MEDFORD BABY PRIZE WINNER IN PORTLAND

Medford again comes to the front and this time with a 100 per cent baby, as John, the 16 months' old son of Mr. and Mrs. Lawrence Mann, who left here some time ago to reside in Portland for the next two years while Larry takes a two years' pharmaceutical course in the North Pacific college, has won such distinction.

At the recent clinic of the Oregon Parents' Educational Bureau held at Portland the baby among many others was entered, and scored 100 per cent both physically and mentally, as attested by four prominent physicians. The many Medford friends of the family had noticed nothing in particular about little John beyond the fact that he was a fine growing boy and was to be heartily congratulated that he was going to make a much better looking man than his father, the acquire of the local Eiks lodge, and his grandfather, Fred L. Heath, the druggist. Now that the kid has won such signal honor Grandma and Grandma Health are reported much puffed up.

Members of the Medford chamber of commerce who will attend the forum on Wednesday will have the opportunity of hearing Father George Thompson of Portland who comes to Medford for the express purpose of accepting an invitation from the chamber to speak on the standardization of hospitals.

Such standardization has been advocated by the American College of Surgeons, which organization holds a similar position in America as does the Royal College of Surgeons in England. The subject is not of a technical nature, but one in which every citizen is interested.

Dr. E. B. Pickel will preside at the forum which will be held at the Medford hotel at noon and the privilege of this forum is extended to all physicians and surgeons practicing in southern Oregon.
