GIANTS WIN BASEBALL CHAMPIONSHIP

NEHF TOO MUCH FOR THE YANKS

Giant Twirler Pitches Air Tight Ball, While Hoyt's Wildness and Error by Peckinpaugh in First Inning Let in Winning Run—Rawlings Star at Bat.

POLO GROUNDS, New York, Oct. 12.—(By the Associated Press)—The Giants attained the pinnacle of baseball honors for 1921 this afternoon when they whitewashed the Yankees by a score of one to nothing in the deciding game of the world's series.

Neft pitched unhittable ball for the Giants and held the American batters helpless. Hoyt pitched for the Yankees and his lack of control in the first inning, followed by an error by Peckinpaugh resulted in the Giants' run.

The series closed: Giants 5; Yankees 0.

You can read the story how the Giants reached the top in the figures of the following official box score:

Women Chewing Gum With Hooch Flavor to Be Fired From Zion

ZION, Ill., Oct. 12.—Following a report that a "bootlegging joint was selling gumdrops and chewing gum" in the holy city, Wilbur Glenn Voliva, overseer of Zion, today posted a warning that any member of the choir at Shiloh tabernacle caught chewing gum will be expelled and that any woman in the audience using the confection will be escorted from the church.

HOWAT IS FIRED OUT BY PRES'T MINE WORKERS

Officials of Kansas District Removed and Men Ordered Back to Work—Lively War Within Miner's Union Starts—Courts Appealed to.

"TO HELL WITH LEWIS!"

PITTSBURG, Kas., Oct. 12.—From his cell in the Cherokee county jail in Columbus, where he received a telegram from John L. Lewis, international president of the United Mine Workers of America, announcing the suspension of district No. 14, Alexander Howat made this statement: "To hell with John Lewis and Governor Allen. Our plans are unchanged. We will continue the fight."

PITTSBURG, Kas., Oct. 12.—The Kansas district of the United Mine Workers of America district No. 14 has been suspended by John L. Lewis international president. Alexander Howat and all other district officers are summarily removed and George L. Peck, until the district's suspension the international board member, has been appointed acting president of a provisional district.

All loyal miners of the district will recognize the provisional district officials, Lewis declares in a message announcing the suspension.

Mr. Peck, in a statement this morning, declares that the miners must go back to work now. He announced that he would take charge of the district headquarters this morning.

The Kansas miners have been idle for two weeks, or since Howat and August Dorchy, the district vice president, went to jail at Columbus to serve a six month's sentence for violation of the Kansas industrial court law.

The cause of the action of Lewis, however, in suspending the district is based upon the refusal of Howat and his district board to put back at work miners called out on strike at the Deane and Reliance mines last spring. The international organization holds that the strikes were in violation of agreements with the operators.

K. K. WIZARD COLLAPSES UPON STAND

Wm. J. Simmons, Leader of Ku Klux Klan Falls in Faint at End of 5-Hour Defense—Attacks Former Member, Who Gave Write Up to the Hearst Papers.

WASHINGTON, Oct. 12.—William J. Simmons, imperial wizard of the Ku Klux Klan, collapsed today at the close of a five hours' defense of the order before a house committee, while Chairman Campbell was trying to suppress applause which greeted the conclusion of his statement.

The committee ordered a brief recess after friends of the imperial wizard announced that his condition was not serious, but later adjourned until tomorrow.

WASHINGTON, Oct. 12.—Resuming his testimony before the house rules committee, William J. Simmons, imperial wizard of the Ku Klux Klan, again launched an attack today against C. Anderson Wright, a former Klansman, who recently published what purported to be an expose of the order, in the Hearst papers.

The wizard denied that the organization had declined to pay checks or drafts drawn by Wright for services performed during a membership campaign. Simmons charged that Wright prior to his connection with the Klan "issued bum checks at Houston, Texas."

"You mean to say that Wright issued fraudulent checks?" asked Representative Rodenberg, "republican, Illinois."

"That's my impression," Simmons replied.

"Didn't you know this before you took him on?" Mr. Rosenberg persisted.

"We did not know of it until afterward," Simmons declared he had never authorized any Kluge or field agent to draw on the organization.

DAVE BEARKS IS KILLED AT FLAX PLANT IN SALEM

David Bearks, sentenced to serve 12 years in the state prison, from this county, for the holdup of three hobo kids on a Southern Pacific freight train in the Siskiyou a year ago was killed while working in the flax plant in Salem.

His clothes caught in a revolving shaft, while working around some machinery, and he was killed before the machinery could be stopped. He was 33 years old, and has a wife and little boy, and a sister living in Polk county.

ASK FOR SOLDIERS AT BAKERSFIELD

BAKERSFIELD, Cal., Oct. 12.—The district council of the oil workers unions on strike in the San Joaquin fields was to meet today and draft a telegram to state or federal authorities with control over troops, seeking the presence of enough soldiers to keep order in the oil fields. This decision followed some minor clashes in the Kern river field last night which the strikers said were due to the importation of two truck loads of armed strikebreakers.

Nobody was hurt in the disputes last night but the reported bringing in of armed men and the inability of the strike patrols to stop them because of their promise to the state administration that they would not block the roads, caused a marked increase of tension.

Bearks was sentenced to 12 years, and his two companions, Clarence McDade and Clarence McGlow, sentenced to 11 and 10 years respectively by Judge Calkins. Bearks was employed as a brakeman out of Ashland south, and the evidence showed that he plotted and held up transient youths while they were riding over the Siskiyou in a boxcar. Bearks was well known in this city where his wife worked as a waitress, later moving to Salem. He also claimed to be a prizefighter.

GOMPERS OPPOSES ANY REDUCTION IN WAGES

WASHINGTON, Oct. 12.—Divergent views as to needed economic adjustments for relief of unemployment were presented to the national unemployment conference today by its manufacturers' committee.

Majority members through James A. Campbell of Youngstown, Ohio, committee chairman, recommended several sweeping measures, including repeal of the Adamson eight-hour railroad law and a denunciation of any group seeking in its own interests "to resist economic adjustment."

Minority members through Samuel Gompers, president of the American Federation of Labor, in another report strongly emphasized that "there must be adopted no policy of wage reduction."

BRUMFIELD'S PINK SKIRT INTRODUCED

Mrs. Buchard Testifies Regarding Strange Woman Who Bought Lingerie Later Found in Box Shipped By Dr. Brumfield—Net of Evidence Tightens.

ROSEBURG, Ore., Oct. 12.—Testimony regarding the pink skirt in the box that led to the arrest of Dr. R. M. Brumfield, came into his trial here today when Mrs. Frances E. Burchard said she sold the skirt to a short, dark woman with very dark hair, about noon of July 13. She had never seen the woman before and has never seen her since, Mrs. Burchard said. As the purchase was under way, the witness declared, Dr. Brumfield, now on trial for the alleged murder of Dennis Russell, walked into the store, bowed and tipped his hat to the woman, then went to the back of the store where he obtained the pasteboard box that later was found in Seattle—the pink skirt of satin and some lingerie in it.

Bottle is Exhibited
 Grant S. Clayton testified today that he drove his car through a pool of blood on the highway near here on July 14, and that he gathered up some scraps of bone, gray hair and a fragment of bullet with some blood and placed them into a bottle and turned them over to the sheriff.

A bottle was then introduced as an exhibit.

Wrote "Russell" Letters
 ROSEBURG, Ore., Oct. 12.—Testimony regarding the discovery of the "Dennis Russell" letter which the state alleges was written by Dr. R. M. Brumfield to create the impression that Russell, for whose alleged murder Brumfield is on trial here, was still alive, was ready for presentation today. Two Canadian officers, Detective Sergeant S. K. Waugh of the Northwest Mounted Police and Inspector D. Richardson of the Calgary police force, gave statements regarding the finding of the letter after the dentist's arrest near Calgary, Alberta, last August.

Two letters, practically duplicates, were found, the officers said.

The first of the twin letters, according to Richardson, was written in Brumfield's natural handwriting, with an alphabet jotted down at the top and copied below in disguised fashion. Errors or rather intentional errors show as misspelled words, grammatical errors and elimination of paragraphs—designed to lend the suggestion that the writer had been an uneducated man—were noted on it, he said.

The copy was in the disguised hand and contained all the errors indicated in what the state claims was the original, according to Richardson.

S. P. PRESIDENT GIVES VIEW ON MOTOR VEHICLE

"Regarding motor bus and motor truck competition," said William Sproule, president of the Southern Pacific railroad who is visiting Medford today, "all the railroads ask is a square deal. Either tax the motor vehicles as the railroads are taxed, or remove taxes from the railroads as they are removed from the motor buses and motor trucks. The railroads do not ask for tax exemption, of course do not expect it,—but they do ask the same treatment from the public that their competitors are granted."

"With the motor buses bearing their fair share of the expense of the paved highways, which they are allowed to use free for private profit, and with the heavy trucks which are destroying these highways which were not built for such traffic, barred from them, or their loads reduced,"

F. Arbuckle Enters Plea of Not Guilty, Trial November 7

SAN FRANCISCO, Oct. 12.—Roscoe C. (Fatty) Arbuckle, motion picture star, entered a plea here today of not guilty to the charge of manslaughter filed against him in connection with the death of Miss Virginia Rappe, at the St. Francis hotel Labor Day. Arbuckle's trial was set for November 7.

NAME COWGILL ENGINEER MED. IRRIGATION DIST.

Directors Select Local Man to Take Place R. W. Rea—Familiarity With Conditions Given As Deciding Factor—Work Going Well at Lake.

Ralph Cowgill was appointed engineer for the Medford Irrigation district today, by the district directors and took up his duties immediately.

Mr. Cowgill, who was engineer for the canal company several years ago was among a number of men recommended by State Engineer Percy Cupper. The directors finally selected Mr. Cowgill because they felt that he was on the ground, was thoroughly familiar with all the conditions, and therefore was in a better position to push the work at once than any outside engineer.

"We need an engineer at once," said President Perry today and having the highest confidence in Mr. Cowgill, decided he was the best selection under the circumstances.

The work is reported as progressing splendidly at Fish Lake, the rain last night not interfering in any way. The concrete outlet for the dam should be completed within a few days and if so, and the concrete set, rain will not then interfere with the work, and water will be assured in 1922.

Cowgill said today he only took the position after an agreement that he would not be removed without the sanction of the state engineer, and declared also that he would co-operate closely with Consulting Engineer D. C. Henney in regard to all details of the work from now on.

The appointment of Cowgill will undoubtedly meet with hearty approval from the land owners of the district, Cowgill being a property owner in the district and intensely interested in its success.

SPAIN STARTS WORK ON REBUILDING NAVY

LONDON, Oct. 12.—Construction of four fast cruisers, six destroyers, 28 submarines and 20 gunboats was ordered by the Spanish cabinet yesterday, says a Madrid dispatch to the Exchange Telegraph company. The program approved by the cabinet would, it is said, be completed in six years.

MEXICO CITY, Oct. 12.—(By Associated Press.) Wholesale suspension of business by stores and factories in the city of Puebla was expected today it was asserted in dispatches received here from that city. The move is said to be in protest against excessive taxation.

SEN. KNOX OF PENNSYLVANIA DROPS DEAD

Former Secretary of State Suffers Paralytic Stroke When About to Enter Dining Room of Washington Home—Had Just Returned From Trip to Europe.

WASHINGTON, Oct. 12.—Official Washington mourned today the death of Philander C. Knox, senator from Pennsylvania, who died last night suddenly from a stroke of paralysis. From all quarters, executive, legislative, judicial and diplomatic, came expressions of regret at the passing of a notable figure in domestic and world affairs.

The capitol flags were placed at half mast.

Funeral arrangements, completed today, provide for services here and at the late senator's home in Valley Forge, Pa. Services will be held here

PHILANDER C. KNOX

at 11 o'clock tomorrow at St. John's Episcopal church, with President Harding, cabinet members, senators and representatives and others prominent in political and social life in attendance.

Members of the senate foreign relations committee, on which Senator Knox had a leading place, are to be the honorary pall bearers.

After tomorrow's services the body will be taken to Valley Forge to rest Friday night in the book room of the senator's country home there. Services will be held in Valley Forge memorial chapel Saturday at 2:30 p. m. The body will be interred in the chapel where President Harding spoke last summer during a week-end visit at the Knox home.

Death Is Sudden.
 WASHINGTON, Oct. 12.—Expressions of regret were voiced today by men in all walks of life on the death of Senator Knox of Pennsylvania, who for so many years has been prominent in the nation's life. The shock of his death was accentuated by its suddenness, the senator having but just returned from Europe, apparently in his usual health.

Both senate and house adjourned upon convening at noon, out of respect to the memory of the senator. The senate had on its calendar for

GERMAN CABINET TOTTERS OVER SILESIA, MARK HITS ROCK BOTTOM

NEW YORK, Oct. 12.—German exchange today dropped to the lowest point in its history—79½ cents for the mark. The previous low record, made last week, was 78 cents, after which the price rallied to more than

BERLIN, Oct. 12.—Resignation of the German cabinet was believed to be impending if press reports of the decision of the council of the League of Nations relative to the appointment of Upper Silesia were confirmed by the official text of the decision expected here this afternoon.

There has been little effort on the part of the government officials to conceal the fact that the cabinet would face a crisis if German towns would be separated from the country by the action of the league council.

PARIS, Oct. 12.—(By Associated Press.) The recommendations of the council of the League of Nations for a settlement of the Upper Silesian question were received by Premier Briand this morning. It is deduced that the proposal is a compromise between the French and British views and divides the industrial triangle of Silesia between Germany and Poland.

LOYD GEORGE EXPECTS LEAD U. S. DELEGATION

LONDON, Oct. 12.—(By the Associated Press)—Prime Minister Lloyd George is preparing to go to Washington to attend the pending conference on limitation of armaments and the Far Eastern questions, and it is understood that unless unforeseen difficulties arise he will be there for the opening session.
