

ARMISTICE DAY BALL NOT TO BE A FORMAL AFFAIR

A report has been going the rounds in Medford and some neighboring towns that the Armistice day ball is to be a very formal affair. The committee in charge of the big entertainment is unable to surmise how the rumor started as the dance is to be conducted entirely along lines followed in previous Armistice day programs.

In point of magnificence of decorations, excellence of music and numbers present the annual Armistice day ball has gained a place of acknowledged superiority to anything of the kind given in Medford. Democracy has marked these gatherings and a general spirit of wholesome fun.

The ball this year will begin promptly at 9 p. m. with a grand march led by officers of the American Legion, dancing to music furnished by the best orchestra obtainable will continue until about 11 o'clock when the carnival spirit will be ushered in with a spectacular feature which will be followed by noise, serpentine and general hilarity, until 2 a. m.

The mayor and city council and wives will be patrons and patronesses of the ball and several acceptances have been received from mayors of surrounding towns who have been invited to attend.

The matter of decorations and general management of the big dance which will be the climax of the Armistice day celebration is in the hands of a committee which has had much experience in previous years and will be in keeping with the high standard maintained heretofore.

LARGEST PARADE IN HISTORY ON ARMISTICE DAY

Following a line of march from the corner of Oakdale down Main street to Riverside and return, there will pass in review November 11th the largest parade in point of numbers of marchers and floats ever seen in Medford or perhaps in this end of the state.

The National Guard, city and fraternal organizations, civic officials of Medford and all surrounding towns, ex-service men and women representing every branch of the army and navy, the auxiliary, the Red Cross and various other bodies will step out to the music of the G. A. R. file and drum corps and three bands.

Over forty floats of a patriotic, commercial and comic nature have been promised, many of them coming from surrounding towns. A committee has been appointed to judge the floats according to classification and prizes will be awarded in each class.

Decorated automobiles will have a place in the line of march and visitors will have the opportunity to view many of the finest cars on the market. Military promptness will be the order for the parade according to the committee in charge of this feature of the Armistice day celebration and promptly at 1:30 Colonel E. E. Kelly, as marshal of the day will set the pageant in motion.

PEOPLE ALWAYS WILL LOVE ROBIN HOOD

The booking of Ralph Dunbar's presentation of DeKoven's "Robin Hood" by the management of the Page theatre causes inquiry as to why these keen theatrical discerners choose a revival at this time when modern musical comedies are so plentiful. When questioned on the point, they advise that they give the public what they want, and when "Robin Hood" is mentioned, they generally say that wherever there is wholesome theatrical support, adequate presentations of "Robin Hood" at intervals have always been welcomed and always will be. They say they have no opinions of their own; that they only reflect the opinions of the people who buy the tickets, and that as long as people love music that is esteemed as highly after thirty years as it was when first its harmonies went over the footlights, and as long as folks love beautiful ladies and heroic men, and enjoy the loveliest vistas that scenic art has ever produced, so long will people love "Robin Hood."

NEW TRIGONIA CASING HERE NOVEMBER 12TH

The carload of 5/4 inch casing for Trigonias well, was shipped October 28th direct from the factory at Indiana Harbor, Indiana, and passed through Council Bluffs the 3rd, and should reach Medford about the 10th or 12th.

The new Baker Shoe for the casing arrived from Coalinga, California, also the 5/4 inch jars and 1,000 feet of sandline is here from Portland; and the band-wheel put in first class repair, as well as a number of other minor repairs made on the plant.

EXCHANGE INCREASES PROFIT ON APPLES

Cabled returns at private sale by Dan Wulfe & Co., for the first six cars of Newtown apples cleared for all grades and sizes 96-250 net the grower all expenses paid, \$1.88 average throughout, according to an announcement of the local representative today. More recent shipments based on 20 shillings at private sale with transportation expenses and advances paid at the more favorable rate of exchange \$3.90 to \$3.95 will show an increase over this average.

Latest advices report the English market at private sale encouraging.

ORCHARD HEATING IS DEMONSTRATED

The orchard heating demonstration that was held at the Bear Creek orchards Wednesday night of the Scheu smokeless heater was a marvel to all who witnessed the showing. Twelve heaters were placed on almost an acre of land, and the difference in temperature between the two rows of heaters was very pronounced. The heaters were placed 6 in a row and about 75 feet between the two rows. The temperature in center of heated area was 4 degrees warmer than the outside area. To my mind this was a marvelous showing due to the fact that such a small area was being heated. One reading taken three feet from the heater showed a temperature of 78 degrees. These heaters are practically smokeless and deserve the careful consideration of the orchardists.
C. C. CATE,
County Pathologist.

(Hanscom). Soloists, Mrs. Van Scoye, Mr. Pierce.
Soprano solo, Trust Ye in the Lord, (Scott). Mrs. Van Scoye.

Done So Well, So Quickly

The two big things you should get from an electric iron are quick action and good work. With these also should go low cost of operation and freedom from repairs.

Such qualities will not be there accidentally. They must be built in before you can get them out. This is partly a matter of good manufacture, but mostly a matter of excellence of design.

That is why the

Westinghouse

Iron, designed in the light of suggestions from many women, has those good qualities that have made it so well-liked. This is the iron that produces so much good work, so quickly. Its construction and advantages will be gladly explained to you by any of the following dealers:

No Charge for Examination

Mr. Mellenthin is a regular graduate in medicine and surgery and is licensed by the state of Oregon. He visits professionally the more important towns and cities and offers to all who call on this trip consultation and examination free, except the expense of treatment when desired.

According to his method of treatment he does not operate for chronic appendicitis, gall stones, ulcers of the stomach, tonsils or adenoids.

He has to his credit many wonderful results in disease of the stomach, liver, bowels, blood, skin, nerves, heart, kidneys, bed wetting, bladder, catarrh, weak lungs, rheumatism, sciatic, leg ulcers and rectal ailments.

If you have been ailing for any length of time and do not get better, do not fail to call, as improper measures rather than disease are very often the cause of long standing trouble.

Remember above date, that examination on this trip will be free and that his treatment is different.

Address: 326 Boston Block, Minneapolis, Minn.
