CHICAGO, Nov. 3.—Babe Ruth's share of the world series receipts, together with the shares of Bob Meusel and William Pierce, who accompanied Ruth on a barnstorming jaunt though warned they were violating baseball rules, remains unpaid, it was learned today.

Distribution of the players' share of the series purse is directed by the commissioner, Judge Landis. When Judge Landis learned of Ruth's exhibition tour in violation of the rules he sent word to the owners of the Yankee team of his intention to hold up the offenders' share. Ruth soon afterward abandoned his tour.

Moundsville, W. Va.—"I had taken doctor's medicine for nearly two years because my periods were irregular, came every two weeks, and I would suffer with bearing-down pains. A lady told me of Lydia E. Pinkham's Vegetable Compound and how much good it had done her daughter, so I took it and now I am regular every month and have no pain at all. I recommend your medicine to everyone and you may publish my testimonial, hoping that the Vegetable Compound does some other girl the good it has done me."—Mrs. GEORGE TEGARDEN, 915 Third Street, Moundsville, W. Va.

How many young girls suffer as Mrs. Tegarden did and do not know where to turn for advice or help. They often are obliged to earn their living, a tiring day in and day out no matter how hard the pain they have to bear. Every girl who suffers in this way should try Lydia E. Pinkham's Vegetable Compound and if she does not get prompt relief write to the Lydia E. Pinkham Medicine Co., Lynn, Massachusetts, about her health. Such letters are held in strict confidence.

PRECIPITATION IN OCTOBER .86 IN. IS BELOW NORMAL

Generally speaking the month of October had a temperature of about normal and a fair amount of rain compared with the October of recent years. The most of the month was cloudy. An unusual feature was the thunder and wind storm on the night of Oct. 12th when .38 of an inch of rain fell. The velocity of the wind will never be known as the wind-measuring instrument of the local weather bureau was out of fix, and this fact only became known after the storm.

The mean maximum temperature of the month was 71.6, the maximum was 91, the mean minimum 41.1, the minimum 31, the mean 56.3, and the greatest daily range 55.

The total precipitation was .86 inches, of which .45 of an inch fell on the 26th. The rainfall of October for the four previous years was as follows: 1920, 1.20; 1919, .60; 1918, 1.57; and 1917, no rain. Five days of last month had .01 of an inch or more of rain, 15 days were cloudy, five partly cloudy and there were 11 clear days.

No snow fell during the month, and there were only two killing frosts, these coming on the 21st and 23rd.
