GIANTS WIN SERIES NOW THREE ALL

Record Breaking World Series Bat Fest Goes to National League by 8-5 Score—3 Homers Rapped Out—Two Pitchers Knocked Out of the Box.

POLO GROUNDS, NEW YORK, Oct. 11.—(By the Associated Press.)—Victory perched high on the bats of the Giants this afternoon when the Yankee pitching caved in and engulfed the American leaguers in an eight to five defeat. Over thirty-five thousand people saw the Giants even the world's series, which now stands: Giants three; Yankees three.

Barnes' pitching cast a mystical spell over the Yankees, ten of whom were erased at the plate by strikeouts.

The following official score shows how the Yankees waved their weak wands at Barnes and lost to the Giants:

Babe Ruth Out of Game for Season, Yanks Not Worried

NEW YORK, Oct. 11.—"Babe" Ruth announced this morning that the injury to his arm would keep him out of the game for the rest of the series. His physician warned him, he said, that to take further chances would risk the loss of his arm.

Babe overruled a similar order Sunday but he was obviously in bad shape after yesterday's exertions and his doctor declared there was danger of permanent injury if the big slugger persisted further in using his infected arm.

Huggins declared the Yankees could win without Ruth.

MEDFORD'S NEW BAPTIST CHURCH TO COST $40,000

The plans for the new building for the First Baptist church are progressing very encouragingly, and to the great satisfaction of the pastor, Rev. F. R. Leach. Sunday at the morning service Rev. Mr. Leach announced the following building committee: Prof. Aubrey G. Smith,, Wm. Davis, Fred G. Jones, E. H. Neidermier, Mrs. Fred Mears, Mrs. John N. Brownlee, Mrs. P. H. Daily. Soliciting committee: H. E. Marsh, F. J. Wortman, Dr. Robert Stearns, Dr. F. G. Carlow, W. K. Whisnant, D. Roberts, Justin Judy.

The two committees held a joint meeting last evening at the study of Rev. Mr. Leach, and discussed fully the general building plans. It was decided to erect the new church on the size of the present building. It will be a brick structure. The architectural department of the Baptist Home Mission Society will be used in getting the very best and most approved ideas of modern church building. The Baptists have engaged specialists in church architecture for the benefit of churches which plan building.

The plans which were discussed last evening call for a building to cost $40,000 exclusive of all furnishings and equipment. If the plans accepted at this meeting are fully carried out Medford will have a church building which will be fully equipped for every possible work any church could desire to undertake. Recreation features will be recognized and the departmental Sunday school idea will prevail. Ladies parlor, boy's and girl's club rooms will form some of the many ideas carried out in the new church as will be erected by the Baptists of this city.

Sunday the 23rd will be set aside as Building Sunday when a Platform Meeting will be held and different ones will tell of what the building will be and do for the church and community. An active campaign for pledges will follow later. The Soliciting Committee will meet Friday evening at Rev. Leach's study and outline the financial campaign. The church is a unit in backing the pastor and committees which augers well for the success of the enterprise.

U. S. EXPORTS AND IMPORTS DECLINE

WASHINGTON, Oct. 11.—Values of imports and exports of merchandise each fell off materially during September, according to figures made public today by the department of commerce. Imports for September were $180,000,000, the lowest for any month this year.

Exports last month totalled $325,000,000, only $5,000,000 more than the lowest month this year, July, and $46,000,000 below the August record. Both imports and exports were approximately 50 per cent below the totals for September, 1920.

IRISH MEETING OPENS, BUT NO NEWS GETS OUT

Representatives of Sinn Fein and British Government Meet in Cabinet Room, 10 Downing Street—'No News for Weeks Yet.'

LONDON, Oct. 11.—(By Associated Press.) The conference of representatives of the British government and the Sinn Fein met at 11 a. m. in the cabinet room at ten Downing street, Prime Minister Lloyd George's official residence. After a session which lasted until one o'clock the conference was adjourned until later in the afternoon.

Previous to the session there were rumors of a disposition to consider the sending of an invitation to Belfast, asking that the Ulster government send representatives to the meeting and it was possible that such a step would be taken.

A crowd of several hundred persons had gathered in Whitehall at the end of historic Downing street, which was kept clear except for officials and newspaper men as the Irish delegates arrived. The crowd gave the Sinn Feiners a cheer as they passed through the high timbered gates which were erected some months ago at the entrance of Downing street when there was apprehension that an attack might be made upon the government offices.

A number of Sinn Fein flags were displayed by those who cheered the delegates. Sinn Fein emblems, sold by Englishmen, were worn by many. One young Irishman held aloft a placard reading "peace and justice."

When the conference opened the Irish delegates after an exchange of introductions, took seats at the cabinet table with their backs to windows overlooking the Horse Guards parade, with the British representatives opposite them. Strictly speaking, nobody presided in the ordinary sense of the word, but Mr. Lloyd George was the spokesman at the outset for the British, and Arthur Griffith, Sinn Fein foreign minister, for the Irish.

Mr. Lloyd George's opening remarks were brief, as was the reply of Mr. Griffith, and the conference settled down to the work in hand. Irish sympathizers outside sang hymns during the opening of the conference.

LONDON, Oct. 11.—A communique issued after adjournment merely said that the first session of the "conference on Ireland" was held at 11 o'clock. It gave the names of those present and announced that the conference was adjourned until four o'clock this afternoon.

The Irish delegates were cheered as they drove away. They refused to answer questions.

One of Mr. Lloyd George's secretaries who received the newspaper men just after the conference opened smilingly said:

"You cannot expect any news for weeks yet."

PENNSYLVANIA HAS ITS OWN TEA CROP

READING, Pa., Oct. 11.—It is not generally known that Pennsylvania has a tea crop indigenous to the Blue Mountain region near here and which largely supplants the use of the Oriental tea in several counties of this section. The crop is now being gathered and tons of the tea are being picked and dried for winter use.

The soil, where this little-known product of the Keystone state grows, is rocky but there is plenty of moisture. The plant closely resembles Chinese tea. The leaves are long and slender and of a deep green color. The beverage, prepared from the dried leaves in the same manner that ordinary tea is brewed, is said to be mildly stimulating and rich in medicinal properties.

HIGHTOWER CASE GOES TO JURY

REDWOOD CITY, Calif., Oct. 11.—The defense rested today in the trial of William A. Hightower, accused of the murder of Father Patrick E. Heslin, Colma, Cal., Catholic priest. The case is expected to go to the jury late today.

Greeks Claim Big Victory Over Turks in Asia Minor Field

ATHENS, Oct. 11.—Greek and Turkish nationalist forces have been engaged in stern battle along the new front in Asia Minor, extending from Afiun-Karahissar, northward to a point almost directly east of Brusa. On the southern end of this line the Greeks, says an official statement, have won a complete victory, driving the nationalists from the field and inflicting heavy losses upon them.

SOLON DEMANDS INVESTIGATION KU KLUX KLAN

WASHINGTON, Oct. 11.—Demand for an investigation of the activities of the Ku Klux Klan was made before the house rules committee today by Representative Tague, democrat, Massachusetts.

Called as the first witness in a hearing on several pending resolutions Mr. Tague said he first directed the attention of the department of justice toward the Klan prior to change of administrations last March.

"There is no law to permit men to go out in the dark and take me or my family from my home to punish me whether I am black or white, Catholic or Jew," Mr. Tague declared.

"If the charges as published are true, it is time for congress to put out its hand and stop it."

William J. Simmons of Georgia, imperial wizard and founder of the Klan, was among the first witnesses to arrive.

Attorney General Daugherty also was present at the hearing.

William J. Burns, chief of the department of justice bureau of investigation, whose evidence bearing on the activities of the Klan, was presented yesterday by Attorney General Daugherty to Chairman Campbell, also was on hand to testify.

Chairman Campbell said the question whether the order had violated the postal laws would have attention from the government, the chairman said, as well as charges that lawless acts had been committed by masked men.

FOR LABOR STRIKE TO PREVENT WAR

LONDON, Oct. 11. — Affiliated Transport workers, railroad employes, miners and metal workers have been called to meet in a conference on November 11, the date of the opening of the Washington conference on limitation of armament, according to a decision of the International Federation of Trade Unions of Great Britain. Robert Williams, secretary of the Transport Workers union, informed the Daily Herald, organ of labor, last night, that the conference would include all the workers of Europe and would call on the peoples of America and Europe "to wage war against capitalism in the only effectual way."

"When politicians and statesmen vote credits for war munitions," he continued, "they will have to reckon with the question whether the workers will produce and transport them."

PRESS CONGRESS IN HONOLULU OPENS

HONOLULU, Oct. 11.—The press congress of the world opened its sessions here last night with a banquet, following which a reception was given for the delegates by Governor Wallace R. Farrington.

Addresses of welcome were delivered by the governor, Mayor John H. Wilson of Honolulu and George P. Denison, president of the Honolulu Chamber of Commerce.

A number of the delegates replied in two minute speeches, including Lieutenant Colonel E. F. Lawson, of England, Oswald Q. Rand, Canada; Marx Copen, New England; Jap Innes, Austria, T. Petrie, Hong Kong; Gregorio Nieva, Philippines, and Henry Chung, Korea.

INVITATION TO GEN. PERSHING IS DISPATCHED

British Cabinet Ministers in Haste to Correst Snub to American Commander — Foreign Office Regrets Misunderstanding—Wire Sent.

LONDON, Oct. 11.—(By the Associated Press.)—General Pershing, chief of staff of the American army, will come to London before October 20 to lay the medal of honor voted by the United States congress on the tomb of the unknown British soldier in Westminster Abbey, the British foreign office announced this evening.

LONDON, Oct. 11.—(By the Associated Press.)—The British government last night telegraphed to Paris, expressing its pleasure at the proposed visit of General Pershing to lay the congressional medal of honor on the tomb of the British unknown soldier in Westminster Abbey, and General Pershing is assured the warmest welcome.

The cabinet ministers were absent from London over the week-end but on returning to London dealt promptly with the question.

PARIS, Oct. 11.—American troops which had been held here for a week to act as guard of honor at the ceremony expected to be held in Westminster Abbey, London, when General Pershing was to lay the congressional medal of honor upon the tomb of the British "unknown soldier," have returned to Coblenz. General Pershing will not go to London, as he had planned, because of the failure of the British war office to fix a date for the ceremony.

Such explanations of the delay on the part of the war office to fix the time when the United States formally could honor Great Britain's war dead would appear to indicate that the British government did not have time to make the arrangements for the ceremony.

2 BANK ROBBERS HELD PENDLETON

SPOKANE, Oct. 11.—Sheriff Clarence E. Long and Miss Ruth Jennings, assistant cashier of the State Bank of Spangle, Wash., which was robbed of more than $6000 last Tuesday, were en route to Pomeroy today where they expected to attempt to identify two men held there as suspects in connection with the robbery.

Descriptions of the men, who were arrested at Pendleton, Ore., and are declared to be from Portland, were said to correspond in many details with those given by Miss Jennings after the robbery of the bank. Recent movements of the men also were declared to have corresponded with supposed movements of the robbers.

The men held at Pomeroy gave their names as William and Andy Kuhnan. They are said to be about 19 and 21 years of age.

PORTLAND TO SHIP GRAIN TO INDIA

PORTLAND, Ore., Oct. 11.—Charter of two vessels for grain cargoes with India as possible destination, was announced here today, these being the first full loads of grain going to India from the Pacific coast, so far as local shipping men know. The vessels are the Norwegian steamer Torrey, taken for Shanghai with an option on Calcutta or Bombay. The other vessel is the Japanese steamer China Maru, taken for the United Kingdom with an option to India. Both are expected to take their wheat cargoes in November, and the China Maru is expected to load at Puget Sound. Shipping men expected both would go to India.

Rock Island Bonds Granted

WASHINGTON, Oct. 11.—The Chicago, Rock Island and Pacific was authorized by the interstate commerce commission today to issue $1,905,000 of its own bonds for the purpose of paying off obligations of a subsidiary, the Burlington, Cedar Rapids and Northern.

WASHINGTON, Oct. 11. — The emergency tariff, instead of expiring November 27, would remain in effect until February 1 under a bill favorably reported today by the house ways and means committee. The life of the dye embargo would be extended as well as the rates carried in the emergency act.

Negro Runs Out of Names for Family of 32 Children

SAVANNAH, Ga., Oct. 11.—A. B. Burgess, a negro employed by the Atlantic Coast Line railroad, probably has the largest family in George. He is the father of 32 children and has had three wives.

The negro has been blessed with seven sets of twins and two sets of triplets.

When the last set of twins were born Burgess and his wife had run out of names for them and they went nameless until they selected their own names when they entered public school.

Burgess shied at selecting names when he found that among his progeny he had been "doubling up," having two "Willies," and two "Sammies," in his flock.

SENATOR SMOOT MAKES A PLEA FOR SALES TAX

WASHINGTON, Oct. 11.—The sales tax is bound to come, the senate was told by Senator Smoot, republican, Utah, author of a manufacturers' sales tax plan, which he urged as a substitute for the excess profits tax and the various miscellaneous taxes now in force.

"There is no real, fundamental objection to a sales tax," the senator declared. "It is a 'pay as you go' proposition and for that reason favored by manufacturers, though they may pay more in taxes than under an income and excess profits system. But they will know to a certainty just what the tax is; they will pay it out of current receipts. It can be immediately charged into costs as a definite amount and without the inflation which has existed under the excess profit tax; and all taxes are charged into costs just as rent, wages, materials purchase, interest and all other expenses. It will give the treasury department a constant inflow of revenue during monthly periods—current expenses can be met out of current receipts to that extent. It amounts to an adjusting of taxes to business instead of trying to compel business to adjust itself to taxes."

Replying to arguments that the proposed tax was impossible of administration, Senator Smoot said this was not a fact; that manufacturers' taxes were being collected under the present tax law and, that collections could be made in the same manner under his proposals. He also read a letter from Assistant Internal Revenue Commissioner Smith, who stated that in his opinion the Smoot manufacturers' sales tax would be no more difficult of administration than the sales taxes imposed by the 1917 and 1918 laws.

The Utah senator opposed the proposed five per cent increase in the corporation income and high surtax rates, declaring that the latter were keeping revenues from the government through the evasion of taxes by men of large incomes.

HOLD SMALL TRIAL AT WAUKEGAN, ILL.

SPRINGFIELD, Ill., Oct. 11.—The trial of Governor Len Small and Vernon Curtis, a banker of Grant Park, Ill., charged with conspiracy to defraud the state of Illinois, will be held at Waukegan, Lake county, Illinois, attorneys in the case agreed today.

The charges date back to Governor Small's term as state treasurer.

BRUMFIELD ACTED SANE IN CANADA

Canadian Telegraph Operator, in Roseburg as Witness, Tells of Dentist's Visit—Jury Is Completed and Trial Begins—State Outlines Its Case Against Brumfield.

ROSEBURG, Ore., Oct. 11.—The state's case against Dr. R. M. Brumfield was opened today before the jury which was completed late yesterday, and District Attorney George Neuner in his opening statement had ready an outline of evidence upon which the prosecution bases its charge of murder in the first degree and upon which it seeks the death penalty upon the dentist for the alleged murder of Dennis Russell.

After Neuner had spoken an hour, asking for the death penalty, Dexter Rice of Brumfield's counsel, addressed the jury fifteen minutes asking that judgment be suspended until the whole truth was learned and saying that the defense besides claiming Brumfield was insane on July 13, expected the state to fail to prove that Brumfield killed Dennis Russell. Court then recessed and the jury went to view the scene of the alleged crime.

During the prosecutor's talk Mrs. Brumfield blanched repeatedly as he dwelt on grewsome details.

More than 50 witnesess are ready to supply details of the case built up by the district attorney, whose investigation led to the arrest near Calgary, Alberta, of Dr. Brumfield, a month after the headless body of Russell was found in the wrecked and burned automobile of the missing dentist near here July 13.

The jury is comprised entirely of farmers and was selected after the defense had exhausted all its challenges and the state had only one left.

Dr. Brumfield said this morning that mice which troubled him Sunday night, were not so bad last night. He found one caught in a trap he said.

The prisoner has a new keeper now, "Tiny" Bill Kepper, former Pittsburg, Pa., policeman. "Two Gun" Hopkins, his former jailer, has been placed on jury guard duty.

The complete jury follows:

Amos B. Cripp, Riddle; Q. W. Hartshorn, Sutherlin; Vincent Applegate, Yoncalla; Joseph Winiford, Umpqua; Fred Parker, Sr., Canyonville; Dick Hanan, Yoncalla; George Edds, Yoncalla; J. F. McClanahan, Oakland; W. E. Clingenpeel, Looking Glass; N. L. Conn, Melrose; George C. Sewell, Myrtle Creek, and Frank Pringle, Elk Head.

Brumfield Acted Sane

"When Dr. Brumfield talked to me in the Calgary telegraph office on July 29th, before he went to Midnapore, where he was later captured, he was perfectly normal—at least he acted that way, and was certainly courteous in his dealings with me," said Miss Florence Curry, Calgary telegraph operator who is here to testify during the murder trial.

Miss Curry, who is registered at the Hotel Douglas here, in a quaint Canadian way today told of Dr. Brumfield's visit to the telegraph office.

When Dr. Brumfield visited the telegraph office he gave the name of Norman Whitney. He was dressed in a blue suit with a pin stripe, wore glasses and a mustache, but was well groomed and his appearance was very neat. At the time he talked with me I did not notice anything strange about him and he was very courteous. He left $100 dollars in cash with me at the telegraph office and said that his wife, Mrs. Norman Whitney, would wire for it and for our office to wire it back to her immediately upon the request.

ONE NEGRO IS LYNCHED BY TEXAS MOB, ANOTHER ONE SHOT BY POLICE

MOUNT PLEASANT, Texas, Oct. 11—Wylie McNeely, negro, was burned to death by a mob near Lessburg, Camp county, last night. He had been arrested charged with assault upon a girl. The negro was seized by the mob when he attempted to leap from the jail to an automobile waiting to spirit him away from the large crowd which had surrounded the jail.

FORT WORTH, Texas, Oct. 11.—David Bunn, confessed negro bandit, who held up and robbed and abused a camping party at Lake Worth, near here, last week, was shot to death early today while trying to escape from officers on the Dallas-Fort Worth pike.

Bunn, who was saved by officers from three mobs last week, was being brought in an automobile from Dallas to Fort Worth for trial. Officers here said Bunn confessed to a large number of crimes.

AMUNDSEN DECIDES TO USE AIR PLANES TO DISCOVER NORTH POLE

SEATTLE, Oct. 11.—Captain Raold Amundsen, discoverer of the South pole and conqueror of the northeast passage, will use airplanes in an effort to reach the North pole if present plans for drifting past the top of the world prove impracticable. H. H. Hammer, his representative here announced today.

Captain Amundsen has already secured the services of two Norwegian aviators who will sail with his ship, the Maud, when it leaves Seattle next May to resume its interrupted far northern trip, according to the announcement. The two planes to be used in the expedition are expected to arrive here early next year.

The explorer's original plans for the expedition which is operating under the auspices of the Norwegian government, called for a five years' drift with the Arctic ice pack. The Maud left Norway more than two years ago, but last year lost a propeller in the ice of the Siberian coast and was brought back to Seattle for repairs.
