Mr. Joe Seyferth has taken two loads of squash to Grants Pass, selling for a good price.

Miss Louise Rodell of Grants Pass was visiting at Miss Rose's home Sunday.

A parent and teacher's meeting will be held next Friday afternoon at the school home. All parents are urged to attend.

Mrs. Salisbury, Miss McCulloch and Miss McCulloch's nephew, were visitors at the Peralta home Sunday.

Mr. Noelia of Steamboat was in Applegate Sunday.

Mr. Jack Wilbur of Grants Pass visited at the home of his uncle, Mr. Lester Layton Monday and Tuesday of this week.

Anxiety has prevailed in this community over the disappearance of George Learned of Whiskey Gulch.

Mr. and Mrs. W. H. McDaniel and son, Glen, spent last Friday evening at Fred Offenbacher's.

Everett Smith has returned to school after spending institute week at Medford packing apples.

Mr. Herman Offenbacher and W. H. McDaniel spent last Saturday in Medford on business.

Fred Offenbacher and James O'Brien each took a load of potatoes to Medford Saturday.

Mr. and Mrs. Everett Miller made a business trip to town Monday.

Harold Smith took Stella Layton home from basketball practice last Thursday.

### BROWNSBORO NEWS

Our school is going to give a Halloween party Saturday night at eight o'clock, for the people of this district and the neighboring districts. Fun and a good time. Ladies bring pies.

Mr. and Mrs. Joe Maxfield were

business callers in Eagle Point Monday.

Albert Hoagland went to the Dow Hospital at Medford Saturday and returned Monday.

Fred Arens who has been troubled with blood poison in his hand is better now.

Mrs. Fred Bloomingcamp and three children of Hornbrook is visiting her mother, Mrs. Wm. Hansen, Sr. Mr. and Mrs. Scribuck and two girls June and Helen of Berkeley, California, are visiting Mrs. Starbuck's sister, Mrs. Carl Stanley.

Joe Henry went to Medford Monday.

Ruth Arens has been very ill but is improving.

Mr. Wm. Hoagland went to Central Point Saturday.

Ellen Tucker went to Medford last week.

Harold Dallas enrolled in the eighth grade Monday. This makes two eighth graders in our school, Viola Hoagland being the other member.

Our picnic and cleanup at the school house Saturday was a fine success. Nearly all of the work planned was completed. Miss Burr, the rural supervisor, was with us and spoke to the patrons on standard schools and club project work. After Miss Burr spoke a school meeting was held and the new budget voted. The school board decided to buy us new maps and a new globe.

Henry Mayer and Carl Stanley took two wagon loads of hogs, belonging to the former, to Eagle Point Monday. Mr. Mayer sold the hogs to Roy Stanley.

Frank and Eric Nygreen drove several head of cattle to Medford Monday.

Roy and Fred Stanley brought about fifty range cattle through Brownsboro Saturday, taking them to Eagle Point to pasture.

We did not have school last week on account of teacher's institute.

Rev. C. C. Hulot, the Presbyterian missionary of Ashland, visited our Sunday school and held short services afterward.

Wm. Hansen, Jr., has finished hauling our school wood.

The last of this month, the cattlemen from around here are going to gather their cattle from the range.

### SAMS VALLEY

The ladies club met Thursday in our new school house where Mrs. C. E. Wilhite served delicious refreshments. The club discussed more thoroughly the hot lunch project and appointed a committee to investigate the cost of equipment and the order of conducting the hot lunch thru several of our city schools.

The subject of making our district one of the new library stations was reviewed again.

These subjects will be taken to a general vote of the club at its next meeting and as this vote will determine whether the funds in the treasury are to be expended on equipment for the hot lunch it is desired that a full attendance of all members be present. The meeting will be held at the school house. Refreshments by Mrs. Rowe.

A six-pound baby girl arrived Wednesday morning at the home of Mr. and Mrs. John Fredenburg. Dr. Chisholm of Gold Hill was in attendance.

Dick Straus recently returned from Portland where he disposed of a carload of fat hogs belonging to him and J. R. Rowe. They received the top price.

Two new pupils Flady and Austin Rogers of Antioch were entered on the high school roll Monday.

Mrs. Cleve Wilson and children who have spent the summer in the mountains above Prospect returned to the valley Friday and moved to their home in Gold Hill Tuesday.

There will be a Halloween social at the school house Friday evening. The ladies will serve doughnuts and pumpkin pies.

Mr. Koser who has been almost entirely well after his long siege of malaria is not so well again.

After the business session of the Ladies Club the meeting was turned over to social enjoyment when the

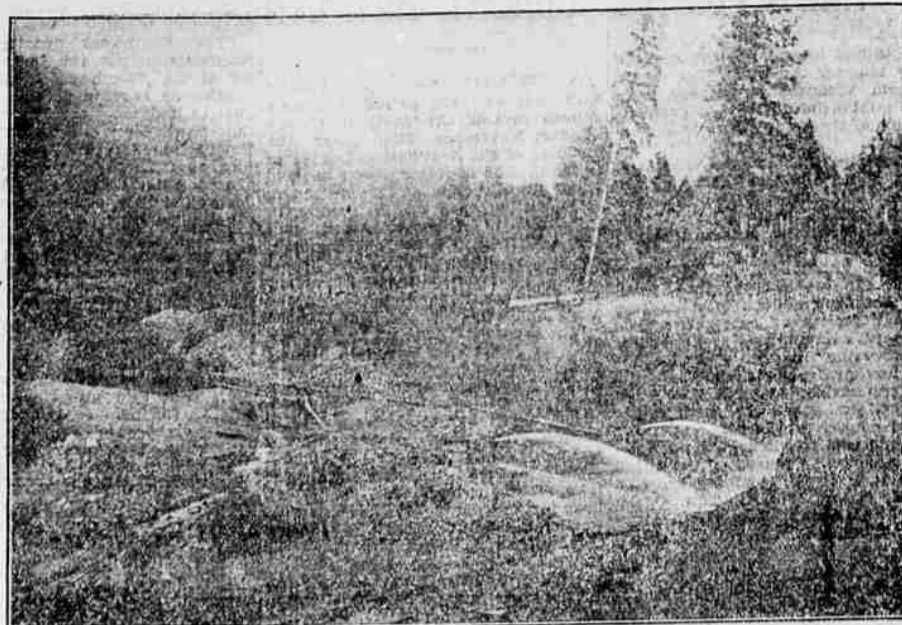

ladies were joined by the three teachers of our school who after enjoying the refreshments took the ladies thru the rooms of the building and ex-

plained plans of their school work which proves they are working under a fine system which reflects the credit ability of our principal.

The rain of Wednesday was a good soaker and did less damage to unripened fruit than was expected. It is very beneficial to fall range.

## GOLD COIN PLACER MINE

Near Medford, Oregon

An era of mining activity is dawning for southern Oregon, and it is quite apparent that within another year this section will experience a mining boom unequalled by anything which has heretofore taken place in any other gold mining camp.

The undisputed enormous mineral resources of this locality are being recognized by practical and experienced mining men from all parts of the world, and is evidenced by the persistent, scientific and aggressive development work which is progressing quietly upon many very promising properties.

What promises to become the most aggressive organization in this district, conducted by experienced and competent men in every branch, is the Gold Coin Quartz and Placer Association.

The placer ground acquired by this organization consists of approximately 2100 acres of virgin ground, which has been for many years in the hands of various conflicting and antagonistic ownerships, preventing the extensive operation which is now contemplated.

The Penrose, Howden and Mankin placer properties have long been recognized as containing vast riches. Poor Man's Creek, where these properties are located was so named due to the fact that it is the place for a poor man to make a stake easily.

All of the past difficulties in reference to these properties have been eliminated, providing abundant water rights and privileges for all purposes toward large operations. Southern Oregon has produced approximately

\$40,000,000 in gold, and that has been merely a starter. The Gold Coin Placer Mine will be operated by the most modern methods.

In addition to these placer properties, this organization also at the present time owns several quartz properties upon which development work is progressing rapidly and showing marvelous results.

Dr. A. M. Knapp, a mining engineer having to his credit many years of practical and successful experience, is president and manager of the Gold Coin Association, and has associated with him a board of managing trustees, sound, practical and thorough business men in every respect, providing an organization that will produce results with the highest degree of efficiency.

## Fuses and Safety

A fuse in an electric circuit is a safety device designed to open the circuit at a certain load.

Its use is to prevent the wires in the circuit protected from carrying more than their rated capacity and to prevent fires and damage to electrical apparatus.

Fuses are placed at various points in the electrical circuits where the wires branch or change size; also at the entrance to the building to protect the wiring in the building, and on the pole outside of the building to protect the transformer and outside circuit.

When a fuse blows, there is usually a cause for it, such as an overload or damaged circuit and the cause should be found and repaired before replacing the fuse.

Better investigate and eliminate any risk that may exist. Your Contractor Dealer can protect you at a nominal cost.

### Cook by the Clock

There are a lot of things to be done around the house that you can't find time for when you have to spend so much of the day running back and forth to the kitchen to make sure that the food is cooking properly.

If you have a

## Westinghouse

Automatic Electric Range in your kitchen, you can prepare your food, put it in the oven and forget about it. Complete Automatic Control turns the heat on and turns it off at the exact time you want it done.

After you have set the clock on the range, you can go about some other task, and be sure that the food will start cooking at just the right moment to have it done by meal time. And it will have the rich, juicy flavor that is found only in food cooked just long enough.

Let your electrical dealer, whose address is below, demonstrate to you that the Westinghouse Automatic Electric Range meets your requirements exactly.
