

Why The First Aid To Good Health Is Pure Blood

Waste Products in the Blood Cause Many Forms of Rheumatism, Skin Disorders, and A Lowered Vitality.

Many People Do Not Understand Nature's Warning.

When you have that feeling of fatigue; when you lack the energy you need for the day's duties and pleasures; when you are troubled with pimples, blackheads, bad boils, sores or some other skin eruption; or when you have rheumatic pains in the muscles and joints, don't wait until you collapse in a state of nervous prostration, or until in your weakened condition you contract some serious disease, but start at once to get the waste products out of your blood. Nature has certain peculiar ways to warn us. Fortunately, indeed, is the person who knows her danger signals. Thousands and thousands of men and women during the past 50 years have relied on S. S. S. to clear their blood of waste products. S. S. S. will

improve the quality of your blood by relieving you of the waste products which cause impoverished blood and its allied troubles—skin disorders, rheumatism and a lowered vitality. The same qualities which give S. S. S. its beneficial effect in clearing your blood of waste products make it extremely desirable for keeping your blood in good condition. S. S. S. may be had at any drug store. Write Chief Medical Director, Swift Specific Co., 715 S. S. S. Laboratory, Atlanta, Ga., and let him help you regain your health and strength. Give him a full description of your case. He is helping people every day (without charge). Ask him to send you his illustrated booklet, "Facts About the Blood"—free. S. S. S. is sold at all drug stores.
