

MERCHANTS TO FIRST TACKLE TRAFFIC SNARL

Medford Retailers Affiliate With Chamber of Commerce and Decide to Study Parking Regulations at Meeting November 7th.

The retail merchants of Medford met last evening at the first of a series of eight meetings for the purpose of discussing problems in which they as retailers are directly interested. They decided to affiliate with the Medford Chamber of Commerce as a Retail Merchants Bureau and in every way assist the directors in the solution of such problems as particularly affect the retailers of the community.

Reduction of freight rates, the art of window trimming and the composition of advertisements, the selection of salesmanship, special sales days, the control of fake advertising schemes, fire protection, traffic regulations and many other subjects were mentioned in which the retailer is particularly interested and that he alone can solve.

The subject that was considered the most important at the present moment was that of traffic regulations and it was made a special order of business for the next meeting to be held on November 7th. A committee was appointed to study the report made to the directors of the Medford Chamber of Commerce on traffic regulation and their instructions were to make such regulations, additions, or omissions, as in their opinion would be fair to the retailers as well as to the general public.

The permanent officers elected were Elmer Wilson, president, Louis Ulrich, vice president, and H. O. Frobach, secretary and treasurer. Each meeting will be in charge of a committee the chairman of which will preside and he will appoint the committee for the following meeting. All meetings will be held at 6:30 and it was agreed that adjournment should be taken promptly at 8:30. A committee was appointed to invite such retailers, who have not as yet affiliated, to join the bureau and to pass upon such applications as to their eligibility to membership.

Officers of the Medford Chamber of Commerce have expressed themselves as being very gratified in having the merchants organize as their assistance will mean much toward the solution of community problems.

C. E. Yeater Sails. MANILA, Oct. 15.—Charles E. Yeater, former acting governor general of the Philippines, sailed today for Seattle on the steamer Silver State.

FOR BETTER BAKINGS

use Calumet Baking Powder. That's true of everything you make—one trial will convince you. Doughnuts, pies, cakes, biscuits, muffins, come from the oven light, tasty, sweet and wholesome because

CALUMET BAKING POWDER

never varies in its leavening strength—never fails to produce pure, appetizing, nourishing foods, and all this at an economical cost.

Millions of women, hotels, railroads, Domestic Science Teachers, have been relying on it for over 30 years. Made in the world's largest factories.

A pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. cans instead of 16-oz. cans. Be sure you get a pound when you want it.

DELIVER MAIL BY MOTOR CAR IF NECESSARY

A piece of welcome information to the people of Medford and Jackson county, who are greatly concerned in the general railroad strike which has been called for October 30th, the employees of the Southern Pacific to be among the first men called out, was imparted by Postmaster W. J. Warner this forenoon.

If the railroad strike actually takes place and no mail trains should be able to operate Postmaster Warner says the postoffice department would undoubtedly inaugurate an inter-city delivery service by motor cars and trucks throughout the state to handle local mail, and that he expects to receive orders to inaugurate such a service in the valley in case it should be necessary. The Pacific highway would be a great aid in operating such a service.

The Southern Pacific has 4600 employees in Oregon practically all of whom are members of the four great railroad brotherhoods.

Local fruit shippers have received notice that the Santa Fe railroad will not guarantee shipments to the east after October 20th. This will not interfere with local shipments seriously, however.

ELKS' COMMITTEE VISIT CARNIVAL

The Elks' Buckhorn Committee, under whose auspices the carnival now showing in Medford is being held, desire to assure the public that the carnival is without a doubt, the biggest and best carnival that has shown in Medford.

The committee last night visited all of the concessions and shows and found everything clean and orderly and up to a high standard and take pleasure in recommending the carnival to the people of the valley.

The committee will consider it a favor if anyone having a complaint to make will look up any member of the committee and immediate action will be taken towards rectifying same.

INDICTMENTS EXPECTED TODAY

The first batch of indictments from the present deliberations of the grand jury will be returned late this afternoon. The jury began its deliberations Monday morning, and expects to be in session most of the week.

The petit jury will convene next Monday, with Judge F. M. Calkins on the bench. The docket has not been arranged as yet. Three Bank of Jacksonville cases will come before this term of court, to-wit: Mrs. Myrtle Blakeley, former county treasurer; Chester C. Kubli, Applegate rancher, and Charles Owen, Salt Lake, Utah, oilman.

W. H. Johnson, former cashier of the bank, now serving a ten year term at Salem, will be one of the witnesses in these cases and will be brought down from Salem for that purpose.

MOTHER'S MATINEE A BIG SUCCESS

It was truly "Mothers Day" at the Riato yesterday and a large number of mothers accepted the invitation of the Geo. A. Hunt Co. and the Medford Mail Tribune and Sun to be their guests at the matinee production of "The Old Nest." It would have done your heart good to have seen those mothers living over again the days gone by when their children were babies and through boyhood and girlhood up to men and women. There were times of sadness and tears as well as happiness and laughter and all in all it was a real picture, depicting life as it was and is today.

The characters were all good and Mary Alden in the role of mother was exceptionally good. The play is on again tonight.

In the Riato lobby is a telegraph booth and an operator for sending messages to mothers. If you haven't sent one and desire to leave it at the booth.

Ship Frozen Salmon. SAN FRANCISCO, Oct. 15.—The first shipment of frozen salmon ever sent from this port will leave here on the Whitshire October 20 for London. It was announced today by H. O. Beckley, manager of the Columbia and Northern Fishing and Packing company of Altoona, Wash.

UNVEIL MONUMENT TO PIONEER ROAD BUILDERS FRIDAY

The Crater Lake chapter of Medford and the Mt. Ashland chapter of Ashland of the Daughters of the American Revolution will dedicate the monument erected south of Phoenix Friday afternoon at 2:30. This monument has been erected by these two groups of patriotic women of southern Oregon to commemorate the work done by the first good roads builders in this part of the state. The article, "The First Road in Southern Oregon," by Mrs. Alice C. Sargent in another part of this paper, describes in an interesting way the work of these early pioneers.

Mayor Gates will give the dedicatory address, and Mrs. Gordon McCracken of Ashland, regent of the Mt. Ashland chapter and Mrs. Bert Anderson of Medford, regent of the Crater Lake chapter, will unveil the monument.

The monument is erected on the Pacific Highway, and bears the names of these pioneer road builders, who performed such a great service to their state and nation, so many years ago.

VACCINATION MAY NO LONGER BE NECESSARY

SANTIAGO, Chile, Oct. 18.—Dr. Arturo Artia, chief bacteriologist of the Chilean Institute of Hygiene, announced today that he had succeeded in discovering a method of isolating the bacteria of smallpox. Dr. Artia claims his discovery will permit the combatting of smallpox by direct injection instead of through preventative vaccination.

DEPLORES ANTI-JAP LEGISLATION

(Continued from Page One)

anese is sedulously fostered and diffused by the meaner organs of the press. Some American writers have even warned California to beware of a Japanese invasion, although every one might at this time and day be expected to know what would befall a fleet and army arriving on a hostile coast after a voyage of many thousands of miles, occupying more than three weeks.

Mr. Harding's administration has done all it can and deserves success, he concludes, but if the conference should fail, disappointment of American hopes would be bitter in proportion to their present expectations and the prospect of international co-operation would be darkened.

WILL SUPPORT PEACE TREATY

(Continued from Page One)

business relations with that great country. "The first necessary step to end this intolerable uncertainty is a peace settlement. The uncertainty was not ended by the Knox resolution; it cannot be ended in any other way than by a treaty with Germany * * * and I am for ratification of this treaty because the peace settlement is the supreme need of the hour."

Senator Hitchcock said that the pending treaty protected American interests as much as the Versailles covenant and that it would not change the American attitude toward the League of Nations.

"I have been asked sometimes," Senator Hitchcock concluded, "how I, as a democrat, could vote for a separate peace with Germany when the democratic platform of last year declared against a separate peace with Germany. The answer is that was one of the issues of the last campaign and was settled by the last campaign. It was settled against the democrats and it will never be an issue again in a campaign."

BRUMFIELD DEFENSE RESTS

(Continued from Page One)

personal examination of the defendant, by his family history, and by his foolish attempts at flight and concealment.

Assuming that the family history related by other witnesses is true, Dr. Scalfie said, Dr. Brumfield has inherited a tendency toward insanity from his grandfather.

Dr. Scalfie said he considered Dr. Brumfield a victim of a compound type of insanity.

ASPIRIN

Name "Bayer" on Genuine

Dr. Brumfield's patch work memory indicated a true lapse of recollection, according to the Eugene physician, who also declared that the sending of the box of lingerie was also an indication of insanity.

"Did the fact that the defendant bought more chickens than he needed indicate any mental derangement?" he was asked.

"Yes."

"Is it your contention that every man who commits a murder is insane because he commits a murder?" queried Assistant Prosecutor Joseph Hammersley on cross examination.

"No, sir," replied the physician.

Says Doctor Sane

Beginning his rebuttal testimony the state attacked the defense's insanity theory. Dr. William House, Portland alienist, who examined the accused in Portland, August 17, after the fleeing dentist had been caught near Calgary, Alberta, testified Dr. Brumfield was perfectly sane at that time.

When he was asked what he thought was the accused mental condition one month prior to the date of the examination, the defense objected and was sustained by Judge G. G. Bingham.

Court Takes Recess

The prosecution reframed its question to Dr. House and under a court ruling the witness was permitted to testify that in his opinion Dr. Brumfield was not insane on July 13.

D. M. Nichols, shoe dealer of La Grande, Ore., who met Dr. Brumfield at La Grande, Alberta, testified Dr. Brumfield lent him money to pay his

bill when the hotel refused to accept Nichols' personal check, and that the dentist who took the check as security returned the check when Nichols sent him the money.

J. W. Perkins, owner of the Perkins building in which Brumfield's office was located, and Dr. Fred W. Haynes, a dentist, said they saw no signs of insanity in the accused prior to his disappearance.

Court took a recess until 3 o'clock in respect to the memory of Justice Henry L. Benson, late of the supreme court, whose funeral was held at Salem this afternoon.

MAY CALL OUT ARMY

(Continued from page one.)

sued a statement today in which he asserted that "the Brotherhood of Railroad Trainmen very reluctantly takes the position that it cannot long-

er agree to give service unless there is assurance that there will be no further wage reductions, nor attempt to eliminate working rules that have been secured through many years of collective bargaining and which represent only a fair remuneration for extra service given."

After discussing the wages of trainmen, in which he made comparisons of wages paid in 1913, with those received now, Mr. Lee said:

"The men have been asked to accept what is an inadequate living wage. They know the railways are taking unfair advantage of business depression to force them to accept unfair wages and service conditions. To state the matter briefly, they believe that the companies are going to continue their aggressive warfare against them until they force the men to strike. Therefore they must reluctantly decide to accept the challenge now."

Dyed Her Tan. Skirt to Make Child a Dress

Each package of "Diamond Dyes" contains directions so simple that any woman can dye or tint faded shabby skirts, dresses, waists, coats, sweaters, stockings, hangings, draperies, everything like new. Buy "Diamond Dyes"—no other kind—then perfect home dyeing is guaranteed, even if you have never dyed before. Tell your druggist whether the material you wish to dye is wool or silk, or whether it is linen, cotton, or mixed goods. Diamond Dyes never streak, spot, fade or run. Adv.
