HIGH SCHOOL TO DEDICATE FIELD AT ALBANY GAME

The Medford high school eleven will play the strong Albany pigskin jugglers on the new high school athletic field Armistice Day. The game is to be the occasion for the dedication of the new athletic field and it is related that the high school student body will send a rally and march to the scene of the struggle in a serpentine line. It is hoped that this plan will be carried out and that all high school students, both girls and boys, will join the serpentine and show some enthusiasm.

The high school team, with its new lineup is stronger than it was two weeks ago and due to the defeat that was suffered at the hands of Medford's oldest and most bitter rival, a second team has been developed under the coaching of a first string line-up, which is showing the first signs of some real opposition.

Albany's eleven is generally conceded to be one of the strongest in the northern part of the state, as they held the strong Eugene aggregation

to a 2 to 0 score last Saturday. The result of a fumble, and a purely accidental that Eugene not held to a scoreless tie.

He Lost 65 Pounds—She Got Thinner; Both Look Much Better!

It is decidedly beneficial to reduce weight when one is overweight. The decrease is usually followed by great benefit to vital organs, health and often produces a remarkable improvement in appearance, especially when Koroin Tablets are taken according to the simple directions.

Gen. C. Reynolds, President of the Royal Fellowship, said he reduced 65 pounds this way in four months. Mrs. M. Lamer stated she reduced 60 pounds and that the look and feel much changed. Alice B. Canale also used Koroin and lost when she weighed—30 pounds—in less than three weeks.

And so the weary pass from one to another about Koroin and the easy directions—a seemingly endless chain of reported reductions in weight with wonderful improvement in health, figure and character of body and mind. It is the absolutely new, easy, scientific method of self-treatment. The pictures give idea.
