You Would Not Think of Eating Raw Meat! Why Drink Raw Milk?

PASTEURIZED MILK gives you the same protection as cooked meats, only the milk is not cooked, but the tubercular, typhoid and other contagious germs, if any there be, are thereby destroyed, but the lactic acid is maintained and the milk is absolutely pure, which is your protection.

Pasteurized Milk is sold in Medford by C. A. DeVoe, Optimo Cafe, Brown & Brown, West Side Groceteria, Spot Cash Basket Grocery, South Grape Street Grocery, C. S. Butterfield, Home Grocery, Diamond Restaurant.

THE ABOVE DEALERS ARE SUPPLIED BY THE JACKSON COUNTY CREAMERY
