

Leavening Strength Tells the Story
The price you pay for baking powder doesn't determine the results you will have on bake day—it's the leavening strength that counts.
You may buy a baking powder for less than Calumet and think you are practicing economy. Don't be misled—the bakings you spoil will make those that are successful exorbitant in cost.

CALUMET BAKING POWDER

has successfully proven, during the past thirty years, that it contains more than the ordinary leavening strength. That's why bakings where it is employed never fail to raise properly. Calumet is used by more housewives, leading chefs, domestic scientists, restaurants, hotels and railroads than any other brand. Millions buy it—you should try it.
A pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. cans instead of 16 oz. cans. Be sure you get a pound when you want it.

MRS. JONES GETS FULL AMOUNT FROM HUSBAND

The civil action of Edith Jones, proprietress of a photograph gallery in this city, against her husband Edward Jones, an automobile dealer for the recovery of \$649.19 with interest, alleged to have been given to the latter, was given to a jury this morning. They are husband and wife, and a divorce suit is pending. Mr. Jones was represented by Attorney George M. Roberts and Mrs. Jones by Attorney P. J. Newman. The jury after a short deliberation returned a verdict in favor of Mrs. Jones for \$649.62.

Five checks, for the amount—\$649.19—sought in the action were admitted as evidence. He claimed however that repairs, etc., etc., on a Nash runabout, the sole property of the plaintiff, amounted to \$534.95, and that they had agreed to let the one offset the other. The defendant admitted receiving approximately \$390.

The court upon the receipt of the verdict ordered a judgment against the defendant entered, and proceeded to the trial of William Owings of Rogue River, charged with setting a fire on the land of Paul S. Seeley, without the consent of the owner. The state is represented by District Attorney Rawles Moore, and the defense by Attorney Porter J. Neff.

There will be no new cases called upon the completion of the present one, and the jurors will be excused till Monday morning, when the trial of Raleigh Matthews, charged with second degree murder, as the result of the alleged fatal shooting of Wilbur (Wig) Jacks at Eagle Point last September. The trial is expected to take the major portion of the week.

CEREMONIAL OF DOKEY SATURDAY A BIG FEATURE

Last night all the preliminary arrangements for the big D. O. K. K. ceremonial that is to be held in Medford Saturday were completed. Ward has been received from as far south as Sisson, Calif., and from Roseburg, Oregon that delegates and candidates will be present in large numbers.

The committee that is in charge of decorations will decorate the streets of Medford in the colors of the order early in the morning. The Cast's Hall on Main street will be open all day and the morning will be devoted to receiving the guests and completing the final details of the parade.

Promptly at 2 p. m. the parade will start. Probably never before has such an elaborate parade been prepared by a local lodge. There will be several bands in line besides the famous D. O. K. K. band of this city.

The big doings will be in the evening. Through the kindness of Schuler and Jerome their big garage has been placed at the use of the K. P. and this will be draped in flags and the colors of the Dokeys. After the ceremonial a banquet will be served at the castle hall, and as a final number everyone will return to the hall for the celebrating of closing festivities.

It has been said by those who have seen the degree team in action within the last few days that they are to better than ever before. The day will be one long remembered by those who have the good fortune to wear the fez and tiger head.

As Mrs. Lantini, the devoted wife and big-hearted mother, she has even more opportunity to show her super-emotional ability than she had in "Humoresque," her first big success. It is being shown at the Rialto theatre until tomorrow night.

ROBIN HOOD SUNG SIX HUNDRED TIMES

The appearance of Ralph Dunbar's presentation of "Robin Hood" at the Page theatre next Monday night recalls some of the most interesting episodes in the history of the theatre. At the Chicago opera house, on June 9, 1890, the premiere of Mr. DeKoven's beautiful work was given. The story is told that the Bostonians, that admirable band of musical players, whose memory is so dear to myriads, were in severe straits when Mr. DeKoven submitted "Robin" to them for production, and that the total resources which were available for the expenses of building the production and costuming the people consisted of about four hundred dollars. So great was their faith, however, that they took the chance, and before many days had gone by, "Robin Hood" was the talk of Chicago, and later the entire English speaking world. It is said that since Mr. Dunbar's revival, his company has sung the opera more than six hundred times.

COAL

Heating Is Not a Fixed Expense

Some people are so "set" in their fuel habits you'd think they would refuse to consider a change for the better.

Discrimination in coal buying and coal burning can both reduce the cost of being comfortable.

The first step is to say SUPERIOR Domestic Lump Coal to your dealer—and insist on getting it; the next is to make friends with your furnace, range and heater and treat them right.

Superior Coal is high in heat value, burning with a long flame, without soot, excessive clinkers or ash.
