URIC ACID IN MEAT CLOGS THE KIDNEYS

Take a glass of Salts if your Back hurts or Bladder bothers you—Drink more water.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush out the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine so it no longer irritates, thus ending bladder weakness. Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.

Dale Davis and William Childers who were caught hunting Chinese pheasants out of season near Talent, in which vicinity both reside, pleaded guilty in Judge Taylor's court this forenoon, the former to having a pheasant in his possession, and the latter to hunting without a license, were fined \$25 and costs each, or given the option of going to jail for 12 days. Each claimed to be without money to pay the fine, and it looked as though they would serve the jail sentence as up to 2 o'clock this afternoon they had been unable to raise the necessary money. The arrests were made by Special Deputy Game Warden Blake.
