

LEGION HEAD WITH FOCH PARTY UPON TOUR A 'HE MAN'

MASON CITY, Iowa, Dec. 2.—Hansford MacNider, the recently elected national commander of the American Legion, who was a member of the Marshal Foch party today, is known by his comrades as a smiling, dandy, he-man, possessing enormous energy—a man that works hard and plays hard.

Mason City residents know him as "the only child" of Mr. and Mrs. Charles H. MacNider.

Mr. MacNider was born in Mason City 32 years ago. He began his education in the Mason City public schools, continued his studies at Milton Military Academy at Milton, Mass., and finished at Harvard in 1911. Then for five years he worked as a teller in his father's bank here.

MacNider went to the Mexican border in 1916 as a first lieutenant in the 10th Cavalry. When the war came, he resigned his commission with the National Guard in order to attend the first officers' training camp at Fort Snelling in May, 1917. Soon after arriving in France in September, 1917, Mr. MacNider was sent to the army candidates school at Langres as an instructor. The service at Langres was horrid. His old division was on the battle front, winning honor after honor. In May, 1918, MacNider was transferred back to the Indian Head division.

His record from then on can be related along with the campaigns of the Alsace, the Marne, the St. Mihiel and two offensives in the Meuse-Argonne. He was promoted from platoon commander to company commander, major and battalion commander, then lieutenant colonel and regimental commander.

MacNider was wounded at St. Mihiel and was honored with the Distinguished Service Cross and one cluster; Chevalier de Legion d'Honneur; Croix de Guerre and five citations for bravery, five palms, one gold and one silver star; Fourragere and the Italian war cross. He was given three citations in general orders.

After the armistice, Lieutenant Colonel MacNider passed into the berth of division adjutant and was mustered out in September, 1919.

From September, 1920, to September, 1921, MacNider was state commander of the American Legion in Iowa.

PRINCE OF WALES TO SHOOT TIGERS IN INDIA JUNGLES

LONDON, Dec. 2.—Shooting and hunting expeditions will vary the round of festivities and receptions arranged for the entertainment of the Prince of Wales on his tour through the Indian empire now in progress.

Early in December he is expected to arrive at Bharatpur, where he will be given an opportunity to do some duck shooting.

Four days will be spent in hunting in the Nepal Terai where there is expected to be excellent sport in shooting tigers, the rhinoceros and other big game. There the prince will have as a companion the prime minister, Maharaja Sir Shamsher Jung, who is a keen sportsman and who in 1911, entertained King George.

One of the most interesting of the Indian notables who will entertain the prince is the famous woman ruler who bears the title of the Begum of Bhopal, the only woman ruler in India. Her three sons will help to entertain the prince.

The Begum may not eat in public but, at the state banquet, she will appear and make a speech welcoming the prince. She has a good command of English. Part of the program that she has arranged for the prince is a tiger and bear shooting expedition.

The prince also will be given an opportunity to hunt tigers in the preserves at Gwalior, where Premier Clemenceau, of France, went on his hunting expedition several months ago. This section is famed as one of the most certain haunts of the tiger in India. There the prince will be accompanied by the Maharaja of Sindia, who rendered great service to the allies in the war.

PACKER WORKERS VOTE TO STRIKE

NEW YORK, Dec. 2.—Declaring that the shop representative system inaugurated by the "big five" packers did not represent the sentiment of the employees and that they did not approve the wage reduction of ten per cent, which went into effect last Monday, Cornelius Hayes, president, and Dennis Kane, secretary of the

Hoot Gibson in 'ACTION'
IT'S A UNIVERSAL
At the Rialto

Westerners who attend the Rialto theatre this week will recognize "Sandy Brooke," "Soda-Water Man," and "Mormon Peter," the three principal characters of "Action," the photodrama with Hoot Gibson in the starring role of "Sandy Brooke." The three men battled their way through one of the most romantic chapters in the history of the west. J. Allan Dunn recalled the story for "The Mascotte of the Three Stars," which was filmed as "Action" as a starring vehicle for Hoot Gibson.

Amalgamated Meat Cutters and Butcher Workmen of North America today sent out instructions for a strike next Monday. Announcement of the strike call for December 3 was made last night.

Packing plants in about fifteen cities and 45,000 men will be affected, Mr. Hayes said.

The packers declared that a strike would not seriously hamper the work of distributing meat products, as the unions were not represented heavily enough to affect the plants should the organized men walk out.

Better pick up some of the print paper on rolls for wrapping goods and save money. Come with cores in it to fit roll paper racks. Much cheaper than wrapping paper.

Save money on wrapping paper by using white print paper in rolls. Ask this office.

MAIL XMAS PARCELS EARLY TO BE SURE

As the post office department of the government has been making strenuous efforts to get people to mail their packages early during the holiday season, the chairman at the Seale Preservation meeting held at Talent called upon Postmaster W. J. Warner for a few suggestions as to how the people of Jackson county could cooperate in this early mailing movement.

In order that the real Christmas spirit go with every gift that is sent through the mails, it is necessary that the same reach the one for whom it is intended before Christmas day, said the postmaster. Rather be a week early than a day late in mailing packages as there is no telling when trains will be held up by storms, washouts or some other unavoidable cause.

The advice given was most timely and should be followed. A gift which comes after Christmas has lost some of its sentiment and every endeavor should be made by those who intend to send holiday remembrances to shop early and mail early.

Ethel Barrymore

(By International News Service)

Do you remember when Ethel Barrymore won the plaudits of the public in "Captain Jack of the Horse Marines" and wore big balloon sleeves and a little trick hat? After looking over her costume there is no doubt as to why she created a sensation. A photograph of the daughter of the late President Benjamin Harrison will appear in tomorrow's issue.

It pays to make your meaning clear

AWAY BACK IN.
"THEM GOOD old days."
THE STORY goes.
THAT AN elderly female,
WHO WAS violently,
OPPOSED TO the hootch,
ENTERED A street-car,
IN WHICH there sat,
A MAN evidently assailed.
SHE CALLED the conductor,
AND CRIED indignantly.
"DO YOU allow,
DRUNKARDS IN this car?"
AND HE replied,
"JUST MOVE over, ma'am.
NEXT TO that other one,
AND NOBODY.
WILL EVER notice you."
NOW I suppose,
THERE ARE cigarettes,
THAT KINDA get
LOST IN the shuffle,
AND NOBODY gives 'em.
ANY SPECIAL notice,
BUT NOT my brand.
NO, SIR.
FOR TASTE and aroma,
YOU CAN'T beat 'em.
AND THEY'RE mild—yes,
AND YOU'LL never,
MISTAKE THEM.
BECAUSE THE "Satisfy-blend,"
CAN'T BE copied.

LET'S make this perfectly clear. Chesterfield cigarettes "Satisfy" because they contain exceptionally fine Turkish tobacco, blended with Burley and other high-grade domestic tobaccos. They're like no other cigarettes, because that blend can't be copied. Chesterfields do what no others can—and no cigarette could do more.
