IRELAND RATIFIES TREATY OF PEACE

DE VALERA BEATEN BY 64-57 VOTE

After Bitter Debate Lasting All Day Sinn Fein Parliament Ratifies Pact With England—Dramatic Scene Marks Close of Historic Conflict—DeValera Resigns.

DUBLIN, Jan. 7.—(By the Associated Press.)—The Dail Eireann tonight voted for ratification of the treaty creating the Irish free state. The vote was 64 to 57.

DUBLIN, Jan. 7.—(By the Associated Press.)—After the vote ratifying the Anglo-Irish treaty was taken Eamonn DeValera announced his resignation from the presidency of the Irish republic.

DUBLIN, Jan. 7.—(By the Associated Press.)—The party whips of the section of the Dail headed by Arthur Griffith in favor of the ratification of the Anglo-Irish treaty estimated at 5:20 o'clock this afternoon that out of 122 votes the supporters of the treaty would secure 63 or a majority of four.

On the other hand Austin Stack, minister of home affairs, a strong opponent of the treaty, declared this evening he believed the treaty would be rejected by a slender majority.

DUBLIN, Jan. 7.—(By the Associated Press.)—The Dail Eireann adjourned this afternoon until 7:30 o'clock. It is expected the vote on the treaty will be taken at 9 p. m.

Burgess Is Heckled

It was reported as the afternoon session was beginning that Dr. Patrick McCartan of Kings county, a staunch republican, had decided to vote for the treaty.

Minister of Defense Burgess began his speech against the treaty at 5 p. m.

Burgess said he had been asked to define the position of Michael Collins in the army and the number of fights in which Collins had been engaged and reluctantly he was going to do this. Collins at this rose to a point of order to ask if the Dail was discussing the treaty or the minister of finance. He added, however, that he did not object to being discussed.

The minister of defense attacked in turn various deputies who supported the treaty, his speech dealing largely in personalities. Collins' friends continued to interrupt Burgess, drawing sharp retorts.

Arthur Griffith made the final argument for the treaty. He began speaking at 7:30 o'clock. His speech was frequently interrupted by applause.

MARY GARDEN'S LIFE THREATENED, CHICAGO POLICE TO THE RESCUE

CHICAGO, Jan. 7.—The life of Mary Garden, director in chief of the Chicago Grand Opera company, has been threatened and she will be given police protection, according to Charles Fitzmorris, chief of police.

Yesterday Miss Garden sent word to Chief Fitzmorris, telling him she wished to see him. No mention of a threat was made by the messenger sent to the city hall but Miss Garden last night admitted receiving a letter threatening her life.

Death Threats Sent Senators Supporting Newberry, Michigan

WASHINGTON, Jan. 7.—Charges that threats had been made by certain interests to coerce senators to vote against seating Senator Newberry of Michigan were made today by Senator Townsend of that state in the course of an extended defense of his colleague in the senate.

Senator Townsend declared he had received letters threatening him with death if he attempted to speak for Senator Newberry or voted to keep him in the senate. "And what will it cost in millions of dollars," he asked, "if this attempt to coerce those senators standing with Newberry is carried out? I have seen printed circulars sent out to the people of my state urging them to get in touch with me and defeat me if I speak or vote for Senator Newberry."

MEXICO ASKED TO EXPLAIN HER CHURCH SEIZURE

State Department Sends Inquiry to Mexican Govt.—Seizure of Property Owned By Southern Baptists Must Be Satisfactorily Explained.

WASHINGTON, Jan. 7.—The state department has instructed the American embassy at Mexico City to request of the Mexican government an explanation of seizure by the municipality of Saltillo of property of the foreign mission board of the Southern Baptist convention concerning which protest has been made to the department by Senator Harris of Georgia. The seizure included the property operated by the mission board as a girl's school.

Under Secretary of State Fletcher in a statement today said that preliminary investigations by the American consul at Saltillo indicated that the municipality had decided to restore the property and that no reasons were assigned by the local authorities for their action.

Mr. Fletcher suggested that the mission board resort at once to legal remedies in an attempt to recover the property. He explained that a claimant or complainant against a foreign government is not ordinarily entitled to call upon his own government until he has exhausted such legal efforts in the country concerned.

The seizures, according to Senator Harris, took place during the revolution about two years ago.

MARY GARDEN'S LIFE THREATENED, CHICAGO POLICE TO THE RESCUE

CHICAGO, Jan. 7.—The life of Mary Garden, director in chief of the Chicago Grand Opera company, has been threatened and she will be given police protection, according to Charles Fitzmorris, chief of police.

Yesterday Miss Garden sent word to Chief Fitzmorris, telling him she wished to see him. No mention of a threat was made by the messenger sent to the city hall but Miss Garden last night admitted receiving a letter threatening her life.

Her story this is: "A few days ago she received a box and a letter. In the box was a pistol and a carton containing nine cartridges.

"Three of the bullets were missing, others had been cut into dum dum bullets," she said last night. "In a letter the fellow said the missing three were meant for me and that he hoped to soon see my body floating down the Chicago river."

What Chief Fitzmorris is doing he refused to divulge.

PARIS WILD OVER RESULT AT CANNES

Dealings With Germany and Russia Arouse French Press to High Pitch of Fury—Claim Lloyd George Determined to Ruin France—See Alsace Taken Next.

CANNES, Jan. 7.—(By Associated Press.) Great Britain may enter into an agreement to guarantee the security of France in the event of an unprovoked attack by Germany. This was reliably reported in British circles at the allied supreme council meeting here this evening.

PARIS, Jan. 7.—(By the Associated Press.)—Disappointment and skepticism were the mildest emotions aroused in France by the first day's developments at the supreme council conference in Cannes, judging from the press comment. L. Escard, which is generally credited with representing Premier Briand, says:

Mr. Lloyd George has spoken. He leads the way and the representatives of the allies follow as a subject follows the hypnotist. As he had announced, he subordinated the question of reparations so that of the reconstruction of Europe so that Germany can find in Russia the money she owes us. It is a well known proceeding. It is that followed by all financial adventurers. When the company is unable to meet its obligations, a new one is formed in which the capital of the old one is drawn.

The newspaper concludes: "The plot is well designed. We are put to sleep so Lloyd George can strip us at his leisure. The pan-German concert is always up to strength if we give up the Rhine, Alsace-Lorraine will be required of us tomorrow in the name of pacifism."

The Figaro, organ of conservative opinion, remarks: "The first results at Cannes are frankly bad. Lloyd George went easily all along the line—a great financial and economic conference is to be called at Turin or Genoa, where the French premier may exchange views on the reconstruction of Europe with Lenin and Dr. Wirth. Meanwhile the inhabitants of our so-called liberated regions continue to live in their huts."

May Invite Germany.—(By the Associated Press.)—Germany may be asked to send a representative to Cannes for consultation with the allied supreme council on the subject of German reparations, a leading delegate at the council meeting announced this afternoon.

Meanwhile, it was learned today, the experts dealing with the subject of German reparations have agreed on a plan for partial remission of cash payment, a system known as TAON NUNN, involving the payment of 500,000,000 gold marks in cash and 1,000,000,000 gold marks in kind each year.

The solution of the Turkish problem and consideration of the Angora treaty were gone into further this forenoon when the premier and foreign ministers held an informal discussion.

It was indicated today that great efforts would be put forth to dispense of the Angora question by Tuesday and if possible conclude the supreme council's work by Tuesday or Wednesday morning.

Hughes' Example Followed.—Many of the delegates attribute the quick results of yesterday's meeting to the example set by the Washington conference. They point out that Mr. Lloyd George's program was presented and accepted with the same suddenness and speed as the opening proposals of Secretary of State Hughes at the armament gathering.

The question of reparations will occupy almost the entire time of the conference Monday and the delegates are hopeful that a decision will be reached at the end of one day's consideration of the subject. The experts this forenoon began discussion as to how the first billion marks paid by Germany last August should be divided.

MAY BE QUEEN OF ALBANIA

Mrs. Jerome Napoleon Bonaparte

New York may shortly contribute a king and queen to European royalty. It is rumored that the Albanian government which has been ruled by four regents appointed by parliament since William of Wied fled to Switzerland at the outbreak of the World War, is seeking Jerome Napoleon Bonaparte, of New York, as king. Three high commissioners of the Balkan nation recently were delegated by its parliament to find a candidate free from entanglement of European politics, possessed of the friendship and confidence of America and of independent means. Added to these qualifications Bonaparte is a descendant of a powerful ruling house. The only disadvantage to his candidacy is that he is married, whereas Albania would prefer a bachelor king. His wife is the former Mrs. Blanche Pierce Strebeign. They were married in 1914. Bonaparte is said to have had three conferences on the subject in the last few weeks with A. J. Chebrevi, one of the three high commissioners, who is in this country in fulfillment of his mission. Jerome Napoleon Bonaparte is a descendant of Elizabeth Patterson, of Baltimore, who was married in this country to Jerome Bonaparte after his exile from France by Napoleon Bonaparte. Jerome Bonaparte later became king of Westphalia and remarried in Europe, Westphalia refusing to recognize his American wife.

PORTLAND, Ore., Jan. 7.—Fight followers here were today discussing the question whether Bill Tate is now colored heavyweight champion boxer, in view of the decision he won over Harry Wills Monday on a foul, followed by the draw last night in their fight at Milwaukie. Paddy Mullins, Wills' manager, protested that the draw does not entitle Tate to the championship. Mullins asserted that last night's fight, at which no admission was charged, was Monday's fight all over again, and that by fighting it, the two completely cancelled Monday's battle. Sporting writers here, however, are inclined to the view that Tate is now technically the champion.

PORTLAND, Ore., Jan. 7.—Harry Wills of New York and Bill Tate of Chicago, fought a ten round draw, here last night before a record crowd. The two men fought New Year's Day when Tate was awarded the decision on a foul. Last night's match was held to decide which was the better man. At Houston—Pal Moran, New Orleans, outpointed Willie Doyle, New York, in a ten round bout, sports writers agree. IRISH PAPERS SCORE VALERA'S GRANDSTANDING

Sinn Fein Press a Unit in Condemnation of Irish President's Resignation Bluff—Declare People Not Misled—Treaty Must Be Passed.

DUBLIN, Jan. 7.—(By the Associated Press.)—A vote of surprise and anxiety over the chances for peace prevailed in Ireland today as the result of Eamonn DeValera's unexpected action yesterday in resigning as president of the Irish republic.

Few among the Irish people are willing to doubt the sincerity of his action but the general regard for him does not prevent many expressions of regret at his course. In the view of supporters of the peace treaty, his action has seriously imperilled the chances for peace. It was the opinion of several members of the Dail that a vote on the treaty would be taken before 7 o'clock tonight.

That acceptance of the treaty is considered paramount, despite the general respect for Mr. DeValera, is shown by the comments in the morning papers which appealed to the people over the president's head. "The people are not to be misled," said the Freeman's Journal. "They have read the treaty; they have read documents two and three. They are simply shocked that it should be proposed to plunge them into turmoil for differences between the proposals and the treaty, and sooner or later the people will decide."

The Irish Independent says: "Mr. DeValera said very properly that he could not allow personal considerations of any sort to have anything to do with the situation and then dramatically announced his resignation. It is true that he said he had decided to take that step because of fundamental differences in the cabinet, and later withdrew his resignation on the understanding that a vote on Arthur Griffith's motion for approval of the treaty would be taken today.

"Undoubtedly the incident has raised the personal issue and, taking circumstances into account, we do not think the main proposition should have been complicated by introduction of the question of resignation."

POISON GAS IS OUTLAWED BY POWERS

England, France, Japan, Italy and United States Adopt Resolution Prohibiting Use of Lethal Weapons—Will Probably Delay Regulation of Aircraft.

WASHINGTON, Jan. 7.—(By the Associated Press.)—Poison gas as an instrument of warfare is outlawed today by Great Britain, Japan, France, Italy and the United States through their representatives in the Washington conference approved the American proposal to prohibit the use of that weapon.

After the adoption of the anti-gas resolution the armament committee took up the report of the subcommittee on aircraft limitation but reached no conclusion on that matter. The aircraft discussion will be continued Monday.

On the question of aircraft the subcommittee reported that it was deemed impossible to limit the size or characteristics of aircraft other than lighter than air machines, and that the question of restricting aircraft in war in its opinion should be left open for a future conference.

Italy Against Aircraft.—When the subject of aircraft was taken up Senator Schanzer, head of the Italian delegation, expressed the view that the conference should, despite the subcommittee report take some action looking toward limitation of aircraft as implements of war.

Mr. Bailour, in expressing assent for the British delegation to the poison gas resolution was understood to have stated that Great Britain, while agreeable to the proposal to prohibit the use of that weapon, must, however, keep in touch with developments in chemical warfare so as to be prepared should war arise with any of the nations not represented in the Washington conference.

Lord Lee of the British delegation asked if there was any other business to be discussed at the Monday meeting. Chairman Hughes replied there was a third sub-committee, that on the rules of warfare which had not yet submitted its report.

Senator Schanzer told the committee he thought the conference ought to adopt a resolution against bombing of open towns. No further action, however, was taken.

The prevailing impression among delegates was that all the business respecting armament could be finished in two or three days more, leaving only Chinese and Siberian questions to be closed.
