

### FIT UP RELIEF SCHOOL ROOM AT JACKSON SCHOOL

The school board at its meeting last night in order to further relieve the congestion at Washington and Jackson schools, decided to erect a new room in the Jackson building and employ another teacher to have charge of it. It is figured that this will give the needed relief to both schools.

There are still too many pupils at Washington school, despite the transferring of a large number of pupils to the new room opened up last week in Roosevelt school. Then, too, a number of pupils of the Jackson school territory have this year been forced to attend Washington school.

The board last night also decided to shoulder all the expense of transporting by auto the transferred pupils from Washington school to Roosevelt school, both ways daily, which has been borne by the parents of the pupils since the transfer went into effect last Thursday. The board's action was influenced by many parents affected, who thought it was an injustice to place this burden on them, which they felt should be borne by the entire school district.

### JACKSONVILLE POST SOLD TO S. P. SHUTT

The Jacksonville Post has changed hands again, Tom Fulton having sold the paper and business this week to S. P. Shutt and son Harold, who followed the newspaper business in eastern Oregon for a number of years.

The new owners will take charge of the business after this week's issue of the Post. Mr. Fulton is yet undecided as to where he will locate, but it is probable that he and his family will soon return to northern Washington, where they formerly resided.

### Women in Homes and Society

Countless women devote their whole lives to their homes, while others are in the business world, or find happiness only in society. Whether you are a home woman, a business woman, or a society woman, you know how hard it is to "drag along" day after day, suffering agonies, caused by some female derangement that has developed from overtaxing your strength. The natural restorative for such ailments is Lydia E. Pinkham's Vegetable Compound, which for nearly half a century has been considered a standard remedy for women's ills.

### 631 CARS PEARS, 103 OF APPLES SHIPPED TO DATE

Up to this morning 631 cars of pears and 103 cars of apples had been shipped out from Medford to the eastern markets so far this season. There are about 75 more cars of pears to go, all of which will have been shipped in three weeks. The apple shipping season has just gotten into swing and in the next 30 days 15 cars of apples will be shipped out daily.

Southern Pacific agent Montgomery repeated this morning that Medford and the valley will encounter no shortage of refrigerator cars according to present outlook. Nineteen such empty cars for distribution through the valley arrived Tuesday night. Nine cars of apples and seven cars of pears were shipped out from Medford last night. Picking and packing of apples and pears is going on rapidly these days.

### STARTS WORK PEACE PLAN

(Continued from Page One)  
 conference on limitation of armaments in my letter of October 5th I said to you:

**Disarmament Discussed**  
 "I think I ought to correct your impression about the expectation of universal disarmament. It is very erroneous even to suggest that we might contemplate going so far as that. If we can get a reasonable limitation we shall think that great things have been accomplished."  
 "You replied that my letter seemed to bring a message of hopelessness to those seeking universal disarmament and asked me to explain reasonable limitation."

"By reasonable limitation I mean something practicable that there is a chance to accomplish, rather than an ideal that there would be no chance to realize. It is necessary to deal with actualities; to do the best possible. Universal disarmament would be beyond hope of realization; even its desirability at this time might well be questioned. Thousands of years of history, recording the wars and controversies of mankind suggest that human nature would require revolutionary reorganization to make universal disarmament possible. A consideration of the present state of the world must, I think, enforce the conclusion that this is not a hopeful time to undertake that kind of revolution."

**Prospect Encouraging**  
 "On the other hand, a world with the horrors of recent experiences seared into its mind and staggering under the load of debt and armaments, has generously justified our hope for a favorable attitude toward the practical effort, the sincere beginning that we are attempting. The fine spirit in which the leading nations have received the invitation to meet and consider these things, is altogether encouraging. To undertake the impossible and fail might leave our last state worse than our first. The attitude of the nations warrants confidence that we will not fail, but rather that substantial results will be accomplished, calculated to lessen the armament burden, and to reduce the danger of armed conflict. I feel that in such an effort we are entitled to the support of all people who would be glad—as I can assure you I would be—to see still more accomplished if possible."  
 "Most sincerely yours,  
 "Warren G. Harding"

Attendance at today's game was officially announced as 36,503. The gate receipts were \$118,574, of which the commissioner's share is \$17,446.10 and that of the clubs \$101,127.10.

### SHIPMENT OF COWS ARRIVE HERE TONIGHT

All persons thinking of purchasing high bred cows and others interested are invited to call at the Glitzen stables on North Fir street, to look over the two car loads of cows purchased in the Willamette valley the past week by County Agent Cate, which were loaded into the cars at Sheed last night and should arrive here tonight in custody of John Bichan of the Jackson County cow testing association.

In all, 56 cows were purchased at from \$50 to \$100 each, which will be sold at cost plus the actual freight and other expenses, at a sale to be held here next Saturday afternoon. It is figured that the average price at which they will be disposed of at the sale is about \$75. The majority of the animals are Jersey and the rest

are Holsteins. Some are fresh and others coming fresh soon.

Along with this shipment are coming four registered bulls and three registered cows, all Jerseys, which were purchased by request for local people except one cow, which was purchased personally by Ike Merriman who accompanied Messrs. Cate and Bichan on the buying trip. One of the other cows goes to J. R. McCracken of Ashland. Two of the bulls go to Carl Von der Hellen and Prof. Englehart.

The details of the sale of Saturday afternoon will be made public as soon as the cows arrive here and are unloaded.

"I regard the purchases we made as a very good buy," said County Agent Cate, who returned home last night. We have an exceptionally nice lot of high bred cows, which will go for splendid bargain prices on Saturday. Everyone interested should look the bunch over between now and Saturday.

The gathering of these high bred animals for the sale is due to the campaign made by the county agent, the farm bureau, the Chamber of Commerce and the four banks of the city to increase the number of high bred dairy stock in the county.

For Sale—Used Dodge car in perfect running order. H. U. Lumsden. 174

### PREST. DONEY OF WILLAMETTE TO BE Y. M. C. A. SPEAKER

Most of the communities of Jackson county, as well as the larger towns will probably be represented at the Southern Oregon Older Boys' conference which will be held at Ashland October 21 to 23. High schools especially will show a large percentage of the registration.

Word has been received from the state Y. M. C. A. office that President Carl Doney of Willamette will be the speaker at the closing session of the conference on Sunday night, the 23rd. The general public is invited to this session. It is expected that the churches of Ashland will unite in a union service on this occasion.

Banquet arrangements are in the hands of an efficient committee headed by V. O. N. Smith. The feed will be handled by the domestic science department of Ashland schools.

Present indications are that a large delegation will attend from Medford.

**"The Old Nest"**

By Dr. Frank Crane.  
 Life!  
 What is it?  
 No one knows what it is in all its fulness, richness and depth except the Mother.  
 As you look at Rupert Hughes' film, "The Old Nest," one face emerges, blazes in the tenderness of beauty, the poignant sweetness of loyalty—the face of the Mother.  
 This picture is an epic of Life.
