Attention is directed to the ads appearing each day in interest of the "Go to Church Sunday" campaign as being put on by the churches of the city. The argument for church going is the strongest appeal that can be made for any cause. Indifference is the main cause for neglect of the church. It should not be necessary to urge people to go to church. Patriots should especially heed the call to attend church Sunday, as their example has much to do with the careless habits of the young men of today. The teachings of the church are the basis of our civilization, and without the churches we are adrift. Back to the churches is the call of the day. Crowd the churches Sunday, and renew the church going habit.

### Catarrhal Deafness and Head Noises

TELLS SAFE, SIMPLE WAY TO TREAT AND RELIEVE AT HOME.

If you have catarrh, catarrhal deafness or head noises caused by catarrh, or if phlegm drops in your throat and has caused catarrh of the stomach or bowels you will be glad to know that these distressing symptoms may be entirely overcome in many instances by the following treatment which you can easily prepare in your own home at little cost. Secure from your druggist 1 ounce of Parimint (Double Strength). Take this home and add to it 4 pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day. An improvement is sometimes noted after the first day's treatment. Breathing should become easy, and while the distressing head noises, headaches, dullness, cloudy thinking, etc., should gradually disappear under the tonic action of the treatment. Loss of smell, taste, defective hearing and mucus dropping in the back of the throat are other symptoms which suggest the presence of catarrh and which may often be overcome by this efficacious treatment. It is said that nearly ninety per cent of all ear troubles are caused by catarrh and there must therefore be many people whose hearing may be restored by this simple, harmless, home treatment. Adv.
