Dr. and Mrs. Frank Roberts and children arrived here from Denver, Colo., yesterday. Dr. Roberts went to Denver a year ago but returned to Medford the 1st of July to resume his practice, Mrs. Roberts and the children remaining in Denver for the summer. The docter went to Denver two weeks ago to accompany them home. The return trip was made by auto through New Mexico, Arizona and California. Delightful weather was experienced throughout the entire trip. A twenty-four hour delay at Flagstaff, Arizona, occasioned by a broken car spring was the only trouble experienced on the trip.

SPORTSMEN FORM NEW ASSOCIATION THOMAS IS HEAD

The reorganization of the Jackson county game protective association held last night at the American Legion hall was an enthusiastic and interesting gathering attended by about 100 sportsmen, including representatives from various parts of the county and Grants Pass, and with Colonel George Kelly of Eugene, popular member of the state fish and game commission and Captain A. E. Burghduff, state game warden, as guests.

It was decided to change the name of the organization to Jackson County Game Protective association, leaving out the word "fish" in the old name. C. M. Thomas was elected chairman, and E. W. Gould, also of Medford, as secretary and treasurer. Vice-presidents were chosen from the various parts of the county.

The question of annexing Diamond Lake to Crater National Park provoked an animated discussion, as there is a division in the membership on this contemplated move. The matter was brought up in a resolution introduced by Ralph Cowgill to the effect that the association was opposed to the taking into the confines of Crater National Park the Diamond Lake vicinity. A motion finally prevailed by 40 to 36 votes to table the resolution and not vote upon the question at this time.

Colonel Kelly made a well-received speech on fish and game matters generally throughout the state and in this section particular, during which he made the welcome promise that the state commission would improve conditions at the Ament dam so as to give fishermen on the upper river a square deal.

Captain Berghdoft also addressed the gathering, and in his remarks outlined a policy of forming county game protective associations throout the state along the lines of the Jackson county association, which is the first body of that kind.

DRUMMER HELD AT EUGENE HOTEL FOR BUM DRAFT

Deputy Sheriff George Croner left yesterday afternoon for Dunsmuir, Cal., where W. L. Alexander, a traveling salesman, wanted here on a charge of obtaining money under false pretenses, is under arrest. The deputy sheriff expected to arrive there at 5 o'clock this morning and start back with his prisoner at 10:40, arriving here tomorrow morning at 2:30 o'clock.

Alexander is charged with cashing a sight draft for $60 at the Hotel Osburn in this city November 7, and it proved later to be worthless. The draft was drawn upon the Western Warehouse company, of Portland, which, Sheriff Stickels learns, does not exist. The next heard of Alexander he had registered at a hotel in Medford under the name of J. R. Maloney, but it is learned that he did not use the room he engaged and disappeared that night. The sheriff again obtained trace of him on the S. P. train between Medford and Dunsmuir and wired the officers at the latter place to take him off. This was done late Tuesday night, and Sheriff Stickels received word early yesterday morning of the man's arrest.—Eugene Register.
