"I'm convinced if I had taken Taniae two years ago, when my troubles first began, I would have been saved a world of suffering," said Ed W. Field, 528 Jefferson St., Milwaukee, Wis.

"My case proved that when a man's stomach goes wrong, everything goes wrong with him. The first thing I noticed out of the way was loss of appetite and next, that no matter how sparingly I ate, I was sure to have an attack of indigestion. This was two years ago and from that time on, until after I started on Taniae, I kept going down hill at a steady rate. I finally got so I couldn't walk a couple of blocks without having to stop and rest and I was so nervous that often I sat up in a chair all night long."

"Taniae has made a new man out of me, my stomach is as sound as a dollar and I feel fine all the time. I am a firm believer in Taniae because I know it delivers the goods."
