

MANY RESIDENTS OF COUNTY GET EDUCATION BY MAIL

UNIVERSITY OF OREGON, EUGENE, Nov. 14.—That there is no lack of ambition in Jackson county is indicated by the number of residents who are taking correspondence courses with the University of Oregon—examples of fine determination, of persistent study and preparation during spare hours.

The Jackson county correspondence students during the past year include: E. D. Mowat, E. L. Mowat, Geo. R. Anderson, Troy A. Phipps, Rev. John W. Hoyt, Mrs. Margaret Hill, Mary D. Moore, Gertrude O. Haan, Boyd C. Homewood, Elaine Todd, Hester P. Evans and Mrs. Mayme Tucker, all of Ashland, who respectively enrolled in trigonometry, college algebra, short story, contemporary poetry and differential calculus, botany, advanced short story, college English composition, early American literature, Oregon history, psychology, child study, college English composition and American political history, and review on grammar and arithmetic.

Chester Cook, studying secondary school education and Oregon history; Grace Sullivan, studying college algebra; Pearl L. Langwaet, studying English grammar; Donald Hayward, studying elementary algebra; and C. D. Schell, studying educational administration and supervision; are registered from Applegate.

In Medford, Alice Chubbuck registered for secondary school methods; Helen Norris for theme writing, short story, early American literature, psychology, and recent American literature; Laura M. Phipps for college English composition; Mrs. Mabel D. Hall for methods of teaching literature in junior high school and methods in grammar school English; and Zella Whitman for English for high school teachers.

Helen M. James and Mrs. Jay Terrell of Talent, enrolled in rural school management and elementary psychology, respectively.

In Gold Hill, A. B. Collett took courses in elementary psychology and recent American literature, while Mrs. Ida D. Gray took a course in educational administration and supervision.

H. P. Jewett, of Butte Falls, registered for secondary school methods; Hazel Spencer of Eagle Point, for methods in teaching; G. W. Alger of Jacksonville, for secondary school methods; G. W. Milan of Phoenix, for educational sociology; Inez H. Willis of Perist, for elementary French; and Mrs. Mabel C. Bradley of Rogue River, for secondary school methods.

They all study by their own fire-sides, utilizing their spare time. The University of Oregon, through its extension of division, offers 50 different courses in correspondence study courses that cover the important fields of knowledge and that carry university credit.

These residents of Jackson county, who during the past year have taken such a variety of courses for cultural improvement and professional advancement, are part of a group of 1000 Oregon citizens who have taken advantage for home study offered by the University of Oregon.

ENGLISH NOBILITY NOW LIVING ON BORROWED MONEY

LONDON.—The plight of some of the landed proprietors of England was illustrated here when the Marquis of Northampton, in returning thanks for a wedding present from the tenancy of his estate, said that at the present time he was living on borrowed money.

"We are passing through difficult times," said the marquis. "I try to excuse myself because I feel that people must hate me. I hope they do not. My grandfather had a great deal of money to play with. My father had some too. I have none. I have to live on borrowed money. I have to be rather pinching."

"The cost of living has risen, and with it wages, and it is just as well I should tell you that in order to employ you at present wages I have to borrow money all the time. The money will have to be repaid but I do not quite see when that will be possible."

Samuel attained the pinnacle of its glory under Roman rule.

WOMEN DISPENSE JUSTICE BETTER THAN MEN JURORS

MINNEAPOLIS, Minn., Nov. 14.—Women jurors who they have been tried have been found decidedly superior to men in dispensing justice, A. E. Kellington, deputy clerk of the Hennepin county district court, reported on his return from investigating records of women jurors for Hennepin county district judges.

His chief investigation was at Cleveland, where women jurors have been acting for several months. As a result of his investigations women will take a large part in jury work in Hennepin county during 1922.

Among other things Mr. Kellington found that:

Handsome men do not affect women jurors' judgment as much as pretty women do men jurors.

Women jurors are not so prejudiced against corporations as are men. Women members of juries almost always agree with each other, but are frequently lined up against their male associates.

The judges in Cleveland courts reported they had found women jurors more generally satisfactory in every kind of case than men, Mr. Kellington said.

JUGO-SLAVIA FUSS WITH ALLIES OVER BOUNDARY LINE

BELGRADE, Nov. 13.—(By the Associated Press.)—Jugo-Slavia cannot accept the decision of the allied council of ambassadors delimiting the boundary line between Jugo-Slavia and Albania, the cabinet decided at a meeting last night. A note to this effect will be sent to the allies.

It is stated in official circles here that the Jugo-Slav troops have not advanced beyond the legitimate boundaries of Serbia. The council of ambassadors recently sent a note to the Jugo-Slav government demanding immediate withdrawal of its troops from the territory within the limits previously defined by the council.

The newspaper are unanimous in declaring the council's decision unjust and urge strong opposition to a further meeting or consultation on the subject.

Thirty thousand troops are believed to be advancing toward the Serbian border.

NINE BURN TO DEATH IN NEW YORK TENEMENT

NEW YORK, Nov. 14.—At least nine persons are believed to have been burned to death in a tenement house fire early today. Five bodies, all unidentified, were found huddled together near a doorway on the fifth floor of the building and firemen later found three more bodies, none of which was identified. Two men and one woman were seriously injured, while thirty others were treated for abrasions and shock.

The building, a five-story tenement was occupied by fifteen families. Investigation showed the fire had originated in the basement and roared upward through a shaft.

Many of the people who lived in the tenement groped their way to windows, where they clung to ledges and screamed for help.

Postoffice employees from a sub-station across the street saved many before the firemen reached the scene.

One man became exhausted while clinging to a window ledge and fell to the street, suffering a fractured skull.

RED CROSS PLANS TO SPEND HUGE SUM FOR DISABLED

WASHINGTON, Nov. 14.—Expenditure of \$3,662,250 on the disabled former service man and his family and a total of \$19,361,650 for all purposes is proposed by the American Red Cross during the current fiscal year. It was announced today at the organization's national headquarters. This represents a reduction of more than \$5,000,000 from the \$24,362,740 total spent during the last fiscal year.

The appropriation for the disabled holder and his family, the announcement said, reflected the determination of the Red Cross to continue its services along that line until the last of such men was restored to normal civilian life. It will not, however, it was added, represent the total expenditure through the society as it is expected millions of dollars will be disbursed by individual chapters for the relief of the disabled veteran.

Chief among sub-divisions of the appropriation for work with veterans is that relative to assistance to disabled men in government hospitals. This item of \$1,790,000, an increase of more than \$500,000 over the amount allotted for the same work in last year's budget, will provide personal services for the disabled and their families regarded as indispensable for supplement the benefits provided by the government. Other items of the appropriation for veterans' relief are proportionately increased.

For disaster relief the budget shows an appropriation of \$543,975, virtually double last year's. More than \$2,000,000 is provided for service and assistance to the 3600 Red Cross chapters by the national organization.

Other items of the domestic budget include \$198,546 for miscellaneous activities, including contributions restricted for special purposes, and \$768,699 for management. Each of these items represents large reductions over the last fiscal year.

From a fund of \$10,000,000, \$5,000,000 of which was contributed through the European Relief Council campaign and \$5,000,000 allotted by the Red Cross for child welfare work in Europe, there remains \$8,765,108 still available, of which Red Cross officials estimate \$6,000,000 will be required for this work during the current year.

For Red Cross participation in the joint effort to relieve famine conditions in Russia, for final work in the China famine, for Junior Red Cross and other overseas activities including the closing of the old general relief program in Europe \$1,978,000 is made available.
