QUIT MEAT IF YOUR KIDNEYS ACT BADLY

Take tablespoonful of Salts if Back hurts or Bladder bothers—Drink lots of water

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues slow and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast, each morning and in a few days your kidneys will act fine.

This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in uric acid so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is an inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.

WANTED.—A BETTER AUTO CAMP.

NO DISTRICT in the state outside of Portland, will receive as great benefit from the 1925 Exposition as Jackson county.

It is safe to say that ninety per cent of the visitors from outside the state will visit Crater Lake before their return, and necessarily they will spend some time and money in Southern Oregon.

It is not too early, therefore, to consider the accommodations to be offered the thousands of tourists who will visit this section not only in 1925, but in the intervening years. The time to prepare is now.

A tour along the Pacific Highway will convince any impartial person, that Medford is far down on the list, in the way of an attractive and comfortable auto camp ground.

Grants Pass has a camp ground on the Rogue River amid a grove of trees, Roseburg has a camp ground viewing the grass banked Umpqua. Eugene's camp ground is delightfully situated and splendidly equipped. Salem has a most attractive camp ground, in the heart of the city, so has Albany and Corvallis. Ashland's camp ground has a state-wide reputation.—Medford alone has no camp ground worthy of the name, or worthy of its reputation, as a progressive and enterprising town.

The auto camp ground is now a permanent tourist feature. Its importance in the program of community development, will increase steadily in the future. No city along the Pacific Highway can expect to get its proper share of the tourist revenue, if it hasn't an auto camp ground that will compare favorably with the standard maintained by other cities of its size along the Pacific coast.

THE SINFUL MINORITY.

YOU'D think, from reading scarehead tales about the carnival of crime, that all are headed for the jails and few men tread the paths sublime. It's always pleasing to reflect that where one fellow wields a gun, a thousand men, with aims correct, are plying bucksaws in the sun. Where one goes forth on stealthy feet to croak a stranger for his wad, a thousand gents are thrashing wheat, or plowing up the virgin sod. The gumman makes the breezy tale that gives pale moralists the blues; the thousand farmers in the vale don't draw a sentence in the news. Wrong is the reader who believes that all the world is on the blink because some libertines and thieves are figuring in crimson ink. A lot of us still live our lives as though there were a moral law; we jog along with our own wives, and sanely use the wage we draw. A lot of us still go to church, and bank upon the good and true, nor flinch if officers would search our cellars for a home made brew. The rascals kick up lots of dust, and they are insolent and bold; but all the time the good and just outnumber them a thousand fold.
