HUNG JURY AGAIN BOOTLEG CHARGES IN EDWARDS CASE

For the second time within a month, a jury in the circuit court disagreed in the trial of James (Shine) Edwards, charged with violation of the prohibition law. The count was six for conviction, and six for acquittal. The deadlock lasted for 13 hours, and when it became apparent that no verdict could be reached, they were discharged by the court. The result occasioned no surprise, and was freely predicted.

As in the first trial, when the balancing stood eight for acquittal and four for conviction, unwillingness of the jurors to accept the testimony of A. B. Gates, a special agent, was given as one of the reasons for the long deadlock. Gates' testimony was riddled by the defense in both trials.

Edwards was charged with selling Gates a bottle of liquor in this city. An analysis showed it to be 29 per cent alcohol. Considerable interest was manifested in the case. The two disagreements cost Jackson county in the neighborhood of \$5,000, besides the original cost of conducting the trials.

The trial of John Goodwin, taxi driver, charged with violation of the liquor laws, in which Gates is the principal witness, is scheduled to come up next week.

RUEBEN ASKS MAT MATCH WITH THYE AND WALT MILLER

Ben Reuben, the Chicago middleweight wrestler who is a Portland visitor, will have his hands full if he takes on all the men who have challenged him since his arrival in the Pacific northwest. The latest one to send word that he would take on Manager Jack Routledge's wonder, is Sid Carter, hailing from Kansas City, but who now is located in Vancouver, Wash.

Word has been received from Los Angeles that Walter Miller, claimant of the middleweight championship of the world, has accepted terms to meet Reuben in the Helig theatre on December 14. Until after that match the Portland visitor will have to put off other negotiations.

There is a possibility that Reuben will meet Ted Thye soon after January 1, and should Miller be defeated it is almost a certainty that the wrestling instructor of the Multnomah Amateur Athletic club will have to take on the B'nai B'rith athlete before he leaves the Rose City. Reuben is working out daily in the B'nai B'rith gymnasium, but so far he has found it difficult to obtain a sparring partner who can give him a strenuous time.

Miller is expected to leave Los Angeles some time next week and will arrive in Portland three or four days before the proposed match of December 14.

APPOINT RECEIVER FOR RHINELAND

PARIS, Dec. 1.—(By the Associated Press).—A receivership for Germany as a bankrupt with an autonomous Rhineland to be exploited by the allies for reparations purposes, is likely to be proposed by France as an alternative to any moratorium on reparations that may be suggested by Great Britain, it was said in official circles today.

HIGH SCHOOL BOY, CITY BRED, WINS BIG FARM PRIZE

George Hites, a Medford high school boy, and son of C. A. Hites, retired Los Angeles newspaper man, the family having resided on their ranch in the Griffin creek district the past year, has received word that Wednesday that he had won first prize in the recent national composition contest conducted by the Hampshire Sheepbreeders' association, whose headquarters are at Chicago. The subject for the essays was "Why the Hampshire is the Best Sheep for the Farmer."

The first prize is two registered Hampshire sheep, which are being forwarded to George. His winning of this prize is all the more remarkable because of the fact that he is a city bred boy, having spent all of his life in Los Angeles until the family's removal to this vicinity about a year ago.

George who recently broke an arm while cranking a car is a member of C. P. Thompson's agricultural class of the Medford high school.

GAS IN GARAGES HIGHLY VIRULENT ANALYSIS SHOWS

NEW YORK, Dec. 2.—Cold weather don'ts of the past have been increased this year with a new one by the ventilation experts. It is that you be sure your garage is properly ventilated or your relatives may have to call an undertaker. Deadly carbon monoxide, a poisonous gas given off by automobile engines in motion, has taken a big toll of human lives in the past in the case of chauffeurs or car owners who failed to realize that working in a poorly ventilated or closed garage with the engine running was really as foolish as "blowing out the light" in the good old days.

New discoveries of the virulence of carbon monoxide recently have been made by Professor Yandell Harrison and other engineers working to solve the problem of ventilation for the proposed vehicular tunnel under the Hudson river. Among their tests was one to show the effect of the gas when it is confined in closed spaces. A summary of their observations, with particular reference to garages, appears in The Journal of the American Medical Association.

It showed that if the quantity of carbon monoxide in air did not exceed three parts in 10,000, no physiological effects were produced. Between three and six parts to the 10,000 the effects were hardly perceptible. Above that, headache and nausea were induced, increasing in severity with the rising of the ration and when it reach 15 to the 10,000 life was in jeopardy.

Motor car owners and operators are warned that an engine emits a square foot of the deadly gas a minute when in motion and in three minutes the air in a closed garage is saturated to a sufficient degree greatly to imperil human life.

The victim falls unconscious before he realizes he is in peril and death is the outcome unless he is speedily rescued and brought into the open air.

APPLEGATE

While scolding hops at the Anderson Mee ranch last Sunday, Albert Bourie slipped and fell into the scalding vat. He was taken out by "Bill" Jordan, who said that the steam was so dense that it was impossible to see him for a time. The injured man was formerly a resident of Thompson creek, having owned the J. J. Grove ranch.

Dick Head is now watchman at the "After Thought" mine.

Jim Cook of Missouri Flat sent a truck load of sheep to Medford November 14.

Cyril Atkins, who has been in the Sacred Heart hospital suffering from lung congestion, intends to return to Applegate after Christmas.

Applegate basket ball teams play those of Phoenix at Applegate December 2. Come out and see the game and yell for us!

Ray Brown, who is teaching school at Holland, spent the holidays at home.

Mrs. Lester Layton made a business trip to Grants Pass Friday.

Mrs. John Pernoll spent the weekend with relatives in Grants Pass.

Mr. and Mrs. F. H. Benedict spent Thanksgiving in Grants Pass.

Mr. and Mrs. Carl and family attended Thanksgiving services at a church in Grants Pass.

Mr. Frank Wolridge has returned to Applegate, having spent some time in the Rogue River valley.

Sunday school is now held at Prevoit at 2:20 p. m.

How Better Than Pills? The question has been asked—If what you are Chamberlain's Tablets superior to the ordinary cathartic and liver pills? Our answer is, they are easier and more pleasant to take and their effect is so gentle that one hardly realizes that it is produced by a medicine. Then, they not only move the bowels but improve the appetite and strengthen the digestion.

Rich, Yet Kept Poor

Miss Jacqueline Lebandy

NEW YORK.—Heiress to a fortune estimated as high as \$50,000,000 and yet without sufficient means to spend for her proper education and support. This is the plight of a "poor little rich girl" in real life—Jacqueline Lebandy—as revealed by an application made to Surrogate Howell, in Nassau county for a paltry \$40,000 from her father's estate. The sixteen-year-old daughter of the eccentric Jacques Lebandy, self-styled "Emperor of the Sahara," who was slain on January 11, 1919, by his wife, Marie A. Lebandy, in their home at Westbury, L. I., is one of the richest girls in the world. But despite the vast fortune that rightfully belongs to her, Jacqueline has been unable to enjoy the comforts and luxuries to which a girl of her wealth would naturally be entitled. For twenty months not a cent was collected from the estate by the widow. Seemingly endless litigation extending from the courts of Nassau county to France, Chile, Bolivia, England, South Africa and many other points have delayed settlement of the estate. And because of the law's delay Jacqueline has found herself, not exactly impoverished, but powerless to get possession of even a small part of the great fortune that is hers.

BRUMFIELD APPEAL 500 WRITTEN PAGES TO BE FILED SOON

ROSEBURG, Dec. 1.—The appeal in the Brumfield murder case will be filed within a short time, according to Attorneys Rice & Orent, who appeared for the defendant during his trial here. Mrs. Evelyn Johnson, court reporter, is now working on the transcript, which will probably be finished within a few days. As soon as the papers are prepared the appeal will be filed and this will automatically work as a stay of execution for the condemned man who is sentenced to die on Jan. 13, 1922. The transcript will be four or five hundred pages in length, according to the attorneys, and will cover much of the examination and testimony. The defense endeavored to obtain an order providing that the state should pay for the transcript of all proceedings, but Judge Bligham held that only those proceedings where there was disputed examination or testimony were needed in the transcript. The defense intimates, however, that the transcript will contain much more than that designated by Judge Bligham. The transcript of the entire case was desired, but the defense did not have funds for this and consequently took only that portion held to be most vital to the case. The attorneys were unable to state the exact date upon which the appeal will be filed, but said that it would be in the near future.

LONDON, Nov. 29.—Despite the recent betting by check case in the House of Lords, whereby the recovery of bets paid by check was made possible, bookmakers here do not anticipate many applications for the return of their money or that many complications will ensue as a result of the decision.

An agitation has recently been started with the object of legalizing the system of betting by check and the National Sporting League, to which practically all bookmakers are affiliated, has made arrangements with two prominent members of parliament to introduce in the House of Commons a short bill on that subject. A bill with the object in view has already been introduced to the House of Lords.

The judgment that a bet paid by check can be recovered by the man who pays it came at first as a bombshell to the gambling fraternity, but in the light of subsequent happenings, it has appeared to them to be a blessing in disguise, inasmuch as it has shown up what they regard as the many anomalies which exist under the present betting laws of Great Britain. The lord chancellor (Lord Birkenhead) when he was delivering the judgment in the case referred to, said he would support any bill to revise the gaming act.

The position at present is that the government allows betting under certain conditions. A person desirous of placing a bet must not hand a slip of paper with the bet thereon to a bookmaker in the street or any public place, but he may put the same words on a government telegraph form and send it over the government wires at the usual tariff without fear of being arrested.

It may be sent to the bookmaker's office by letter or telephone and the sender will still be on the safe side.

On the other hand the bookmaker may not take any hard cash in his office, but a bookmaker standing on the race course can take and pay out money to any punter without molestation.

USE SLOAN'S TO WARD OFF PAIN
LITTLE aches grow into big pains unless ward off by an application of Sloan's. Rheumatism, neuralgia, stiff joints, lame back won't fight long against Sloan's Liniment. For more than forty years Sloan's Liniment has helped thousands, the world over. You won't be an exception. It certainly does produce results. It penetrates without rubbing. Keep this old family friend always handy for instant use. Ask your neighbor. At all druggists—35c, 70c, \$1.40.

Mrs. Lowell E. Hobart, of Cincinnati, Ohio, newly-elected president of the Women's Auxiliary of the American Legion. She was elected to the post at the first national convention of the auxiliary held in Kansas City, Mo. Mrs. Hobart was a conspicuous war worker.

KEEP KIDS OFF STREETS NIGHTS, PARENTS URGE

Medford will have a curfew law if the city council heads of the Parent-Teacher council, which organization at its meeting this week practically decided on the form of the ordinance which it desires passed. It is understood that the Parent-Teacher council will appear before the city council at the latter body's meeting next Tuesday night and urge that this ordinance, which is intended to keep the youth of the city off the streets late at night, be enacted.

It is also understood that the tentative ordinance prepared will prohibit any boy or girl under sixteen years of age from being on the streets at night after 9:30 or 10 o'clock at night unless accompanied by parents or other guardian. The Parent-Teacher members reason that such an ordinance would promote better morals, grades and discipline among the youth of the public schools.

HOW DIFFERENT 'TIS WITH U. S.

BUENOS AIRES, Dec. 1.—President Hipolito Yrigoyen of Argentina is reputed to have an aversion to having his picture taken and it is said that he has persistently refused to sit before a professional photographer.

This reputation is confirmed by the government organ, La Epoca, which takes an anti-government paper to task for saying that at the instance of one of the departments of the government, photograph of the president were distributed among the crowds who gathered at the government house to see a military parade reviewed by him on Columbus Day. The intimation was that the photographs were distributed for political effect.

A Good Physic. When you want a physic that is mild and gentle in effect, easy to take and certain to act, take Chamberlain's Tablets. They are excellent.

MOTHER! MOVE CHILD'S BOWELS WITH CALIFORNIA FIG SYRUP

Hurry mother! Even a sick child loves the "fruity" taste of "California Fig Syrup" and it never fails to open the bowels. A teaspoonful today may prevent a sick child tomorrow. If constipated, bilious, feverish, fretful, has cold, colic, or if stomach is sour, tongue coated, breath bad, remember a good cleansing of the little bowels is often all that is necessary. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.
