

SUBMARINES NEXT BIG ISSUE UP TO ARMS CONFERENCE

WASHINGTON, Dec. 12.—(AP Associated Press.) Submarines promise to present the arms conference with its next big issue.

On the other major subject before the conference the delegates are to meet today to see a project of arms limitation. But the question of whether submarines are to be included is quantity in the fleets of the future is developing widely divergent opinions.

In the American naval reduction plan Great Britain and the United States each would be given a submarine tonnage of 30,000 tons as compared with 54,000 tons for Japan and a quantity yet to be fixed for France and Italy.

Great Britain thinks these figures should be cut in half and a British spokesman predicted today that the conflict of views might lead to "considerable controversy."

The British believe the French and Italians and possibly the Japanese are prepared to stand together in favor of a large use of submarines. They do not know as yet exactly how the United States will stand on that question having officially nothing to submit beyond the original proposal.

It was stated that the British would not attempt to make an issue on the question if confirmed that the majority of the conference was opposed to them.

While the British concede the hopelessness of retaining from the conference a declaration binding to the abandonment of the submarine, they will strive, it was said to obtain acceptance of Mr. Balfour's proposition to cut in half the amount of submarine tonnage in the American naval program as well as to prevent the construction of large submarines apart of an offensive character.

The British also are hoping that it may be possible to induce the conference, acting through their naval experts to consent to some reduction of the original naval holiday proposition, evidently counting on Japanese support of any plan that would keep at least some of the naval construction works under way.

In the Far Eastern negotiations the trend toward a treaty in place of a

...international understanding is said to have been agreed with the Chinese last 15 January some support from other nations.

JOINT MEETING AT LEGION HALL, 8.30

The Legion hall is where the joint meeting of the Medford Chapter of the American Legion, Oregon Chapter 4 and the Knights of the Ku Klux Klan will hold their Christmas dinner and social at 8.30 this evening.

The Medford Evening is the subject that is up for consideration and there is a contest of orators on the part of citizens. The dinner is for an eighty thousand dollar structure will be completed.

The state provided one-half the money and the county one-fourth of the total cost of the proposed project, so that the city of Medford can get this much needed building for twenty thousand dollars.

BOSTON VOTES FOR MAYOR IN SNOW

BOSTON, Dec. 12.—A snowy majority election day greeted Boston voters today with women voting for mayor for the first time. The candidates, without party designation, were John R. Murphy, endorsed by Governor Cox, republican, and Mayor Peters, democrat, former Mayor Curley, Charles O'Connor and Charles S. Easton toward a treaty in place of a

The Screen

Super Western Film, Riata
What is promised as one of the greatest Western photodramas ever made has been produced with Harry Carey in the starring role. It is "The Fox," which comes to the Riata theatre tomorrow.

In recognition of his long list of successful photodramas and of the place which Carey holds in the affection of the American public, Carl Laemmle, president of Universal, recently cited the Ace of the Saddle and awarded him a place among the stars, who make Universal's most elaborate pictures. "The Fox" is said to have cost nearly a quarter of a million dollars in production and was written by Carey himself.

A picture which carries the breath of life—a picture which contains the depth of humanity—which shows with realism—such conquests for its author, charm and sentiment—that is "So Woman Knows," the feature which closes at the Riata.

The Night Rose, Page
When the cast for the new melodrama of the underworld, "The Night Rose," was assembled, a group of leading men and women were given the principal parts in the photoplay, coming to the Riata theatre, for four days, beginning today.

Lon Chaney has been regarded as the most powerful character actor on the screen today, and in "The Night Rose," he impersonates a king of the underworld in commanding fashion. Neatrice Joy and Gullen Landis are the victims of the villain's machinations, while John Hovers is the honest district attorney who tries to clean up the town. Besides these sterling players, Betty Schaefer, Elvira Chipman, Spurgeon B. Flynn, Mary Warren and Richard Tucker have important roles.

The author of "The Night Rose," Larry Fort, was formerly a newspaper man and then a social worker. He has come into personal contact with numerous underworld characters and knows the psychology of the man who has lost all fear of the law in the carrying out of his crimes.

One of the most magnificent ball room scenes ever staged was screened for "The Night Rose." It is not only picturesque, but also the background for the climax of the story.

REDUCE NAVY TO 10,000 MEN BY RESIGNATION DEPARTMENT ORDERS

NEW YORK, Dec. 12.—(AP Associated Press.)—Orders received today at the New York navy yard which would provide for a reduction in the enlistment or the personnel of the United States navy of approximately 10,000 men, set forth that any enlistment might be cancelled by resignation.

A few hours after the orders had been posted, yard officials were deluged with resignations coming from all classes of the enlisted service.

The drastic cut, it was said, probably would result in losing a number of vessels and a reduction in the strength of the crews of many others. The orders, according to officials at the yard, would reduce the navy to the numerical strength permitted under recent appropriations of congress.

Approximately 2,000 men would be taken from the Atlantic fleet alone.

GOLD RIDGE MINE INCREASES FORCE

Reports about town that the Gold Ridge mine has ceased operation are entirely without foundation. The mine has recently added three new men to the payroll and brought in a bar of bullion which brought more than \$1,000. This bar was brought in Saturday and represented two weeks' run. According to the weekly receipts the vein is getting larger and richer as the work proceeds.

A drift south along the vein for a distance of 100 feet has been started from tunnel No. 3, and men are now at work on the lower cream cut.

Non-tiltable land in Jackson county is assessed at an average of \$10 per acre, and one per cent per acre is the tax on this kind of land to build the county fair buildings. The average assessed valuation of tiltable land is \$50, it will cost but 50 cents per acre for permanent county fair buildings.

QUIT TOBACCO

So easy to drop Cigarette, Cigar or Chewing habit

"No-To-Bac" has helped thousands to break the costly, nerve-shattering tobacco habit. GREATER STRENGTH Fewer Spoonfuls

The value of baking powder is based on its leavening strength. You can't judge it by the size of the can—or by the amount you get for your money. You must estimate it by the amount of baking powder used in each baking and the results you get.

CALUMET

is the greatest value ever offered in Baking Powder—it has greater raising "force"—it goes farther than many of the other brands. You use only a rounded or heaping teaspoonful where many others call for two teaspoonfuls or more.

But Baking Powder is not all you'll save when using Calumet. You save baking materials. Calumet never fails. The last level teaspoonful is as powerful as the first. Calumet is perfectly manufactured—keeps perfectly—and is moderate in price.

You save when you buy it. You save when you use it.

One trial will satisfy you of these facts—and demonstrate beyond doubt that "Calumet spells economy."

Your grocer sells it on a guarantee of money back if you are not pleased with results.

Calumet contains only such ingredients as have been approved officially by the U. S. Food Authorities.

HIGHEST QUALITY AWARDS

OBSERVE THIS
A pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. cans instead of 16 oz. cans. Be sure you get a pound when you want it.

LONE PINE RUNS TWO 8-HR. SHIFTS

The Great Western Mining Co., which recently purchased the mine several miles southwest of Jacksonville, formerly known as the Lone Pine mine, now has two eight-hour shifts operating on that property. Two cross-cuts are being made, one of which will cut the vein 600 feet below the surface, while the other will cut it at the 400-foot level. One shift will encounter the vein before the end of the week.

Walter B. Robinson, chief engineer for the Blue Ledge mines, made an inspection tour of the property Monday and gained such a favorable opinion of it that he purchased an interest in the property.

It is said that the cross-cuts which are now being driven will place thousands of tons of good milling ore in sight and that they will undercut all the old workings by several hundred feet. According to reports, the old workings yielded 200 tons of ore that plated \$15 to the ton.

'Y' HOLIDAY HIKE FOR BOYS, DEC. 28

The Y. M. C. A. Holiday Hike for the boys of Medford and nearby territory will be taken Wednesday, Dec. 23. Boys of ten years and over are invited. The party will assemble at the city park promptly at 9 a. m., each boy leaving ten cents for car fare and five cents for "waffles." Enough men leaders will accompany to insure safety to all.

Effort will be made to include every Medford, Central Point, Phoenix and Jacksonville boy who wishes.

To Stop Coughing at Night
When anyone is suffering from a bronchial affliction or has a cough that lingers on and grows worse at night, the loss of sleep tends to weaken the sufferer and grows more serious the longer it is neglected. Mrs. M. Suter, 517 Longbrook Ave., Stratford, Conn., writes: "Foley's Honey and Tar has given me great relief from a severe attack of bronchitis." No medicine stands higher throughout the nation as a family remedy for colds, coughs and croup. Sold everywhere. Adv.

Who pays the taxes for the county fair buildings? The farms and orchards with improvements and livestock pay \$4 per cent, the property in the corporate limits of the cities 27 per cent, and the timber men, railroads, power, gas and telephone and other corporations pay 40 per cent. In voting to put permanent buildings on the fair grounds, the public service and other corporations pay almost half the cost.

A Store Full of Gifts
