CONVENTION OF COUNTY Y. M. C. A. NOVEMBER 17TH

The first annual county convention of the Jackson County Y. M. C. A. will be held in Medford on Thursday evening, Nov. 17. This is the annual get-together of the friends and supporters of the work.

A popular priced dinner will be served by the ladies of one of the churches after which the convention proper will be held. Various committeemen will report on different phases of the work. The printed annual report will be presented also. The committee is arranging to bring a strong speaker, who will make the principal address.

The nominating committee will present the names of the six candidates for the vacancies on the county committee caused by the automatic retirement of one-third of the members, for which the constitution provides. The election will be held immediately following.

Mr. C. A. Meeker is arranging for several musical numbers.

The details of the convention were decided on at a full meeting of the county committee last night at Ashland.

ARMISTICE DAY BOUTS AROUSING GREAT INTEREST

Frankie O'Brien, Portland boxer who will meet Ben Dixon in a ten round go here at the Armistice Day smoker, has wired the committee he will arrive within a few days and local fight fans are anxious to have a look at the man who is to meet Medford's whirlwind 135-pounder.

Dixon has been working hard for several weeks for the match which is to be the headline feature of the smoker and is rapidly rounding into top notch form. His footwork is marvelous and he steps through ten or twelve rounds with his husky sparring partners without apparent effort.

Billy Ryan will arrive Saturday from Portland and wind up his training here for his six round match with Johnny Carlson. Ryan is rated as a very clever lad and this bout is expected to prove a great drawing card as Carlson has a big following here who believe him superior to anyone in his class in the northwest.

A committee of five judges to pass upon the entries in the Armistice day parade has been appointed by the American Legion. The judges will meet at the chamber of commerce at 1:30 and it is expected their decision will be made known shortly after the parade has disbanded.

The committee as selected follows: R. W. Kuhl, T. E. Daniels, Vernon Vawter, Aubrey G. Smith, and Mrs. Glenn Fabrick.

Entries for the parade are divided into four classifications, a first and second prize of $10 and $5 respectively being awarded the winners in each class.

Patriotic, mercantile, comic floats and decorated autos comprise the division of the parade participating in the prize contest.

Over forty floats have been promised for entry in the parade many of them from outlying towns.

FIX UP DAY AT PHOENIX NOV. 5

Recently, at a workers' conference of the Phoenix Sunday school, it was decided to use one of the bungalows for the beginners and primary classes so they could meet and work separately from the older classes. Lumber and other material necessary has been ordered and with the help of the men for a few hours in doing the work needed, the expense will be small and is practically provided for.

All who can arrange to meet on Saturday afternoon at the Phoenix church to help clean up the church grounds and make the necessary changes in one of the bungalows, are asked to gather soon after noon with saw and hammer, axe and other suitable tools for a busy afternoon. The women are included for helping inside the church building and for the inspiration their presence always brings to men who seek to beautify grounds and buildings.

Needless to say the co-operation and help of all who can possibly respond to this "hurry" call will be greatly appreciated, and the result will add much to the furtherance of the work of the Sunday school and church. The work is needed for the little folks, before bad weather sets in.

PARIS, Nov. 3.—Marshal Joffre, who sails from Marseilles November 14 for a trip around the world, will reach Seattle, Wash., some time in March, it was calculated at the foreign office today. It was said he might visit some Canadian points, returning to France by way of New York. He expects to visit the French colony in Indo-China and to make stops in Japan, China and perhaps in some British colonies.
