieving this result the chemists incidentally reduced the volume of the detonation.

Improved types of guns, from the massive 16-inch 50-caliber naval rifles, designed to throw 2,400 pounds of chilled steel 35 miles, to the portable machine gun, capable of speeding a dozen bullets with the tick of a watch, were tried out under "service conditions."

The program also called for further tests of the 4,000 pound bomb, carrying more than a ton of T. N. T.

SPENT 100,000,000 RUBLES TO CROSS RUSSIA

Charles R. Crane, former United States minister to China, who arrived in Riga, Latvia, after a 7,000-mile journey from Peking, which took him and his party across Siberia and Soviet Russia. During the journey Mr. Crane spent 100,000,000 soviet rubles, or about \$3,000 in real money. This was in addition to a car load of pins, needles, toothbrushes, soap and other merchandise Mr. Crane carried to pay his way in lieu of money. The party traveled in private cars under a special permit from Lenin.

SUCCEEDS SECRETARY FALL AS SENATOR FROM NEW MEXICO

Holm C. Bursum (republican), who has been elected United States senator from New Mexico, to succeed Secretary of the Interior Fall. Senator Bursum is now serving out Secretary Fall's unexpired term. He was elected for the full term over Richard H. Hanna (democrat), and A. A. Sosa (independent) by a majority of 7000.
