

THOMPSON SAYS IS NOW ABLE TO ENJOY LIFE AGAIN

It would be a skeptical person indeed who could any longer doubt the efficacy of Tanlac, after reading the many statements from people in Seattle and other parts of Washington who have been wonderfully benefited by taking this medicine. Typical of these statements is that of R. O. Thompson, 2717 Belvidere Ave., West Seattle, Wash. He says:

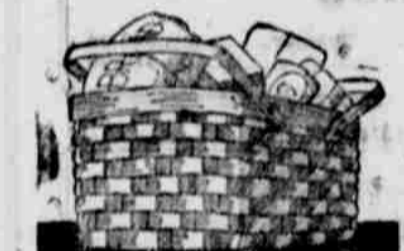

"For years my life was made miserable by stomach trouble and I didn't know where to turn for relief. I was almost desperate and I realized something must be done to relieve my condition, and I was losing weight and strength every day.

"If it hadn't been for Tanlac, there is no telling what my fate would have been, but since taking this medicine I am like a new man in every way. I eat, sleep, work and feel better than I have in years."

Tanlac and Tanlac Vegetable Pills are sold by the West Side Pharmacy, and by leading druggists everywhere.

WINTER FISHING FOR TROUT ONLY IN ROGUE RIVER

There seems to be considerable confusion in the mind of the public as to what interpretation should be given to the law regulating winter fishing in the Rogue River and its tributaries. The law, as it applies to our section of the state, and which is known as Game District No. 1, is as follows:

"To wit, open season from April 15 to November 30th. Bag limit, thirty fish, or twenty pounds and one fish in any one day, and sixty fish or forty pounds and one fish in any seven consecutive days; provided, however, that it shall be unlawful to have in possession more than sixty fish or forty pounds and one fish at one time; provided further, there shall be an open season for trout over ten inches in length in the waters of the Pacific Ocean, and all the bays, inlets and streams affected by the tide-water thereof during the months of December, January, February, March and April of each year."

Now the part of this section which is confusing is the part which reads: "Provided further, there shall be an open season for trout over ten inches in length in the waters of the Pacific Ocean and all the bays, inlets and streams affected by the tide-water thereof during the months of December, January, February, March and April of each year."

This means that you can winter fish for trout over ten inches in length only in the Rogue River proper and in the tributaries, and streams flowing into it; therefore, all winter fishing in the streams of Jackson and Josephine counties is prohibited by law, except Rogue River, which is the only stream we have that is affected by tide-water, and any one catching fish during these winter months in any of the tributaries of Rogue River, is subject to arrest and fine.

CLAIM BOOM TEXAS OIL LAND OWNED IN CITY

Word has been received by Dr. A. M. Knapp from H. Clay Read of Texas, to the effect that oil ground owned by the Gold Coin Ass'n. of this city, in the famous Mexia oil field of Texas has now been definitely and positively proven as oil-producing ground. A strong gusher, he claims, has been brought in on the East side of the property, and another on the south side with a gas pressure of ten million feet. He reports much activity and excitement in that locality.

Mr. Read, who is a prominent oil man of the Mexia field of Texas, after extensive investigations of the Southern Oregon mining field, became substantially interested in the Gold Coin Quartz and Placer Ass'n. of this city, and by reason of such connection the ideal concern acquired the ownership of considerable Texas Oil property, which has suddenly become exceptionally valuable.

School-Teacher Needed Brains

"I never have had such a 'Godsend' come to me as when I took the first dose of May's Wonderful Remedy. I was afraid I would have to give up my school because of severe stomach, liver and bowel trouble which caused such a pressure of gas that I could not use my brain at times, and my heart would palpitate awfully. Since taking a treatment of May's Wonderful Remedy a year ago, all this has disappeared." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At all druggists.

DEDICATION AND DEBT BURNING AT LOCAL CHURCH

Sunday, January 15 will be one of the biggest days in the history of the Christian church in Medford. At that time it is the intention to clear the church of its debt, that has been pending since its erection, and to dedicate the church, which has never been done owing to the debt.

The day will open with a big Sunday school rally at 10 a. m. and special preparations are being made for the children.

At the regular morning service there will be an excellent musical program and a splendid sermon by Mr. Millard on "A Four Side View of the Church." At this service the balance of the debt, not already subscribed, will be raised. All former members of the church, now living elsewhere and cannot attend as well as friends who desire to contribute may send the amount to either D. E. Millard or to B. W. Paul.

The dedication of the church will occur in the evening together with the mortgage burning, and there will be a grand musical concert.

It is hoped every member of the church and the public generally will arrange to attend these excellent services.

NEW YEARS DAY DOINGS, PHOENIX

The New Year will be observed at Phoenix by special services, both morning and afternoon and evening at the church. A New Year's prayer service at 9:45 at the men's bungalow, followed by Sunday school at 10 o'clock. Rev. C. C. Hulet, of Ashland and recently from the Presbytery of Seattle, will be present to take part in the Sunday school hour, and also to give the address at the 11 o'clock church service. Good music.

At noon there will be a lunch in the children's bungalow, followed by a Sunday school Week's conference of officers, teachers and all others interested, at which Mr. Hulet and others from Ashland and Medford will be present and take part. Also a short meeting of the Phoenix church session shortly after noon. All those who can arrange to be at the afternoon meeting are heartily invited, and are asked to bring lunch. Plans and new ideas for the Sunday school for the new year will be discussed and are invited.

At 6:45 the New Year's meeting of the Christian Endeavor society, led by Miss Marie Malmgren of the University of Oregon. Following this there will be a New Year's Night meeting at 7:30 with songs and special music by the young people, and a New Year message to the pastor.

Next week there are to be meetings every night in the church at 7:30 except Friday and Saturday. On Friday evening the men's brotherhood will have its January meeting at Clyde Hall, with features of special interest to be announced later.

Way Down East Closes Tonight

At the Riato
Fights! You have seen a few rattling good ones in motion pictures before, but you've never seen anything like the ones in "The Man From Lost River," now playing at the Riato theatre.

The tang of the north woods is in this big drama. The hero, played by House Peters, is the boss of a lumber camp in a Sierra redwood forest, and you'll never know till the very end whether he's really a hero or villain.

CHRISTIANS AND S. METHODISTS BOTH VICTORIOUS

	L.	W.	P.C.
South Methodists	2	1,000	
Christians	2	1,000	
North Methodist	3	0	000
Baptists	0	0	000

The percentage count remained unchanged after last night's games. In the first game the South M. M.'s were rather an easy winner over the North brethren. The better team work of the former makes them look like first place material at present. There was some good individual play among their opponents, but they did not get together. Score South M. M. 31; North M. M. 19.

The Christians took a game from the Baptists, after a hot contest, the score standing 29 to 10 at the finish. The team work was not outstanding in either team.

Next game was Thursday night. The contests should be good, as 1,000 per centers meet as opponents, and also tail-enders.

NOW IS THE TIME TO USE SULPHUR

The time is drawing near when it will be too late to apply sulphur to alfalfa and get the desired benefit next season. The attention is called at this time to the farmers who expect to apply sulphur to their alfalfa as the best results cannot be obtained if it is not applied within the next thirty days. Plenty of sulphur is now on hand at the Farm Bureau Exchange, and every farmer who has alfalfa will do well to use about 100 pounds to the acre of all leguminous crops.

SOUND RUBBER COMPANY offers to you

Best Wishes for the NEW YEAR

In the year 1921, SOUND RUBBER COMPANY has accomplished four definite things:

FIRST: It has served more than twelve thousand car owners.

SECOND: It has formed new policies of far reaching benefit to the tire industry.

THIRD: It has established a substantial market in three states.

FOURTH: It has even improved a product previously tried and tested by months of satisfactory service.

A worthy achievement at any time, and doubly so in view of the fact that in every branch of our national life, 1921 has seen more changes than occur ordinarily in five years!

And this was done in SOUND RUBBER COMPANY'S first year of business!

This result, of which the COMPANY is justly proud, is due in part to the Company's determination to make SOUND TIRES the finest tires for Northwest users, and in part to the splendid support and ready acceptance which you have extended to a new product in a competitive field.

Your loyalty to a Northwest product, and your appreciation of a tire of the very highest quality have made possible the enlarged business for SOUND TIRES in 1922.

In return, SOUND RUBBER COMPANY pledges itself to maintain throughout the sterling quality of SOUND TIRES, and to serve your tire needs even better than ever before.

May 1922 bring you a generous measure of success in All Things!
