ALLIED COMMITTEE INVADES GERMANY TO GATHER DATA

BERLIN, Nov. 24.—A vast mass of material on German raw materials, productivity, labor, wages and the country's financial status is being gathered by the members of the Guaranties commission the subcommittee of the reparations commission, now in Berlin.

Almost daily consultations are being held with various government officials as well as financial and industrial leaders as to the prospects of Germany meeting her \$100,000,000 gold installment to the allied powers on January 15, and in some of these conferences Roland W. Boyden, and Colonel James A. Logan, the unofficial American representatives, are having a part. The second of four installments, another \$100,000,000 is due next April.

The commissioners are expected to remain here until December 1 when they will go back to Paris to report to the full Reparations commission. One of the most important phases of their investigation has been currency inflation and the decline of the mark. It is interesting to note that since the reparations payments began last May, the outstanding paper money circulation in Germany jumped from 69,724,402,000 marks to \$1,347,101,000 marks for the week ending October 31.

RUSSIAN FAMINE AREA BEYOND ALL METES, BOUNDS

SAMARA, on the Volga, Nov. 24.—(By a Staff Correspondent of the Associated Press.)—The numerical and geographical extent of the great famine cannot be given. There is today and has been as much food available in Samara, for those who have money, as in Baku, on the Caspian sea, 2,000 miles distant. The Russian refugees from Bolshevism in Constantinople are suffering from hunger and lack of clothes almost as much as those Russians in Poltava and they in turn as much as those in Orenburg.

The Associated Press correspondent completed a journey from Constantinople to Moscow by way of Tiflis, Baku, Astrakhan and Samara, and everywhere found intense misery, the most sordid of which was seen in the dreary steppe region between Tiflis (Georgia) and Baku (port of Azerbaijan on the Caspian sea).

There revolution after revolution, for five years, has left a trail of destruction and ruined houses and wrecked railway stations which cannot be matched in Russia. Added to the lack of food, is the constant battle with malaria, cholera and typhus, and added to these is the cold there is little shelter or fuel.

No more pathetic sight was seen than that of the Baku central railway station where thousands of men, women and children, going nobody could say where, were camped on dirty sidings, for the most part dressed in rags and eating scraps of food like hunted animals.

To the north, along the Volga in Russia, the miserable is often of the respectable, cleanly kind. At Crazitzyn thousands of families are living in railway cars. Others have been housed in villas and palaces.

Begging is rather the exception than the rule everywhere in the famine regions.

The German colonist villages and towns along the Volga are so cleanly and orderly, surrounded by such florid luxuriance of field and forest, that it is hard to believe their people are suffering from hunger. As everywhere in Russia, the churches are open, and services are held. At Volsk, when the correspondent attended vespers, he was followed out of the church by one of the priests who begged that food come from America before his people starved.

In the worst areas there is far more hunger swelling than was seen in Vienna in the winter of 1918.

BABE ASLEEP BY SIDE OF MOTHER SLAIN BY FIEND

CHICAGO, Nov. 24.—Thomas Catherwood, arrested yesterday, charged with the murder of his sister in law, Mrs. Betty Sharples, 22, confessed early today, according to the police. Robbery was the motive ascribed by the police when her bank book, which had contained \$65, was found partly burned in the kitchen stove.

She was found strangled when her husband returned from work. By her side was her baby in its crib. In her lap was some fancy work she was making for Christmas presents.

A short while later the police arrested Thomas Catherwood on suspicion and held him after a five-foot cord was found in his pocket. In the knots of the cord, according to the police were long black hairs similar to Mrs. Sharples' hair.

TWOHY BROS. LOSE IRRIGATION SUIT

PORTLAND, Nov. 24.—The case of Twohy Brothers against the Oheco Irrigation District for \$250,000 for breach of contract has been settled in favor of the district by Judge Tucker who has decided that the contractors have no cause of action or suit against the district.

This sweeping decision of Judge Tucker is of interest to the friends of R. W. Rea, former district engineer of the Medford Irrigation District, as it was against him that most of the contractor's fire was directed.

GERMAN BEER MAY BE ADULTERATED

BERLIN, Nov. 24.—German beer may hereafter be adulterated. The reichstag has overridden the Bavarian deputies' objections to altering the beer stamp law so as to allow the use of corn and rice in brewing.

Speaking for the Bavarian peoples party, Deputy Jaud said: "The practice of adulterating beer must cease. Its purity must be preserved."

His protest met with only scattering applause.

RED PEPPER HEAT ENDS RHEUMATISM

Red Pepper Rub takes the "ouch" from sore, stiff, aching joints. It cannot hurt you, and it certainly stops that old rheumatism torture at once.

ALL ORATORY ON CHINESE STATUS IS NOW FINISHED

WASHINGTON, Nov. 24.—(By Associated Press.) With the Far Eastern negotiations advanced to the stage of an agreement on general principles by the powers declaring their intention to respect the administrative as well as the territorial integrity of China, the Washington conference was prepared to resume discussion on that basis today at a further executive session.

As proposed by Elihu Root of the American delegation and adopted by all the nations after two hours of debate in executive session yesterday, the declaratory resolution, constituting the first definite agreement of the conference, commits the powers also to a policy of providing fullest opportunity for development of a stable government in China and at the same time refraining from seeking special rights and privileges that would abridge the rights of other nations. While not providing for settlement of any of the specific problems confronting China the declaration touches in general terms most of the principles for which China asked in her "bill of rights" and its adoption was manifestly gratifying to her spokesman here.

PROGRESS COMMERCIAL AVIATION REVIEWED

NEW YORK, Nov. 24.—Authoritative acts and evidence showing what has actually been done in America and Europe in the way of commercial aviation will be presented at a series of meetings in various centers throughout the country during the next month, it was announced today by the Society of Automotive Engineers. Among those who will take part in the programs are Glenn L. Martin, pioneer aviator; Ralph Upson, balloon expert, representatives of the army and navy air services, and Assistant Postmaster General Shauhnnessy, who will give information regarding the aerial mail service.

Don't stick with the prunes

MY DAD'S favorite yarn.
WAS THE one about.
THE OLD storekeeper.
WHO WAS playing checkers,
IN THE back of the store,
AMONG THE coal oil
AND THE prunes.
WHEN THE sheriff,
WHO HAD just jumped his king,
SAID "Si there's a customer,
WAITIN' OUT front."
AND SI said "Sh-h-h-h!"
IF YOU'LL keep quiet,
MEBBE HELL go away."
NOW HERE'S the big idea,
WHEN A good thing,
HAPPENS ALONG,
DON'T LEAVE it to George,
TO GRAB the gravy,
F'INSTANCE IF,
YOU HEAR of a smoke,
OR READ about a smoke,
THAT REALLY does more,
THAN PLEASE the taste,
THERE ARE no hooks on you,
THERE'S NO law against,
YOUR STEPPING up,
WITH THE other live ones,
AND SAYING right out,
IN A loud, clear voice,
"GIMME A pack of
THOSE CIGARETTES,
THAT SATISFY!"

YOU'LL say you never tasted such flavor, such mild but full-bodied tobacco goodness. You're right, too, because they don't make other cigarettes like Chesterfields. The Chesterfield brand can't be copied.

A Ringing Appeal to Oregonians

By R. A. Booth
Chairman
State Highway Commission

THE USE of Oregon Products is fundamental or even elemental if Oregon is to prosper. The population of Oregon cannot be sustained if Oregon payrolls decrease.

It is a matter of vital interest, then, to every inhabitant of the state to keep Oregon dollars in the state!

To buy our own products and use them is like eating the cake and having it, too. It is keeping the products and the money also. Let's do it with renewed energy! Let's patronize those merchants who feature Oregon-made merchandise.

Let an Oregon product give us pleasure and strength at every dining hour. Let's go to the greatest extent reasonable to build and furnish our homes with Oregon Products and let us daily as we enter the store rooms and shops keep before us an obligation that we cannot shift—BUY OREGON PRODUCTS!

A TRIAL WILL CONVINC YOU.

NOTHING that we could say would so thoroughly convince you of the value of Chamberlain's Tablets as a personal trial. We can tell you of thousands who have been permanently cured of chronic constipation, indigestion, biliousness, sick headache and disorders of the stomach and liver, but this will have little weight with you as compared to a personal trial. That always convinces.
