Of Interest to All Good Cooks

Every good cook realizes that the *actual cooking* is just as important to good cookery as is the preparation of the ingredients. Isn't it fair, therefore, to say that better ranges will make better cooks?

Westinghouse

Electric Ranges *are better* ranges, for more reasons than can be discussed here.

They are the only ranges with practical automatic control. They can be trusted to start and stop cooking without attention, and they use the minimum of current. They heat the food and not the kitchen.

Learn how good cooking may be done conveniently and comfortably, and just *why* Westinghouse Ranges make good cooks better. Talk to any of the following dealers:

A Town's Solid Citizens

Church membership does not insure a man's honesty, integrity or kind-heartedness. But in every town the people who are relied upon to support the best interests of the community are usually those who are found in the church of their choice regularly on Sunday morning.

Go to Church Every Sunday

Why not emulate Christ's example and yourself go to church—not only this Sunday, but every Sunday. Bring your children to Sunday school. Learn what the Bible teaches about your relation to others. It will mean a happier household and a pleasanter life. The people of our town who make the greatest contribution to the culture of the community go to church.
