IF BACK HURTS USE SALTS FOR KIDNEYS

Eat less meat if kidneys feel like lead or bladder bothers you—Meat forms uric acid.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications. A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

Most of our farmers are hustling to get their 22 license for their motor vehicles and much complaint is heard on the excessive price they are forced to pay. Many who own larger cars that can't get out through the winter like the little lizale feel it an injustice to have to pay a much higher price for motor travel on the roads when they use them a great deal less. Many plans are being discussed among our levelheads as to means of bettering this condition. A very sensible and practical idea was offered by one of our good business men which seems to hold the majority favors it, was the idea of doing away entirely with the auto license and placing a tax on gasoline, thus equally taxing each one for travel on the roads and doing away with one man being the fiddler.
