

CENTRAL POINT TAKES HONORS AT APPLE SHOW

Upton Brothers Win First On Newtown, Spitzenberg and Jonathan, Also First in 3-Box Contest—List of the Plate Awards.

Several thousand visited the Rogue River Valley Apple exposition on the opening day last Saturday and was pronounced by them as being the most wonderful display of apples ever assembled in this valley. There was a steady stream of people in the exhibit building from morning until eleven o'clock at night, many of whom came from Ashland and other towns of the valley.

This exposition of apples has been made a feature for the Armistice Day celebration and it is well worth coming miles to look at for the educational value it embraces.

Upton Bros. of Central Point took most of the honors in the box entries receiving first on Newtown, Spitzenberg and Jonathan. They also were awarded the first prize on the three box contest on which the Bear Creek orchard was a close second. Albert Johnson of Ashland received first on Delicious and G. M. Frost of Ashland was awarded first on Winter Bananas.

Other awards on box entries will be published tomorrow. Great credit is due the committee of the Medford Chamber of Commerce who had the arrangements of the exposition in charge. They were assisted by an advisory committee of growers to whom also much credit is due. The chamber's committee consisted of Ed M. White, chairman, A. O. Bennett and C. C. Cate.

HIGH TRIBUTE PAID LEGION

(Continued from Page One)

We knew that we were victorious and a new thrill of enthusiasm passed into the ranks of our soldiers. "And, finally, when the armistice was signed, you were by our side, with the French and British divisions ready to give the last push and to clear the road to Brussels for our beloved King Albert."

Commander Emery's Speech.
KANSAS CITY, Mo., Oct. 31.—The issue of national adjusted compensation for the ex-service man has not been at all settled, John G. Emery, national commander of the American Legion, declared here today in his address opening the third annual convention of the legion.

"Such means as were used last summer to beat adjusted compensation cannot ultimately succeed," Commander Emery told the Legion. "Nothing is settled until it is settled right."

"The American people are the court of last resort and wherever the American people have by the ballot passed judgment on the matter of adjusted compensation, that judgment has been an endorsement of the legion's stand."

"I cannot conceive of a congress so derelict in its duty, so unmindful of its just obligation to those who served their country at great financial loss, or so blind to the wishes of our people as to be misled again into refusing to adjust the economic balance between the man who went to war and the man who did not."

Commander Emery reported that "in the face of adverse industrial conditions, which have hit the ex-service men harder than any other class, the legion has gained in strength and its financial position has steadily improved."

He suggested that the "political clause in the legion's constitution, which 'will not permit any one who holds or is seeking a salaried elective public office to hold office in the Legion or in any department or post thereof' be extended to include appointive offices. He added that he felt that "no person in public life, in community, state or nation, should be allowed to speak for the Legion, and that the Legion must be allowed to continue to speak for itself when issues involving service men are concerned, and then in terms which all the world will understand."

Commander Emery paid high tribute to the late Commander Frederic W. Galbraith, Jr., who was killed in an automobile accident. He said his one aim had been to carry through the great program which Commander Galbraith had left unfinished.

A notable public service of the past year, Commander Emery pointed out, was the "frustration of a nation-wide German propaganda campaign in the United States." This, he said, was to start with a series of "Rhine Horror" meetings.

Answered Von Mach.
"The notorious propagandist, Von Mach, believed he had so cleverly concealed his motives that he asked Galbraith to speak at the first Rhine Horror meeting at Madison Square Garden," Commander Emery said. "As you will remember, Galbraith did not wait that long before he spoke. He told Von Mach on the spot what he thought of him and his project. The legion prepared immediately to organize counter demonstrations wherever the pro-Germans might carry out their pre-conceived program. Most of these meetings were never held, however, for Von Mach abandoned his scheme after one disastrous attempt at Madison Square Garden."

The greatest Legion achievement of the year Commander Emery said, was won for the disabled service men, its vigorous efforts resulting in creation of the veterans' bureau.

"The last national work undertaken by the legion has been for the relief of comrades who are unemployed," Commander Emery continued. "It is a duty of the legion to extend every aid to these comrades and a duty which I know the legion will not fail to perform," he said.

Abroad, Commander Emery reported that a movement was on foot in France to consolidate the numerous veterans' associations there into one united and effective body. "It is a singular tribute to us that the name proposed for the new organization is Legion Francaise," he noted. "In Great Britain, too, the American Legion is the pattern after which the ex-service groups are being reformed and brought together under the name of the British Legion."

"Tomorrow morning," he continued, "there will be called to order in Kansas City, another great convention, a convention which means the dawn of a new day in the making of better America. The women's auxiliary of the American Legion, with possibilities unbounded, is about to become an accomplished fact, independent and self governing, a worthy compatriot of the legion."

OREGON RAILROAD GIVEN RIGHT TO INCREASE STOCK

WASHINGTON, Oct. 31.—Permission was given the Valley and Siletz Railroad company by the Interstate Commerce Commission to issue \$700,000 in capital stock against its lines in Oregon for the purpose of paying off funded debts.

PORTLAND, Ore., Oct. 31.—The Valley and Siletz Railroad company owns a road of 39 miles from Independence to Siletz, Ore. It is doing business as a common carrier, but more particularly in developing the timber holdings of Cobbs and Mitchell.

At the Portland office of the Valley and Siletz Railroad company it was said that the action of the interstate commerce commission in authorizing the issue of \$700,000 in capital stock refers to a transfer of non-negotiable promissory notes, covering cost of completing the railway, held by the trustee for an equivalent in the company's capital stock, which recently was increased from \$300,000 to \$1,000,000. No extension of the railway toward the coast is contemplated immediately, it was said.

Use Bordeaux Mixture for Peach Blight and Apple Anthracnose

Apples in some sections of the county that have anthracnose should be sprayed in the fall with Bordeaux. There may be a few growers who have not yet applied this spray on account of harvesting the apple crop. Unless this application is made soon it will not be effective against anthracnose. This spray to be effective should be with Bordeaux.

Peaches, cherries and apricots should be sprayed at this time with Bordeaux mixture for the California peach blight fungus. This is a disease that does a great deal of damage to stone fruits in this county and it can be controlled very readily by spraying applied as early in the fall as is possible after crop is off.

For both stone fruits and apples use

6 pounds of bluestone and 6 pounds of good lime to 50 gallons of water. Dissolve bluestone in separate barrel and slake lime separately, then add water to each sufficiently to make up enough for the tank. Then add diluted bluestone and lime solutions to the spray tank at the same time. Do not add bluestone to lime solution or vice versa. Both should go into tank at the same time. Keep up good agitation and spray all parts of the trees.

The addition of three ounces of sugar to a two hundred gallon tank will preserve the keeping quality of the Bordeaux mixture for a few days in case spray is made up and cannot be applied immediately.

4 IRISH WOMEN MAKE DARING JAIL BREAK

DUBLIN, Oct. 31.—Four Irish women, political prisoners in Mountjoy prison, this city, escaped last night. One of them, Linda Kears, a nurse, was serving a sentence of ten years. The escape was effected by means of a rope ladder thrown across the prison wall and the fugitives clambered down a steep embankment completing the most daring jail delivery in the history of Mountjoy.
