PHOENIX CHRISTMAS PROGRAM THURS.

The annual Christmas program by the Phoenix Sunday school will be given this year on Thursday evening, Dec. 22, at 7:30, in the Phoenix church. Much care has been taken in selecting the music and exercises and drilling for the songs, etc. There will be a cradle song, solo, a duet, a quartet, and girls' choruses. Also a "Quartermaster's Christmas Drill," with boys bringing real Christmas supplies; "What Christmas Means to Me," an exercise by boys and girls, closed by a beautiful reading from "Ben Hur"; exercises by the little folks, etc.

There will be a tree, with decorations, and treats for the children, and Christmas cheer for all. A feature of special interest will be the sending of cheer and much needed help by our Christmas gifts of money for the children of Bible lands, to help give them hospitals, orphanages, schools and relief in the unparalleled distress and famine which has befallen them in the wake of the great war and from the persecution of their religious and political enemies. All our churches are asked to join in this manifestation of the true Christmas spirit, and your help will be greatly appreciated, as God has so greatly blessed us here in America.

3-DAY PROGRAM TALENT CHURCH

On Thursday evening at eight the DeMoss Musical Entertainers will give their first-class program in the Talent church for the benefit of the church.

On Saturday evening the Bible school will give an excellent program. The program this year will be one of those different programs. The committee has a very fine list of features which will please everybody. This program will begin at 7:30.

On Sunday morning the Bible school will meet promptly at ten and the regular study hour will close with the installation of officers. There will be no morning preaching service. This will give time for those who attend to reach home in plenty of time for Christmas dinner.

On Sunday evening the pastor will show lantern slides and present a lecture on "The Women of the Bible."

An interesting feature of the Saturday night's program will be a treat for everyone present. Good things for the young and old. Plan to come, a big welcome awaits you.

EAGLE POINT EAGLETS

Mrs. M. D. Bowles and son, William A. Bowles of Lake creek, Jack O'Connor of Phoenix and Mrs. Walter Stockman of Butte Falls, and A. B. Shelby, salesman for Baker, Hamilton & Co., San Francisco, were here for dinner Tuesday.

Mrs. Gladys Cooper nee Gladys Natwick of Medford, also came out and spent the day with the family at the Sunnyside.

W. W. Parker of Butte Falls, one of the pioneers of the Butte Falls region, came in Tuesday evening and spent the night at the Sunnyside. He came out to have his team shod up as he is planning to use it on the railroad extension from Butte Falls to Four-Bit creek.

Mr. and Mrs. Carson, formerly of Butte Falls, who left there some two years ago returned to their old home Wednesday on the stage. There seems to be quite a stir in that once almost depopulated town at this time as business seems to be looking up and the prospect seems favorable for men who wish employment to secure a job.

Wm. H. Ziegler of the Western Pump Co., Portland, and Arthur W. Tye, with Modern Plumbing & Heating Co., Medford were here for dinner Wednesday.

Mrs. W. E. McDowell of Kansas City Missouri, who is visiting her brother, O. M. Goss of Butte Falls, came out on the Butte Falls stage and after taking dinner here went on out to Medford to spend a few days. Mrs. McDowell and her husband were out here last season and after remaining here for a short time went back, but after spending even a short time in our southern Oregon climate decided to return. Mrs. McDonald coming on the train and her husband is now on the road in his car coming to this country. I asked if it would not be difficult to come through

at this season of the year and she said that if the weather and roads were too bad he would store his car and come through on the train. As a rule whenever people from the middle west once come here and have a taste of our southern Oregon climate it creates a dislike to the cold dried climate back there and a longing for this favored land.

Our election passed off very quietly, in fact so quietly that one hardly knew that there was an election taking place as there were only 58 votes polled, 24 for the tax and 24 against it. As there seems to be an element among the legal voters who pay no taxes they seem always ready to vote a tax on those who do pay. If our lawmakers had the backbone to introduce and pass a law requiring voters who vote for the continual increase of our taxes to be taxpayers themselves the promoters of the schemes to raise an additional tax would find that they could not succeed quite so well, for it is not an uncommon thing to hear the remark made by the non-taxpayer, "We will vote the tax and make the other fellow dig up, for it don't cost me anything."

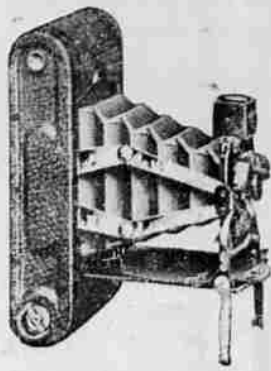

We have voted to tax ourselves the money required to build the buildings on the fair grounds, but in the call our county court and other promoters of the scheme did not figure the additional tax to be raised to pay the expense of the special election, which will amount to several thousand dollars.

The day board, John Greb, Roy Ashpole, Thos. Vestal, A. J. Florey and T. F. Nichols took dinner at the Sunnyside.

Lyle Carlton of Welles, was a business caller Wednesday.

At the regular meeting of the Ladies Civic club of Eagle Point held before the one held last Thursday, the arrangement was to have the meeting of the club at the Sunnyside hotel and the hostess and her daughter to entertain the guests, and it just so happened that they had on hand a number of quilts and comforters ready to quilt or tack out and strange to relate they had three of them already in the quilting frames ready to go to work on. And another unusual occurrence was that the members of the club who, according to the custom went to the designated place, for they meet at different places, in the afternoon but on the particular time under consideration the members commenced to arrive as early as 9 o'clock a. m., and bringing their thimbles and scissors with them. Another strange incident was that there happened to be a half dozen nicely dressed chickens all ready to put in the cooking vessels, in the pantry, and a number of cakes, etc. on hand and the first thing your Eagle Point correspondent knew he was almost surrounded by a host of his neighbors and in a few instances a few of his old time friends from a distance, among them being Mrs. F. M. Stewart and three of her daughters, Mrs. Alfred Bowles, formerly Mrs.

Frank Simpson of Spokane, Wash., Mrs. Elizabeth Welther, known in this community as Libbie Welther, also of Spokane, Wash., and another daughter, Mrs. Nettie Grover of Medford, Ore., and a daughter-in-law, Mrs. Wm. Perry of Eagle Point. We also had as a visiting guest Mrs. Hazel Stoner of San Jose, Calif., a daughter of one of our near neighbors, Mr. and Mrs. Royal G. Brown, besides between thirty and forty of our near friends and neighbors. We had also as transients who called for dinner that day H. L. Cox, the superintendent of the P. & E. R. R., Fred Cummings, the superintendent of the water rights, B. L. Wilson of Butte Falls, Emmet and Virginia Reid, Mrs. J. Doubleday of Butte Falls, who came out on the Butte Falls stage, ate dinner and went on to Medford returning the next day and spending the night at the Sunnyside hotel. E. A. Hildreth of Butte Falls, called for dinner and went on to Medford and at night Mr. and Mrs. Seamen called in for supper. Mrs. Seamen has just returned from visiting her mother in Talent. Also Mrs. Bennet and son of Butte Falls called for supper and went on to Medford that night. Mrs. Stewart and her three daughters mentioned above and her son, Wm. Perry also joined the company with his wife and mother and sisters and all spent the evening together and the time was spent very pleasantly interspersed with conversation and singing, with Mrs. Nellie Bowles of Spokane, at the organ.
