To Relieve Catarrh, Catarrhal Deafness and Head Noises

Persons suffering from catarrhal deafness, or who are growing hard of hearing and have head noises will be glad to know that this distressing affliction can usually be successfully treated at home by an internal medicine that in many instances has effected complete relief after other treatments have failed. Sufferers who could scarcely hear have had their hearing restored to such an extent that the tick of a watch was plainly audible seven or eight inches away from either ear. Therefore, if you know of someone who is troubled with head noises or catarrhal deafness, cut out this formula and hand it to them and you may have been the means of saving some poor sufferer perhaps from total deafness. The prescription can be prepared at home and is made as follows:

Secure from your druggist 1 oz. Yarnmint (Double Strength). Take this home and add to it 1/2 pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day. Yarnmint is used in this way not only to reduce by tonic action the inflammation and swelling in the Eustachian Tubes, and thus to equalize the air pressure on the drum, but to correct any excess of secretions in the middle ear and the results it gives are nearly always quick and effective. Every person who has catarrh in any form, or distressing rumbling, hissing sounds in their ears, should give this recipe a trial.

The remaining high bred cows and calves brought from the Willamette valley this week by County Agent Cate will be sold at private sale tomorrow afternoon at the Citizen stables on North Fir street. One car load has already been sold, or rather was purchased by Cate to fill orders given him by Jackson county farmers and dairymen. Many persons viewed the choice cattle at the stables Friday and today, and a large crowd from all parts of the county is expected to look them over tomorrow all day. It is possible that the demand for this kind of stock will be so large that Mr. Cate will return to the Willamette valley and bring one or two more carloads here.

Dyed Her Wrap, Skirt, Sweater, and Draperies

Every "Diamond Dyes" package tells how to dye or tint any worn, faded garment or drapery a new, rich color that will not streak, spot, fade or run. Perfect home dyeing is guaranteed with Diamond Dyes even if you have never dyed before. Just tell your druggist whether the material you wish to dye is wool or silk, or whether it is linen, cotton, or mixed goods. For fifty-one years millions of women have been using "Diamond Dyes" to add years of wear to their old, shabby waists, skirts, dresses, coats, sweaters, stockings, draperies, hangings, everything!

"THE OLD NEST"

JUST A WORD TO THE PUBLIC ABOUT—

"THE OLD NEST"

COMING TO THE RIALTO THEATRE SUNDAY FOR FOUR DAYS

Here is a picture that will please the thousands of regular attendants at theatres, and in addition it will please the thousands who do not regularly attend motion pictures.

Here is a picture that needs no screaming headlines, no flashy engravings to make it a success. Every person who comes to the Rialto theater will go out a walking and talking advertisement for this genuine screen triumph.

We want to show the best pictures in the world at our theatres, and we sincerely believe this is one of them.

We want to entertain every class of people in Medford, the "picture fans," the clubwomen, the school teachers, the ministers and all the thoughtful folks who are working earnestly for "better pictures."

We believe "The Old Nest" meets all these requirements.

ARCH PRESERVER SHOES

Save Your Feet—

Trouble waits for no one, especially foot trouble. It is upon you without warning and remains a long time. Guard against foot troubles NOW, then you are spared long years of suffering and annoyance.

ARCH PRESERVER SHOES are built with one specific purpose in mind—to save feet. And the saved foot means a comfortable foot. This shoe protects the foot where protection is needed—from beneath.

Its broad, long, built-in bridge gently yet firmly supports the arch, evenly distributes the weight and enables the wearer to walk with an erect, graceful carriage.
