

'BUDDY' ANDREWS TO MAKE DEBUT ANDREWS BENEFIT

The program for the Andrews Complimentary concert, which has been shaping itself for the past two weeks is now taking definite form and daily rehearsals are being held to perfect the same.

When the announcement of a concert was made there came personal requests for numbers of widely varying types. These requests have, as far as possible, been considered with the result that a program of three parts, all vastly different in style, has been worked out.

Part one will follow the more conventional concert lines, introducing popular soloists, mixed quartet, Phoenix male quartet, aesthetic dancing, and a number which we predict to be the most popular of all will be the debut of Master Buddy Andrews, the five year old son of Mr. and Mrs. George Andrews.

Part two will be wholly comedy, consisting of an original skit called "A Scene in a New York Booking Office." In this skit, seven local artists who may or may not have held secret ambitions for Orpheum circuit fame will be tried out and accepted or rejected by the Booking Agency. This part alone will be worth the price of admission by those who appreciate the value of a good laugh as a dinner digester.

There was such strong demand for the revival of light opera, the field in which Mr. Andrews won world wide fame, that a scene from "Martha" will be given in part three. "A Night in Spain" will introduce Spanish solos, choros and dancing. Part three will be replete with hitting music and brilliant costumes.

The details of the production are in the hands of Mesdames H. Chandler Egan, P. W. Hamill, and G. Andrews, all known as artistic and painstaking producers. The program is pledged to move with professional precision and no encores will be given.

RETAILERS MEET AT LEGION HALL TONIGHT

The initial meeting of the retail merchants of Medford is to be held this evening and will be preceded by a dinner at the American Legion hall, which will be served at six-fifteen.

Whether the retailers desire to affiliate as a retail bureau of the Medford Chamber of Commerce, or whether they prefer to be known as an independent organization will be one of the questions up for decision.

What the retailers as an organization will undertake to do will be the main topic for consideration this evening. Approximately forty retailers will be in attendance.

U. S. MARINES RESCUE BRITISH PRISONER

NEW YORK, Oct. 17.—Release of Thomas J. Steele, a British citizen resident in the San Pedro de Macoris district of Santo Domingo, who was kidnapped and held for ransom by alleged Santo Domingo "patriots" September 28, was effected by the prompt action of a detachment of United States marines. It was learned here today, The Dominicans were forced to abandon Steele during a hot pursuit and he was returned to his home uninjured by the marines within 48 hours after his capture.

ANOTHER WOMAN ESCAPES

Mrs. McCumber Avoided a Serious Operation by Taking Lydia E. Pinkham's Vegetable Compound in Time

Georgetown, Ill.—"After my first baby was born I suffered so with my left side that I could not walk across the floor unless I was all humped over, holding to my side. I doctored with several doctors but found no relief and they said I would have to have an operation. My mother insisted on my taking Lydia E. Pinkham's Vegetable Compound and I soon found relief. Now I can do all my own work and it is the Vegetable Compound that has saved me from an operation. I cannot praise your medicine too highly and I tell all of my friends and neighbors what the Compound did for me." — Mrs. MARGARET MCCUMBER, 27 S. Frazier St., Georgetown, Illinois. Mrs. McCumber is one of the unnumbered thousands of housewives who struggle to keep about their daily tasks, while suffering from ailments peculiar to women with backache, sideaches, headaches, bearing-down pains and nervousness, and if every such woman should profit by her experience and give Lydia E. Pinkham's Vegetable Compound a trial they would get well.

Maxwell Record Run to Crater Lake

This is the Maxwell which recently established a new record in the eighty-two-mile run between Medford and Crater Lake. The distance was covered in three hours and twelve minutes. Standing at the left is Seely V. Hall, transportation manager of the Crater Lake company, and George V. Adams, well known auto salesman. R. A. Koppas of the Mail Tribune force accompanied them on the trip.

MAYOR GATES TO TALK ON FAIR AT FORUM LUNCHEON

The 1925 Oregon exposition and the recent Oregon State Fair will be the subjects to receive consideration at the forum next Wednesday.

These two subjects have received considerable attention from Mayor Gates, he being a member of the Oregon State Fair Board and also a member of the Executive Committee of the 1925 Oregon Exposition and therefore is in position to give the members of the Medford Chamber of Commerce first hand information upon both of them.

As National Apple Day is next Thursday, the forum on Wednesday will be known as the "Apple Day Forum." This might also well be termed the "Victory Forum" in celebration of the first premium which Jackson county received at the recent state fair.

POWER CO. DECLARES ITS FIRST DIVIDEND

At a meeting of the board of directors of California-Oregon Power company held October 14, Dividend No. 1 of \$2.50 per share was declared on preferred stock, payable on or after October 25, to holders of record on October 15, 1921. Under the plan of reorganization of the old California-Oregon Power company, the holders of bonds in the old company exchanged bonds for preferred stock and common stock of the new company, the California-Oregon Power company.

The preferred stock dividend above mentioned is equivalent to paying interest on the old bonds for the six month's period, ending October 15, 1921 at the rate of 3 1/2 per cent per annum.

The holders of this preferred stock (old bond holders) have received no interest thereon since January, 1915, excepting five years, were financially compelled to surrender their bonds and take preferred and common stock in lieu thereon.

This sacrifice made possible the development work that the company has been doing the last six years and this is the first dividend paid.

Three and one-half per cent is considered low by the company officials, but is all that is available, they declare due to high operating costs from war conditions, with no change in rates since 1917.

THREATENED STRIKE DEPRESSES MARKET

CHICAGO, Oct. 17.—Material set-backs in the price of wheat took place today owing more or less to the threatened general strike of railroad employees. Opening quotations which varied from 1/4 to 3/4 lower with December \$1.14 to \$1.14 1/2 and May \$1.17 1/2 to \$1.19 were followed by slight supplemental losses and then something of a reaction.

Corn and oats were easier with wheat. After opening 1/4 to 1/2 lower including December at 47 1/2 to 47 3/4 c the corn market continued to sag. Oats started a shade to 1/4 and 1/2 off, December 34 to 34 1/2 c and then dropped a little more.

Provisions were lower with hogs. Will C. Stibel since the closing of the Crater Lake season has been spending his time in Eugene and Portland.

The Screen

At the Rialto

A genuine American photoplay at last! "The Old Nest," a story of mother love and self-sacrifice common to every family the world over, which was shown at the Rialto theatre yesterday, is the work of Rupert Hughes, the eminent American novelist. There is humor and there are tears in this plain story of daily life as we all know it.

If you like to laugh, if you enjoy a gentle weeping spell, if you want to see yourself, your brothers and sisters, your father and your mother on the screen, go and see "The Old Nest."

While this story is gripping, it has a different hold on the emotions than the usual thriller. There isn't one melodramatic scene. Yet this picture held the big audience at the Rialto. And the reason is that "The Old Nest" is a genuine story, beautifully acted and excellently produced. The gradually aging mother is splendidly produced by Mary Aiden. Her black hair became iron gray, then silvery. And with the passing of years, the physical appearance and activity of the mother kept pace with time.

At the Page

Tomorrow's attraction at the Page theatre will be Anita Stewart in "Sowing the Wind." The ever-increasing popularity of Mrs. Stewart and the assurance that this is one of the best starring vehicles provided for her would indicate that our patrons are due for a full measure of diversified entertainment. In "Sowing the Wind" an unusual story is unfolded. The romance is of the most exciting variety. A cast of unusual importance supports Miss Stewart. Ralph Lewis, James Morrison, Myrtle Stedman and William V. Wong. Critics declare "Sowing the Wind" as one of the best of Anita's photoplays.

A first run Pathe News Weekly cartoon comedy and Grace Brown at the mighty Wurlitzer organ rounds out an attractive program.

"The Mark of Zorro" is one of the best motion pictures ever exhibited in the Page theatre from a strictly entertainment viewpoint. Fairbanks' popularity as evinced by the large attendance ought to bespeak the huge success of the exhibition and registers another record breaker in the long list of his achievements on behalf of the vast collection of admirers. It closes tonight.

NIECE MME. CURIE IS ASPHYXIATED

CHICAGO, Oct. 17.—Coroner Peter Hoffman today decided that Mlle. Helen Dluska, niece of Mme. Curie, discoverer of radium, and daughter of Dr. Casimir Dluska, Polish delegate to the Paris peace conference, who was found dead in the office of a Polish newspaper here yesterday, was asphyxiated accidentally.

SCENIC SOCIETY TO MEET AT GOLD HILL ON FRIDAY

The October meeting of the Scenic Preservation Association of Jackson County will be held at Gold Hill next Friday, October 21 and the Gold Hill Daughters of Rebecca will serve a 50c dinner at noon at the Odd Fellows hall.

The meeting will be held immediately after the dinner and all residents of Jackson county, and especially those living at or near Gold Hill are invited to attend.

Judge C. B. Watson of Gold Hill, a resident of long standing in Jackson county will address the meeting. Officers of the association have reports to make as to the statewide movement toward scenic preservation that have taken place under the leadership of Governor Ocott.

Jackson county has pioneered the scenic conservation movement of the state of Oregon and it is well that every citizen becomes thoroughly familiar with the objects which this association desires to obtain. These will be explained at the meeting at Gold Hill and for that reason a good attendance is desired.

HITSON MOTORS DROP AUTO REPAIR PRICES

J. F. Hitson, head of the Hitson Motors of this city, has announced a reduction in the cost of his mechanical labor, which has maintained the wartime scale up to this time, and advises the public of their opportunity to take advantage of this reduction which means lower charges for repair work. With the cost of labor at the former high standard charges were high proportionately so this reduction will be met with hearty approval by motorists.

With an expert mechanic in charge of the shop and with complete equipment for cylinder reboring, crank-case work, generator and starting service the Hitson Motors are in a position to handle jobs rapidly and efficiently. This garage also has first class storage facilities, has an expert car washer and rack and handles gas, oil, accessories and Firestone tires. The Hitson Motors are agents for Studebaker cars and the large number in use in this territory speaks well for the success of this car and the energy of the Hitson's sales staff.
